ALL-COUNTY INFORMATION NOTICE I- 48-80

SEE PUBLICATION

TO: ALL COUNTY WELFARE DIRECTORS

SUBJECT: CALIFORNIA'S SIX-MONTH QUALITY CONTROL - CORRECTIVE ACTION PLAN
OCTOBER 1978 - MARCH 1979

REFERENCE:

Attached is a copy of California's latest report to the Department of Health, Education, and Welfare on AFDC Quality Control-Corrective Action. The report contains California's AFDC error findings and sections on analysis and corrective action activities.

I expressed to you last September my concern about the substantial increase in the AFDC error rate for October 1978 - March 1979. At that time, I also pledged my support to cooperative error reduction efforts and communicated my expectation for renewed county efforts to ensure maintenance of California's traditionally low error rate. I am pleased to report that state findings for the April-September 1979 period indicate that the error rate has dropped to 3.8 percent. I am encouraged that the October 1978 - March 1979 increase appears to have been a one-time occurrence.

Sincerely,

MARION J. WOODS

Director
