SUBJECT: 2001 REGIONAL MARKET RATE CEILINGS

This letter transmits the 2001 Regional Market Rate (RMR) ceilings for California child care providers and instructions to use such rates. The California Child Care Resource and Referral Network (Network) determined the RMR ceilings based on the results of a statewide survey of 15,441 child care providers. These rate ceilings are used for the California Work Opportunity and Responsibility to Kids (CaWORKs) child care program and various programs administered by the California Department of Education (CDE). Although the 2001 RMR ceilings became effective on July 1, 2001, counties have 30 days from the date of this letter to begin implementing the new rates.

The RMR ceilings represent the maximum that each particular program may pay for child care. If a provider charges less than the rate ceiling, counties can only pay the rate that is charged. However, should the actual cost of child care exceed the rate ceiling, parents are responsible for the difference in cost if they want to use that particular child care provider.

Attachment I contains instructions for using the RMR. There are two changes to the 2001 RMR ceilings that may affect providers serving children with disabilities. A new adjustment factor 'Children with Exceptional Needs', which is 1.2 times the RMR, is added to cover children with less severe disabilities. The definitions for both 'Children with Exceptional Needs' and 'Severely Handicapped Children' have also been changed. The new definitions require children for which an adjustment factor is claimed to have an Individualized Education Plan (IEP) or an Individualized Family Service Plan (IFSP).

Attachment II is the RMR document. The "N" noted beneath the rates for Child Care Centers and Family Day Care Homes represents the number of providers in that county that responded for that age group and rate category. The sub-regional rates for Ventura and Yolo Counties are found in the back portion of the RMR document.

Attachment III is a Worksheet to Determine Reimbursement for Registration Fees (CDFS9525) provided as a courtesy by the Department of Education. Counties could

substitute CDFS9525 by their own worksheet. A provider's one-time registration fee, or a portion thereof, may be reimbursed if the provider's rate plus a prorated amount of the fee is within the RMR ceiling. Form CDFS9525 is used to determine the amount of a provider's registration fee that is reimbursable. If a provider's rate is already at the RMR ceiling, then NONE of the registration fee is reimbursable.

Attachment IV is the Regional Market Rate instructions from the Department of Education.

If you have any questions or concerns regarding the 2001 RMR ceilings, please contact your county analyst in the Child Care Programs Bureau at (916) 657-2144.

Sincerely,

## INSTRUCTIONS FOR USING THE REGIONAL MARKET RATE CEILINGS FOR CALIFORNIA CHILD CARE PROVIDERS

The maximum amount payable for child care in CalWORKs Stages I, II and III child care is 1.5 standard deviations above the mean market rate. This is approximately 93 percent of the range of costs for child care in a given region. Counties are not bound by the rate ceiling when there are no more than two child care providers of the type needed by the client in the region.

### **GUIDELINES**

The following guidelines may be used when determining the provider reimbursement rate:

- Hourly rates should not be paid for full-time care,
- Hourly rates or daily charges for part-time care should only be paid up to the full-time weekly rate, and
- Two hours of care or less per day should only be paid up to the hourly rate multiplied by the hours of care.

### **DEFINITIONS**

- **Child Care Centers** are licensed facilities, other than family day care homes, where care is provided for children in a group setting.
- **Family Day Care** is care provided by a licensed provider in the provider's own home.
- **In-Home/Exempt Care** is any child care arrangement that is exempt from child care licensing requirements.
- **Part-time (PT) Care is-**
  - 1) Less than six hours per day, or
  - 2) Less than 30 hours per week, or
  - 3) Less than 126 hours per calendar month, based on a 21-day month.
- **Full-time (FT) Care is-**
  - 1) Six hours or more per day, or
  - 2) 30 hours or more per week, or
  - 3) 126 hours or more, based on a 21-day month.

## **Care for Children with Disabilities**

There are two adjustment factors covering children with disabilities, who are identified with an Individualized Education Plan (IEP) and Individualized Family Service Plan (IFSP). Providers caring for children with disabilities as defined below may receive the following adjustment factors for the cost of 'special and appropriate services for each child' (Education Code 8265.5). Typically, such special services are those that go beyond reasonable accommodations.

