**SUPPLEMENT TO THE RATE REQUESTS FOR DUAL AGENCY  
AFDC-FC, AAP AND KIN-GAP CHILDREN  
QUARTERLY STATISTICAL REPORT  
FC-AAP-KG 84 (1/14)**

**INSTRUCTIONS**

**CONTENT**

The Supplement to the Rate Requests for Dual Agency Aid to Families with Dependent Children-Foster Care (AFDC-FC), Adoption Assistance Program (AAP) and the Kin-GAP Program (KG) Quarterly Statistical Report (FC-AAP-KG 84) requires statistical information on the number and nature of supplement to the rate requests for dual agency AFDC-FC, AAP or Kin-GAP children, subsequent appeals regarding denied supplement to the rate requests and supplement to the rate requests changed from being denied to being authorized.

**PURPOSE**

In 2007, the California Legislature passed SB 84 (Chapter 177, Statutes of 2007), which requires the California Department of Social Services (CDSS) and the California Department of Developmental Services (DDS) to report semi-annually to the Legislature data collected on the number and nature of supplement to the rate requests. The supplement to the rate is established by Welfare & Institutions Code (W&IC) Section 11464(c)(2)(A). In 2010, the California Legislature passed AB 12 (Chapter 559, Statutes of 2010), which included Kin-GAP children as part of the dual agency program. The FC-AAP-KG 84 report provides CDSS with information about the number of requests received for a supplement to the rate under the AFDC-FC, AAP or Kin-GAP programs, including the levels of the supplement to the rate requests authorized. It also collects similar information regarding appeals on the supplement to the rate requests that were initially denied and the number of the supplement to the rate requests authorized upon appeal. This report also provides county, state and federal entities with information needed for budgeting, staffing and program planning.

**COMPLETION AND SUBMISSION**

Each county is responsible for ensuring that this report is fully and accurately completed. If portions of the report are completed by more than one entity within the county and/or outside agencies, the single contact person for each county responsible for submitting the one report to the state shall review the report for completeness and accuracy prior to submittal.

Counties that are licensed to provide adoption services will provide their AAP data to their county's single contact person to submit in the county's one report.

Counties that are not licensed to provide adoption services will receive their completed AAP paperwork from the CDSS Adoptions District Office that handles their county's adoptions. The counties will then provide the AAP data to their single contact person to submit in the county's one report.

If the county determines that a revision is needed to its previously submitted report, the county will submit a revised report for the applicable quarter(s) and provide an explanation for the revision in the Revised Report Explanation box. CDSS policy requires counties to revise current State Fiscal Year (FY) reports, and two prior FYs, if needed. Revisions involving additional fiscal years will be evaluated by CDSS and the county to determine the corrections needed.

Download an Excel version of the report form from <http://www.cdss.ca.gov/dssdb/>, complete the downloaded form, and e-mail to CDSS, Data Systems and Survey Design Bureau (DSSDB) at [admfcaap84@dss.ca.gov](mailto:admfcaap84@dss.ca.gov). The electronic form process contains automatic computations of some cells and easy e-mail transmission of completed forms to DSSDB. The website contains specific instructions and guidance.

If you have questions regarding the completion or submission of this report, contact DSSDB at (916) 651-8269. The statewide and county specific data is available on the CDSS, Research and Data Reports (RADR) website at <http://www.cdss.ca.gov/research/>. Counties are encouraged to review their data on the website each quarter to confirm the county's data matches the data on file at CDSS. For reference purposes, the report form, instructions and validations can be downloaded from the RADR website at <http://www.cdss.ca.gov/research/>.

## DEFINITIONS

AAP: Adoption Assistance Program (AAP) grants are monthly, per child cash grants to assist families that have adopted a special needs child from Foster Care.

AFDC-FC: Aid to Families with Dependent Children-Foster Care (AFDC-FC) is the provision of 24-hour care and supervision to a child who has been placed in out-of-home care by the county welfare department or the probation department.

Appeals: Appeals are filed regarding denials for new supplement to the rate requests or appeals are filed regarding denials for a change request on a previously authorized supplement to the rate request.

Authorized: The authorization of a new supplement to the rate request or an authorization for a change request for an existing previously authorized supplement to the rate.

California Regional Center: A California Regional Center is an agency that provides evaluations assessments, care management and services for individuals with developmental disabilities who are residents of the State of California.

Change Requests: Change requests are requests to change a previously authorized supplement to the rate, e.g. asking that a Level II - \$500 supplement to the rate amount be increased to a Level III - \$750 supplement to the rate amount.

Children (AFDC-FC): A child under 19 years of age who continues to attend high school or the equivalent level of vocational or technical training on a full-time basis, or is pursuing a high school equivalency certificate, and may reasonably be expected to complete their education by their 19<sup>th</sup> birthday.

Children (AAP): A child adopted from the foster care system and under 18 years of age, or under 21 years of age and has a mental or physical handicap that warrants the continuation of assistance.

Completed: A supplement to the rate request or supplement to the rate change request that has either been authorized or denied.

Denials: Denials are the supplement to the rate requests that are not authorized for any level and therefore determined not eligible for a supplement to the rate, or denials are supplement to the rate change requests that are not authorized for a different level.

**DEFINITIONS (Continued)**

Dual Agencies: The California Department of Social Services (CDSS) and the California Department of Developmental Services (DDS).

Dual Agency Children: A dual agency child is a child in a foster care home, a child in adoptive placement, or adopted from the foster care system, who receives AFDC-FC, AAP or Kin-GAP benefits and who is concurrently a consumer of California Regional Center services due to a developmental disability, as defined by the Lanterman Act, and/or children receiving services under the California Early Start Intervention Services Act. Children under three years of age are not eligible for the supplement to the rate.

Early Start Intervention Services, California: The California State Legislature passed the California Early Intervention Services Act (CEISA) in 1993 (CEISA; 14G.C. Section 95000, et seq.). CEISA established state authority to develop an early intervention service system that was congruent with federal requirements. DDS plans, develops, implements and monitors the statewide early intervention services system in collaboration with the California Department of Education (CDE) and with the advice and assistance from the State Interagency Coordinating Council (ICC). The California Department of Health Care Services (DHCS) and CDSS cooperate and coordinate with DDS and CDE in the delivery of early intervention services.

Kin-GAP: The Kinship Guardianship Assistance Payment (Kin-GAP) Program offers a subsidy to a minor or non-minor dependent that leaves the juvenile court system via guardianship with a relative caregiver who was assessed and approved as meeting the criteria in Welfare and Institutions Code Section 361.4 and lived with the relative caregiver for at least six months while a court dependent. The subsidy is 100% of the basic foster care rate, based upon age and any other rate the minor or non-minor dependent would have received while in foster care as well as a clothing allowance. Kin-GAP recipients are categorically eligible for Medi-Cal benefits when residing in California. Kin-GAP payments continue and eligibility for Medicaid is available when the recipients reside outside of California.

Lanterman Act: The Lanterman Developmental Disabilities Act (AB 846), also known as the Lanterman Act, is a California law, initially proposed by Assembly Member Frank D. Lanterman in 1973 and passed in 1977, that gives people with developmental disabilities the right to services and supports that enable them to live a more independent and normal life.

Levels: The supplement to the rate structure has four levels established in increments of \$250, \$500, \$750 and \$1,000.

Supplement to the Rate: This is a supplement to the dual agency rate, broken into four levels, not to exceed one thousand dollars (\$1,000) for dual agency children three years of age and older if it is determined the child has extraordinary care and supervision needs that cannot be met within the \$2,006 dual agency rate.
