● **July Methodology:** Enforcement of violations began 7/1/2016. July 2016 data only includes providers who incurred violations in the first half of the month. Violations for services provided July 16-July 31 are represented in August data.

● **August Methodology and Subsequent Months:** Violations are tracked in the month they are triggered by a submitted timesheet regardless of service period. For example, timesheets for services between July 16-July 31 were not submitted until after August 1. All violations on these timesheets were counted in August.

Note: As of 8/31/2016, there was only one provider with two violations.