- **Children with Exceptional Needs** - children with either an active IEP or IFSP who are receiving appropriate special education/early intervention services. These children may be developmentally disabled, hard of hearing, deaf, speech impaired, visually handicapped, seriously emotionally disturbed, orthopedically impaired, other health impaired, deaf-blind, multi-handicapped or children with specific learning disabilities, who require the special attention of adults in a child care setting. Services to children in this category may be allowed the 1.2 adjustment factor.
- **Severely handicapped children** - children with either an active IEP or IFSP who in addition require instruction and training in programs serving pupils with the following profound disabilities: autism, blindness, deafness, severe orthopedic impairments, serious emotional disturbance or severe developmental disability. Services to children in this category may be allowed the 1.5 adjustment factor.

According to the Americans with Disabilities Act (ADA), child care providers may not set a higher rate that applies categorically to children with disabilities. Providers may, on a case-by-case basis, negotiate a higher rate with parents for the costs of accommodations that exceed 'reasonable accommodations' as defined by the ADA. Providers should not adjust their rates charged to parents using the adjustment factors defined above.

- **Evening/Weekend Care** is child care provided after 6:00 p.m. and before 6:00 a.m. on weekdays and during any hours on the weekend. An adjustment factor of 1.24 is allowed.

**NOTE:** If a provider is providing care to a child with a disability during evening/weekend hours, the rate ceiling should be multiplied **only once** by the highest adjustment factor allowed.

- **Family Fee** means the monthly amount a family is required to pay toward their child care costs.
- **A period (.)** in a rate category means there were less than three providers responded in both the county rate survey and the larger regional rate survey. In this case, no statistically valid ceiling for this rate category is established.
- **Asterisks (\*)** identified the part-time daily, weekly, and monthly rate categories for In-Home/Exempt Care. Use the part-time hourly rate for such care

## INSTRUCTIONS:

The following information is needed to determine the appropriate rate ceiling.

- The county or subregion within the county where child care is provided;
- The type of provider (Child Care Center, Family Day Care Home, In-Home/Exempt Care);
- The age of the child;
- The number of hours of care per week (See Attachment I for definitions of full-time and part-time care)
- How the provider charges (hourly, daily, weekly, or monthly); and
- Any appropriate adjustment factor (1.5 for Severely Handicapped Care, 1.24 for Evening/Weekend Care, and 1.2 for Children for Exceptional Needs Care).

Step 1: In Appendix II, locate the appropriate county or subregion page where child care is provided.

Step 2: Locate the appropriate category for the type of care (Child Care Center, Family Day Care Home, or In-Home/Exempt Care).

Step 3: Locate the appropriate category for the age of the child and whether or not the care was provided full-time or part-time as defined in Attachment I.

Step 4: Depends on how the provider charges for care (hourly, daily, weekly, or monthly), locate the rate ceiling level. For part-time In-Home/Exempt Care, multiply the hours of care by the part-time hourly rate ceiling.

Step 5: If Evening/Weekend Care is provided, multiply the rate ceiling identified in Step 4 by 1.24. The result is the Evening/Weekend Care Rate Ceiling.

In other words:

Rate Ceiling X 1.24 = Evening/Weekend Care Rate Ceiling.

Step 6: If care is provided to children with disabilities, look at the child's Individualized Educational Plan (IEP) or Individualized Family Service Plan (IFSP) to determine the appropriate adjustment factor. If the child is identified as "Children with Exceptional Needs", multiply the rate ceiling identified in Step 4 by 1.2. If the child is identified as "Severely Handicapped", multiply the rate ceiling identified in Step 4 by 1.5.

In other words:

Rate Ceiling x 1.2 = Children with Exceptional Needs Care Ceiling

Rate Ceiling x 1.5 = Severely Handicapped Children Care Ceiling

NOTE: Rate adjustments may **NOT** be made for both Evening/Weekend Care and for Children with Disabilities. To determine the adjusted rate ceiling for a child with a disability that is served during evening/weekend

hours multiply the rate ceiling **only once** by the higher of the adjustment factors allowed.

Step 6: Compare the rate ceiling amount to the actual cost of care. If the rate ceiling is higher than the actual cost, pay the actual cost. If the rate ceiling is lower than the actual cost, only pay the rate ceiling amount.

