9. QUESTION: (INCLUDE SCENARIO IF NEEDED FOR CLARITY):

On page two and three of the ACIN it states that: "The MOU must provide that the written consent to be obtained from the applicant will contain statements that the applicant is aware that they are consenting to the sharing of the NSLP application with the local CalFresh agency for purposes of determining eligibility for the CalFresh program, that the NSLP application and the information contained therein is confidential and will not be shared with any other office or for any other purpose beyond enrollment in the CalFresh program, that participation in the CalFresh program is strictly voluntary and that the CalFresh agency will provide the applicant with a CalFresh application for the purposes of enrollment in the CalFresh program."

The redesigned NSLP application does not meet the highlighted portion of this criteria, so how can we have the school district sign an MOU that requires it if the form that has been given to them to use does not meet this requirement?

10. REQUESTOR'S PROPOSED ANSWER:

No proposed answer

11. STATE POLICY RESPONSE *(CFPB USE ONLY)*:

The CWD has the option to add any criteria to the MOU that they and the LEA wish add, above and beyond what is required in the ACIN. As long as no requirements are removed from the ones listed in the letter, they may be worded as needed to allow for the difference between the two types of free/RP applications. For example, the CWD could arrange with the LEA to include the remaining information required by the ACIN on a separate sheet.
