FOSTER CARE QUARTERLY STATISTICAL REPORT SOC 405E (7/08)

This letter transmits the Outcomes for Nonminor Dependents Child Welfare Youth Exiting Foster Care Quarterly Statistical Report (SOC 405X), and the Outcomes for Nonminor Dependents Probation Foster Youth Exiting Foster Care Quarterly Statistical Report (SOC 405XP), and their instructions and validation rules. The SOC 405X and SOC 405XP are new data reports, which replace the current Exit Outcomes for Youth Aging Out of Foster Care Quarterly Statistical Report (SOC 405E).

Effective with the April through June 2015 report quarter, county child welfare departments and probation departments are required to submit either the SOC 405X or SOC 405XP automated data reports to the California Department of Social Services (CDSS). The new reports will collect statistical information on foster youth who exit foster care while under the supervision of child welfare agencies and probation departments. Probation departments have the option of submitting their data directly to CDSS, but are encouraged to work closely with their county child welfare agencies to establish a best practice standard for their counties.

The California Fostering Connections to Success Act (AB 12) was signed into law September 30, 2010, and allows California to extend foster care up to age 21 for youth who meet the federal participation eligibility criteria. In California, youth 18 years old and over in foster care are designated as NMDs. The SOC 405X and SOC 405XP reports were created to capture the outcomes for NMDs exiting foster care. Both of these reports collect data to measure program performance in meeting state and federal issuance standards.

Please note that the SOC 405X report is to be used to collect data for youth exiting foster care while under the supervision of the child welfare agency and the SOC 405XP report is to be used to collect data for youth exiting care while under the supervision of the probation department.

Child welfare agencies and probation departments are required to use the SOC 405X and SOC 405XP (04/15) forms beginning with the April - June 2015 report quarter. This change must be made regardless of consortia automation status. Policy changes should be automated into the consortia systems by the effective date of the new law, or a process must be put in place to meet the requirements of the policy change until necessary automation changes are completed. These reports are due on or before the 20th calendar date of the month following the report quarter. For example, the April – June 2015 report is due on or before July 20th, 2015.

To complete the electronic forms, county child welfare agencies and probation departments are to download a copy of the SOC 405X and SOC 405XP forms from the CDSS Data Systems and Survey Design Bureau (DSSDB) website by using the following link: <http://www.cdss.ca.gov/dssdb/>. All counties are required to submit the reports via e-mail to DSSDB at admsoc405x@dss.ca.gov or admsoc405xp@dss.ca.gov. The SOC 405X and SOC 405XP forms, instructions and validation rules and edits are attached in PDF format as reference material.

**OUTCOMES FOR NONMINOR DEPENDENTS CHILD WELFARE YOUTH EXITING FOSTER CARE
QUARTERLY STATISTICAL REPORT
SOC 405X (04/15)**

INSTRUCTIONS

CONTENT

The Outcomes for Nonminor Dependents Child Welfare Youth Exiting Foster Care Quarterly Statistical Report collects information on all Nonminor Dependents (NMDs) for which the county has jurisdiction and who in the report quarter have exited foster care or Extended Foster Care (EFC). The information entered on each youth is based on what is known about the youths' status at the month of exiting foster care or EFC in the following five age categories: Youth Who Exit at Age 18 (or legally emancipate before age 18); NMDs Age 18; NMDs Age 19; NMDs Ages 20-21 and Re-Entry NMDs Ages 18-21.

PURPOSE

In 2010, the California Legislature passed the California Fostering Connections to Success Act, Assembly Bill (AB) 12 (Chapter 559, Statutes of 2010). This bill allows California to implement provisions of Public Law (PL) 110-351. One of the provisions of AB 12 allows California to extend foster care benefits up to age 21 for youth who meet the federal participation criteria for eligibility. A workgroup comprised of members representing the County Welfare Directors Association (CWDA) and the California Department of Social Services (CDSS) developed the Outcomes for Nonminor Dependents (Child Welfare Youth) Exiting Foster Care Statistical Report, which allows for measurement of program performance in meeting state and federal issuance standards. In addition, this report provides county, state, and federal entities with information needed for budgeting, staffing and program planning.

COMPLETION AND SUBMISSION

The County Welfare Department (CWD) is responsible for ensuring that this report is fully and accurately completed. If portions of the report are completed by more than one entity within the CWD and/or outside agencies, the contact person responsible for submitting the report to the state shall review the report for completeness and accuracy prior to submittal. Reports are to be received on or before the 20th calendar day of the month following the report quarter. If the report's due date is on a Saturday, Sunday or state holiday, the report is due on the next business day.

If a county determines that a revision is needed to its previously submitted report, the county shall submit a revised report for the applicable quarter(s) and provide an explanation for the revision in the Revised Report Explanation box. The CDSS policy requires counties to revise current State Fiscal Year (FY) reports and two prior FYs, if needed. Revisions involving additional FYs will be evaluated by CDSS and the county to determine the corrections needed.

Download an Excel version of the report form from <http://www.cdss.ca.gov/dssdb/>, complete the downloaded form and e-mail to CDSS, Data Systems and Survey Design Bureau (DSSDB) at admsoc405x@dss.ca.gov. The electronic submission process contains automatic computation of some cells and provides for the e-mail transmission of completed forms to DSSDB. The website contains specific instructions and guidance. If you have questions regarding completion or submission of the report, contact DSSDB at (916) 651-8269.

For reference purposes, copies of the report form, instructions and validations can be downloaded from the CDSS Research and Data Reports website at <http://www.cdss.ca.gov/research/>. The report's released quarterly statewide and county-specific data is also available on the website.

For each item, the information entered on each youth is based on **what is known about the youth’s status at the month of exiting foster care or EFC.** Each youth should be counted in only **one** of the designated columns. If an NMD has had two or more exits in the same quarter (including an initial exit and a subsequent exit after re-entry), only the last exit is reported in Column E.

QUARTERLY STATISTICAL REPORT
SOC 405XP (04/15)**

INSTRUCTIONS

CONTENT

The Outcomes for Nonminor Dependents Probation Foster Youth Exiting Foster Care Quarterly Statistical Report collects information on all Nonminor Dependents (NMDs) for which the county probation department has jurisdiction and who in the report quarter have exited foster care or Extended Foster Care (EFC). The information entered on each youth is based on what is known about the youth's status at the month of exiting foster care or EFC in the following five age categories: Youth Who Exit at Age 18 (or legally emancipate before age 18); NMDs Age 18; NMDs Age 19; NMDs Ages 20-21 and Re-Entry NMDs Ages 18-21.

PURPOSE

In 2010, the California Legislature passed the California Fostering Connections to Success Act, Assembly Bill (AB) 12 (Chapter 559, Statutes of 2010). This bill allows California to implement provisions of Public Law (PL) 110-351. One of the provisions of AB 12 allows California to extend foster care benefits up to age 21 for youth who meet the federal participation criteria for eligibility. A workgroup comprised of members representing the County Welfare Directors Association (CWDA) and the California Department of Social Services (CDSS) developed the Outcomes for Nonminor Dependents (Probation Foster Youth) Exiting Foster Care Statistical Report, which allows for measurement of program performance in meeting state and federal issuance standards. In addition, this report provides county, state, and federal entities with information needed for budgeting, staffing and program planning.

COMPLETION AND SUBMISSION

Depending on the practice within the county, probation departments have the option of submitting their data directly to CDSS, or may submit the data to the child welfare agency which will submit the data to CDSS. Regardless of which entity submits the data, the county agency is responsible for ensuring that this report is fully and accurately completed. If portions of the report are completed by more than one entity within the probation department, the child welfare agency, and/or outside agencies, the contact person responsible for submitting the report to the state shall review the report for completeness and accuracy prior to submittal. Reports are to be received on or before the 20th calendar day of the month following the report quarter. If the report's due date is on a Saturday, Sunday or state holiday, the report is due on the next business day.

If a county agency determines that a revision is needed to its previously submitted report, the county probation department shall submit a revised report for the applicable quarter(s) and provide an explanation for the revision in the Revised Report Explanation box. The CDSS policy requires counties to revise current State Fiscal Year (FY) reports and two prior FYs, if needed. Revisions involving additional FYs will be evaluated by CDSS and the county to determine the corrections needed.

Download an Excel version of the report form from <http://www.cdss.ca.gov/dssdb/>, complete the downloaded form and e-mail to CDSS, Data Systems and Survey Design Bureau (DSSDB) at admsoc405xp@dss.ca.gov. The electronic submission process contains automatic computation of some cells and provides for the e-mail transmission of completed forms to DSSDB. The website contains specific instructions and guidance. If you have questions regarding completion or submission of the report, contact DSSDB at (916) 651-8269.

For reference purposes, copies of the report form, instructions and validations can be downloaded from the CDSS Research and Data Reports website at <http://www.cdss.ca.gov/research/>. The report's released quarterly statewide and county-specific data is also available on the website.