When a child changes age categories or there is a change in the provider or in the hours of care, the rate ceiling for the child must be reviewed. Parents must be given adequate and timely notice of any change. If a rate change is required, it becomes effective no later than the first of the following month. The only exception to this rule is for a child who enters kindergarten at five years of age and turns six years of age later in the school year. Continued use of the 2-5 year rate ceiling is permitted for the remaining part of that school year.

### EXAMPLE 1

#### DETERMINING A STANDARD RATE CEILING

An “Aloha” County family consists of a mother and a two-year old child, Mary. Mary’s mother works for 8 hours a day, 5 days a week, Monday through Friday. When transportation time of 2 hours a day is included, Mary needs care for 10 hours each day (8:00 a.m. – 6:00 p.m.). Since 10 hours x 5 days equals 50 hours or full-time care (30 or more hours a week), the Full Time 2-5 Years category would be used. Her family day care provider charges \$108.00 per week. Based on the 2001 RMR Survey, the weekly 1.5 standard deviations ceiling for this Full Time 2-5 Years category is \$106.50 per week. The difference of \$1.50 per week would be the responsibility of the parent as a co-payment.

### EXAMPLE 2

#### DETERMINING A SEVERELY HANDICAPPED CARE RATE CEILING

Suppose Mary’s mother works the standard 8 hours, Monday through Friday, needing child care from 8:00 a.m. to 6:00 p.m. for a total of 50 hours per week (including transportation time). However, Mary is a severely handicapped child identified by an IEP. She requires special accommodations by the provider, who charges \$120 per week for such services. The Full Time weekly standard rate ceiling is multiplied by the Severely Handicapped Care Adjustment Factor to determine the Severely Handicapped Care Rate Ceiling ( $\$106.50 \times 1.5 = \$159.75$ ). Since the provider’s rate (\$120) is less than the \$159.75 Severely Handicapped Care Rate Ceiling, the entire cost of child care would be reimbursed.

### EXAMPLE 3

#### **DETERMINING AN EVENING/WEEKEND CARE RATE CEILING**

Suppose, instead, Mary's mother works Tuesday through Saturday and attends training classes after work Tuesday through Friday (classes are 6:00 p.m. – 9:00 p.m.). Mary needs care for 14 hours Tuesday through Friday (8:00 a.m. – 10:00 p.m.) and for 10 hours on Saturday (8:00 a.m. – 6:00 p.m.), for a total of 66 hours per week (including transportation time). Some of those hours qualify as Evening/Weekend Care hours for which the provider charges an hourly rate of \$3.20. For those hours only the Evening/Weekend Care Rate Ceiling would apply. For the weekday hours of 8:00 a.m. to 6:00 p.m., the Full Time weekly rate (\$106.50) applies.

Since the provider 's weekly rate of \$108 exceeds the rate ceiling of \$106.50, Mary's mother would pay a \$1.50 weekly co-payment.

To calculate the payment for the 26 evening and weekend hours, the Part Time hourly rate is multiplied by the Evening/Weekend Care Rate Adjustment Factor to determine the Evening/Weekend Care Rate Ceiling ( $\$2.61 \times 1.24 = \$3.24$ ). Since the provider's evening/weekend rate of \$3.20 per hour is less than the ceiling of \$3.24, the entire cost for the evening/weekend care is covered.

If yes, then ALL of the fee is an allowable child care expense.If no, then that portion of the fee which is equal to the RMR ceiling level is an allowable child care expense.

## **INSTRUCTIONS**

Complete Items (A) through (H).

**Step 1:** Divide (G) the registration fee by (H) the number of months the fee will cover, resulting in the monthly allocation of the registration cost (I).

**Step 2:** a. If (D) is monthly, proceed to Step 3.

b. If (D) is weekly, complete as follows: divide the monthly allocation of the registration (I) by 4.33, resulting in the weekly allocation of the registration cost (J). Proceed to Step 3.

c. If (D) is daily, complete Step 2 b. (above) and then complete Step 2 c. as follows: divide (J) the weekly registration cost by 5, resulting in the daily allocation of the registration cost (K). Proceed to Step 3.

d. If (D) is hourly, complete Steps 2 b. and c. (above) and then complete Step 2 d. as follows: divide (K) by 6 for full-time enrollment or by 5 for part-time enrollment, resulting in the hourly allocation of the registration cost (L). Proceed to Step 3.

**Step 3:** Add (F) the actual child care cost to (I, J, K or L) the monthly, weekly, daily or hourly allocation of the registration cost which equals the adjusted child care payment (M).

**Step 4:** Compare the adjusted child care payment amount (M) with the appropriate rate ceiling (E). If the adjusted payment is less than or equal to the RMR ceiling, then **ALL** the fee is reimbursable. If the adjusted payment is greater than the RMR ceiling, then that portion of the registration fee which is **equal to** the RMR ceiling is an allowable child care expense.

**TO: ALTERNATIVE PAYMENT CHILD CARE PROVIDERS AND  
FAMILY CHILD CARE HOMES SUBJECT TO THE  
REGIONAL MARKET RATE SURVEY**

**FROM: Gary Garnas, Director  
Fiscal & Administrative Services Division**

**SUBJECT: ALTERNATIVE PAYMENT REIMBURSEMENT**

Enclosed is the 2001 Regional Market Rate Survey (RMR) for counties served by your agency. These rates are effective July 1, 2001, through June 30, 2002.

Alternative Payment contractors must use the 2001 RMR rates to determine the limits for payments made to providers in the county or specified geographic area where the services are being provided. For each county or sub-county region, the cost of care is represented for center-based programs, family child care homes, and in-home/exempt care.

#### **GENERAL PROVISIONS**

Contractors are responsible for entering into reimbursement agreements with providers. Contractors may reimburse providers by the hour, day, week, or month. The total number of child care hours provided determines whether the rate is part time or full time.

Part-time care is: - less than six hours per day, or  
- less than 30 hours per week, or  
- less than 126 hours per month (based on a 21-day month)

Full-time care is: - six or more hours per day, or  
- 30 or more hours per week, or  
- 126 or more hours per month (based on a 21-day month)

Contractors should use the following guidelines when determining provider reimbursement (we understand that there are circumstances specific to particular counties that may preclude the use of these guidelines):

- Hourly rates may not be paid for full-time care;
- Hourly or daily charges for part-time care may only be paid up to the full-time weekly rate; and
- Two hours of care or less per day may only be paid up to the hourly rate multiplied by the hours of care.

Age groups are defined as infants (birth up to two years old), preschoolers (two years through five years old) and school age (six years and older).

When a child changes age categories or there is a change in the provider or in the hours of care, the contractor must review the rate ceiling for that child. Parents must be given adequate and timely notice of any change. If a rate change is required, it becomes effective no later than the first of the following month. The only exception to this rule is for a child who enters kindergarten at five years of age and turns six years of age later in the school year. Continued use of the 2-5 year rate ceiling is permitted for the remaining part of that school year. Please refer to Example 1 of Attachment A, "Determining a Standard Rate Ceiling."

A period (.) in a rate category means that less than three providers in the region responded with a rate for that type of care. The contractor should attempt to use those rate categories within the applicable county that have an RMR ceiling rather than a rate category that does not have a ceiling listed. The part-time daily, weekly, and monthly rate categories for in-home/exempt care have been identified with asterisks (\*). For part-time in-home/exempt care the hourly rate should be used.

## **RATE ADJUSTMENT for CARE for CHILDREN WITH DISABILITIES**

Adjustment factors increase the standard RMR ceilings for services provided to children with disabilities who are identified with an Individualized Education Plan (IEP) or an Individualized Family Service Plan (IFSP). Contractors may reimburse providers at rates that exceed the standard RMR ceilings, up to the adjusted ceilings, for the cost of "*special and appropriate services for each child*" (Education Code Section 8265.5). Typically, such special services are those that go beyond reasonable accommodations.

Providers may **not** set a higher rate that applies categorically to children with disabilities. Doing so may constitute a violation of the Americans with Disabilities Act (ADA). Providers may, on a case-by-case basis, negotiate a higher rate with parents for the costs of accommodations that exceed "reasonable accommodations" as defined by the ADA. Providers should **not** adjust their rates charged to parents using the adjustment factors specified in California Education Code Section 8265.5, below.

The California Education Code Section 8222 allows the rate adjustment factors authorized by Education Code Section 8265.5 to apply to alternative payment programs. Education Code Section 8265.5 allows an adjustment factor of 1.2 for "*children with exceptional needs who are 0 to 21 years of age*" and an adjustment factor of 1.5 for "*severely handicapped children who are 0 to 21 years of age.*" These categories are defined in Education Code Section 8208 and also in the contract Funding Terms and Conditions for California Department of Education Child Development Programs. The IEP or IFSP will determine the child's proper category.

"*Children with exceptional needs*" means children with either an active IEP or IFSP who are receiving appropriate special education/early intervention services. These children may be developmentally disabled, hard of hearing, deaf, speech impaired, visually handicapped, seriously emotionally disturbed, orthopedically impaired, other health impaired, deaf-blind, multihandicapped or children with specific learning disabilities, who require the special attention of adults in a child care setting. Services to children in this category may be allowed the 1.2 adjustment factor.

"*Severely handicapped children*" means children with either an active IEP or IFSP who in addition require instruction and training in programs serving pupils with the following profound disabilities: autism, blindness, deafness, severe orthopedic impairments, serious emotional disturbance or severe developmental disability. Services to children in this category may be allowed the 1.5 adjustment factor.

To determine an adjusted rate ceiling using either of the above adjustment factors, multiply the standard rate ceiling by the adjustment factor:

(Standard Rate Ceiling x 1.2 = Exceptional Needs Care Rate Ceiling)

(Standard Rate Ceiling x 1.5 = Severely Handicapped Care Rate Ceiling).

Please refer to Example 2 of Attachment A, "Determining a Rate Ceiling for Children With Disabilities."

### RATE ADJUSTMENT for EVENING/WEEKEND CARE

An adjustment factor increases standard RMR ceilings for non-traditional care during evenings and on weekends. This adjustment factor may result in providers receiving reimbursement rates that exceed the standard RMR ceilings for those non-traditional times. If a provider's usual and customary rates are higher for evenings and weekends, contractors should apply the adjustment factor to the RMR ceiling to determine an adjusted Evening/Weekend Care ceiling, and may reimburse providers up to that adjusted ceiling. Evening/Weekend Care is defined as care provided after 6pm until 6am on weekdays and all hours on weekends (from 6pm on Friday to 6am on Monday). Reimbursement for Evening/Weekend Care is calculated separately from traditional care. The adjustment factor for Evening/Weekend Care is 1.24.

To determine an Evening/Weekend Care adjusted rate ceiling multiply the standard rate ceiling by the Evening/Weekend Care adjustment factor:

(Standard Rate Ceiling x 1.24 = Evening/Weekend Care Rate Ceiling).

Please refer to Example 3 of Attachment A, "Determining a Rate Ceiling for Evening/Weekend Care."

### RATE ADJUSTMENT CAVEAT

**NOTE: Rate adjustments may NOT be made for both Evening/Weekend Care and for Children with Disabilities. To determine the adjusted rate ceiling for a child with a disability who is served during evening/weekend hours multiply the standard ceiling only once by the higher of the adjustment factors allowed.**

**ALSO:** Adjustment factors may be used to adjust reimbursement rates only. Contractors should not use these factors to adjust the calculation of any family fees (parent fees) for subsidized children.

### REIMBURSEMENT FOR REGISTRATION FEES

A Worksheet to Determine Reimbursement for Registration Fees (form CDFS9525) has also been enclosed. A provider's one-time registration fee, or a portion thereof, may be reimbursed if the provider's rate plus a prorated amount of the fee is within the RMR ceiling. Form CDFS9525 is used to determine the amount of a provider's registration fee that is reimbursable. If a provider's rate is already at the RMR ceiling then NONE of the registration fee is reimbursable.

### CO-PAYMENTS

**PLEASE NOTE** that any co-payment by a family to a provider for amounts above the RMR ceiling may **not** be offset against the family fee for subsidized services.

If you have any questions regarding the use of the RMR Survey or these guidelines, please contact Steev Schmidt, Child Development Fiscal Services, at (916) 324-6562.

