

D. CALIFORNIA DEPARTMENT OF REHABILITATION

The Department of Rehabilitation (DOR) assists Californians with visual impairments in obtaining and retaining employment and maximizing their ability to live independently in their communities. The DOR also provides Americans with Disabilities Act (ADA) technical assistance and training and funds 29 Independent Living Centers, which offer information and referral services to assist individuals with disabilities so they may live active, independent lives.

The DOR has Specialized Blind Field Services which include assessment and counseling, adjustment to vision loss services, training and education, assistive technology training and job retention services. A phone listing for these Specialized Blind Field Services programs, by region, will be referenced later in this section.

Although all DOR offices assist all consumers, some of the offices have counselors for the blind. A "(B)" included in an address designates it as a "home" office of rehabilitation counselors for the blind. These offices are listed by county and the general website is located at: www.dor.ca.gov/eps/index.htm. For persons that have a hearing loss, in addition to a visual impairment, there are teletypewriter phones (TTYs) at some of these offices. The contact information for all DOR offices is listed below by county.

ALAMEDA COUNTY OFFICES

www.dor.ca.gov/eps/drAlamed.htm

Berkeley Branch (B)
