ERRATA

TO: All County Welfare Directors
All Food Stamp Coordinators

SUBJECT: Errata to ACL 90-72 (Jones v. Yeutter)

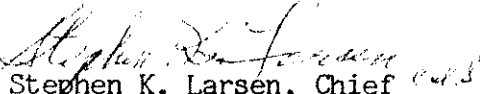

This is to correct information transmitted in ACL 90-72. The bullets in the first paragraph on page one of the ACL identify the Food Stamp households that are allowed to apply for restored benefits. An Errata dated August 9, 1990, failed to correct bullet number two which should have stated restoration applies only to Food Stamp households in the beginning months of their certification period.

The bullets should read as follows:

Food Stamp households are allowed to apply for restored benefits as follows:

- o Households that lost Food Stamp benefits between June 16, 1988 and April 1, 1990 because a General Assistance (GA) payment [including State-only Aid TO Families with Dependent Children (ADFC)] was budgeted retrospectively or an overissuance was assessed because the GA payment was not budgeted retrospectively; and
- o Households that lost Food Stamp benefits between December 2, 1988 and February 17, 1989 because a Federal AFDC payment **received in a beginning month** was budgeted retrospectively or an overissuance was assessed because the Federal AFDC was not budgeted retrospectively.

If you have any questions, please call Julie Andrews, Food Stamp Policy Bureau, at (916) 324-8701 or ATSS (916) 454-8701.