## ATTACHMENT A

### EXAMPLE 1 – DETERMINING A STANDARD RATE CEILING

“SONORA” COUNTY  
2001 REGIONAL MARKET RATE CEILINGS  
FOR CALIFORNIA CHILD CARE PROVIDERS  
1.5 STANDARD DEVIATIONS ABOVE THE MEAN

<u>FAMILY DAY CARE HOMES</u>	<u>HOURLY</u>	<u>DAILY</u>	<u>WEEKLY</u>	<u>MONTHLY</u>
FT UNDER 2 YRS.	2.46	22.88	115.50	501.00
PT UNDER 2 YRS.	3.08	24.37	74.50	320.50
FT 2-5 YRS.	2.42	21.48	106.50	461.00
PT 2-5 YRS.	2.61	20.74	83.50	271.50
FT 6+ YRS.	2.38	21.13	111.50	482.00
PT 6+ YRS.	2.39	16.19	73.50	248.50

A “Sonora” County family consists of a mother and a two-year-old child, Mary. Mary’s mother works 8 hours a day, Monday through Friday. When transportation time of 2 hours a day is included, Mary needs care for 10 hours each weekday (8am – 6pm). Her family day care provider charges a weekly rate of \$108.00. Since 50 hours is considered full-time care (30 or more hours a week), the FT 2-5 YRS. category is used to determine the reimbursement limit of \$106.50 per week. In this example, the contractor’s agreement with the provider is to reimburse up to the RMR ceiling so the provider would be reimbursed \$106.50 by the CDE contract, and the difference of \$1.50 per week would be the responsibility of Mary’s mother as a co-payment.

### EXAMPLE 2 – DETERMINING a RATE CEILING for CHILDREN WITH DISABILITIES

Suppose Mary’s mother works the same hours as in the above example; however, Mary is identified with an IEP as a child who is severely disabled, so all of her hours of care qualify for the Severely Handicapped Care adjustment factor. The FT weekly standard rate ceiling is multiplied by the 1.5 adjustment factor to determine the Severely Handicapped Care Rate Ceiling ( $\$106.50 \times 1.5 = \$159.75$ ). The provider would be reimbursed a rate negotiated with the contractor but not to exceed \$159.75.

### EXAMPLE 3 – DETERMINING a RATE CEILING for EVENING/WEEKEND CARE

Suppose, instead, Mary’s mother works Tuesday through Saturday and attends training classes after work Tuesday through Friday (classes are 6pm – 9pm). Mary needs care for 14 hours Tuesday through Friday (8am – 10pm) and for 10 hours on Saturday (8am – 6pm), for a total of 66 hours per week (including transportation time). Some of those hours qualify as Evening/Weekend Care, and for those hours only an Evening/Weekend Care Rate Ceiling would apply. In addition to a weekly rate of \$108, her provider’s usual charges include an hourly rate of \$3.20 for evening and weekend care. For the weekday hours of 8am – 6pm, the FT weekly rate (\$106.50) applies. For the weekday evening hours, 6pm – 10pm, the PT hourly rate is multiplied by the Evening/Weekend Care Rate Adjustment Factor to determine the Evening/Weekend Care Rate Ceiling ( $\$2.61 \times 1.24 = \$3.24$ ). Since Saturday is full-time (six or more hours per day), the FT daily rate is adjusted to determine the Evening/Weekend Care Rate Ceiling ( $\$21.48 \times 1.24 = \$26.64$ ). In this example, the contractor’s agreement with the provider is to reimburse up to the allowable RMR ceiling. Since the provider’s usual weekly rate (\$108.00) is greater than the standard weekly ceiling (\$106.50) Mary’s mother would be responsible for a \$1.50 weekly co-payment. The provider’s usual rate for weekday evenings (\$3.20) is less than the ceiling (\$3.24), so the entire cost of weekday evenings would be reimbursed by the CDE contract. The provider’s usual rate for Saturday ( $\$3.20 \times 10 \text{ hours} = \$32.00$ ) is more than the ceiling (\$26.64), so Mary’s mother would pay a \$5.36 co-payment for Saturday in addition to her weekly \$1.50 co-payment. (Weekly total of \$191.20 paid to the provider would consist of \$184.34 reimbursed by the CDE contract plus \$6.86 co-payment by Mary’s mother.)
