Provider Information Notice (PIN) Summary

PIN 18-09-ASC-CCR provides a reminder to all Continuing Care Providers and interested parties of the requirements of a Comprehensive Disaster Preparedness plan for each Continuing Care Retirement Community.

Health and Safety Code (H&SC) section 1771.10 requires Continuing Care Retirement Community (CCRC) Providers to adopt a Comprehensive Disaster Preparedness Plan (Plan) specifying policies for evacuation, relocation, continued services, reconstruction, organizational structure, insurance coverage, resident education and plant replacement.

Additionally, H&SC section 1776.3 requires that the Plan be updated at least every three years and a copy must be submitted to the Department. Copies must also be made available to residents in a prominent location in each CCRC.
