ALL-COUNTY LETTER NO. 76-17

TO: All County Welfare Directors

SUBJECT: AFDC Leaflet

REFERENCE:

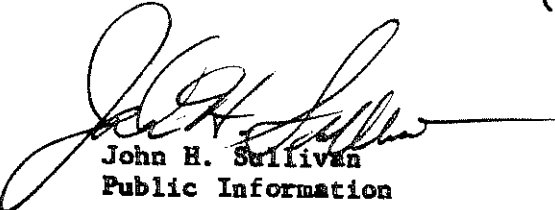

Updated copies of "The AFDC Program in California" are now available.

This leaflet -- a brief rundown of how the program works in California, what it costs, and who is eligible and what benefits recipients receive -- is intended for general public use. We are developing a separate leaflet for recipients which should be available in the next few months.

This revision makes the November 1974 leaflet obsolete. Please use the updated leaflet to meet your general information needs.

A supply of "The AFDC Program in California" may be ordered at a charge of one cent per copy (100 minimum) from:
