ALL-COUNTY LETTER NO. 96-70

TO: ALL-COUNTY WELFARE DIRECTORS

Reason For This Transmittal

- State Law Change
- Federal Law or Regulation Change
- Court Order or Settlement Agreement
- Clarification Requested by one or More Counties
- Initiated by CDSS

SUBJECT: JANUARY 1997 SOCIAL SECURITY TITLE II (RETIREMENT, SURVIVOR'S AND DISABILITY INSURANCE [RSDI] AND TITLE XVI (SUPPLEMENTAL SECURITY INCOME/STATE SUPPLEMENTARY PAYMENT [SSI/SSP] PROGRAM) COST OF LIVING ADJUSTMENTS (COLA) AND RELATED ISSUES THAT AFFECT IN-HOME SUPPORTIVE SERVICES (IHSS) RECIPIENTS

REFERENCE: In-Home Supportive Services Case Management, Information and Payrolling System (IHSS/CMIPS) User's Manual

This All County Letter (ACL) provides you with the following:

- Instructions regarding automating the RSDI increase for affected income eligible IHSS recipients.
- Instructions regarding automating all Share of Cost (SOC) IHSS recipient cases with Link 1, 2, 3, 4, or 5 in Field I2 of the form SOC 293.
- Instructions regarding forms and listings.
- SSI/SSP Benefit levels.
- Changes of amounts to be used when manually completing the forms SOC 294A and SOC 294C, "IHSS Income Eligibility - Adult or Child."

A. RSDI Increases

1. All SOC cases that have been automated by the CMIPS and have a Code 1 (RSDI) in Source Field I4, J1, J2, K1, or K2 will have that amount increased in the corresponding Income Field by 2.9 percent.

To facilitate automation of RSDI we are making two assumptions:

- That the current entry in the Source Field(s) represents a gross amount that has been rounded down to the nearest dollar by the Social Security Administration (SSA);
- That the current entry in the Source Field(s) is the gross amount that includes the Medicare Part B premium for those persons who must pay their own premium.

The computation will produce the RSDI benefit amount to be used in automating the January 1997 SOC. (Example: the benefit amount is \$438.00, multiplying by 1.029 equals \$450.70; rounding down to the nearest dollar equals \$450.00.)

2. It should be noted, as in previous years, the SSA applies the COLA to the actual, rather than the rounded benefit amount. This may result in a \$1.00 discrepancy in the RSDI benefit for some beneficiaries and a \$1.00 understated SOC.

In order to avoid the unnecessary expense of re-computing every case subsequently identified as having an incorrect SOC solely due to the RSDI COLA automation, counties are authorized instead to correct the SOC at the time of the next eligibility redetermination or when an income change is reported. This delay in correcting a SOC does not result in a collectable overpayment.

B. SSI/SSP Benefit Levels

1. Pursuant to Welfare and Institutions Code Sections 12201(d)(1) and 12201.03(a) there will be no 1997 SSP COLA, but there will be a pass-through of the federal 2.9 percent SSI COLA. As a result, most combined SSI/SSP benefit levels will increase effective January 1, 1997.
2. The SSI COLAs also impact allowances for non-eligible children and spouses/parents that are considered in SOC deeming procedures. Those changes are reflected on the forms SOC 294A and SOC 294C SOC worksheets (Attachments D and E).

3. Even with the increase in SSI/SSP benefit levels, some status eligible IHSS recipients will lose their SSI/SSP eligibility effective January 1, 1997, because the RSDI COLA may cause their incomes to exceed the new SSI/SSP benefit levels. We have requested the California Department of Health Services' (CDHS) assistance in identifying these recipients known as "Pickle persons" who are potentially eligible for categorically needy Medi-Cal benefits, under the 1976 Pickle Amendment to the Social Security Act.
4. The CDHS will place these recipients in Pickle Aid Codes - 16, 26, or 66 - on MEDS until at least April 30, 1997, or until their true status can be determined. We will make a county listing, with the Personal Care Services Program (PCSP) identifiers, available to you as soon as they are completed. County Medi-Cal staff will be sent copies of the listing and will be responsible for making the Pickle determinations on these cases.
5. Recipients in this group who are PCSP-eligible should remain in IHSS Aid Codes 10, 20 or 60 as status-eligible cases until their Pickle Aid Codes can be input to CMIPS. This aid code conversion will be done automatically in CMIPS. Counties should not have to take any action for this group other than working possible exceptions to the conversion.
6. Individuals who lose their SSI eligibility January 1, 1997, and are NOT PCSP-eligible, will have a new SOC effective January 1, 1997, based on their appropriate SSI/SSP benefit level table. Counties must contact these recipients and develop their income-eligibility. The Pickle indicator will be entered by CMIPS in the D3 field of the SOC 293 for these cases.

C. Share of Cost Cases

1. Currently, the SOC is calculated based on five different sets of SSI/SSP benefit level tables. Column "B" reflects the new rates effective January 1, 1997. Benefit rates less than the "B" column rates on the "N" and "Y" and "Z" and "A" columns will be replaced by January 1997 rates (Attachment B).
 - The rates in column "N" are used for individuals who have been income eligible for IHSS since prior to September 1, 1993.
 - The rates in column "Y" apply to the following recipients:
 - a) Recipients who became income eligible for IHSS between September 1, 1993, and August 1994; and
 - b) Recipients who were status eligible for IHSS/PCSP on August 31, 1994, but became income eligible for IHSS September 1, 1994, or

later due to reasons unrelated to the 2.3 percent SSP reduction in September 1994.

- The rates in column "Z" apply to recipients who became eligible for IHSS between September 1, 1994, and November 30, 1995.
 - The rates in column "A" apply to recipients who became eligible for IHSS between December 1, 1995, and December 31, 1996.
 - The January 1, 1997, rates in column "B" apply to recipients who became eligible for IHSS January 1, 1997, or later.
2. All automated IHSS income eligible cases with Link 1, 2, 3, 4, or 5 in Field I2 shall have their SOC re-computed January 1, 1997, because of RSDI increases and/or SSI/SSP benefit level changes. However, any case with an end date in Field ZZ4 of December 31, 1996, or earlier, cannot be automated. As we have experienced each time there is an automated procedure in CMIPS, some cases are excluded and are printed on an exception list. Typically the exception is due to an overdue reassessment.

Regardless of the cause, the following alert message for each excepted case will be printed on the monthly "CMIPS Warning Alert Listing" and will continue on the list until corrected. The alert message is:

"060 Share of Cost Date is not January 1st"

3. A Notice of Action (NOA) will be generated to advise IHSS recipients of the adjustment made to their RSDI and SOC computations. Based on these COLA adjustments, SOCs will be changed for all affected IHSS recipients. The NOA message (number 353) will read:
- "The change in your IHSS Share of Cost shown above is effective ####/###/### because of COST-OF-LIVING adjustment to SSI/SSP benefit levels and to the social security payments available to you which are \$#####.##, \$#####.##, and \$#####.##". "If the Social Security amount you receive is different from reported here, contact your service worker within ten calendar days. MPP Section 30-755.233."
4. The automation of SOC cases is scheduled to run December 13, 1996, so that we can meet the timelines for the NOAs. Any changes or new cases added to the CMIPS after that date should use the following procedure so correct segments on the SOC 293, MNO lines can be built:

- Turnaround Document (TAD) #1:

Enter appropriate data for 1996 SOC fields and wait for the next turnaround document to enter 1997 data:

A NOA will be generated containing the usual SOC message(s).

- TAD #2:

Enter 01/01/97 in SOC Field I1;

Enter corrected RSDI income in Source/Income Field - I4, J1, J2, K1 or K2 (1.029 x 1996 amount rounded down to the nearest dollar);

The CMIPS will re-compute the correct SOC;

A NOA will be generated containing the usual SOC message(s).

5. The SOC cases that are not updated may result in the IHSS recipient paying a SOC which exceeds or is less than his/her liability. County welfare departments will be responsible for making reimbursement to, or collecting overpayments from those persons affected.

D. Forms and Listing

1. SOC 293 and SOC 311 TADs will be generated on all automated IHSS income eligible cases. These will have an identifying message on the top that will read "Share of Cost COLA 1997." There will also be NOAs generated which will have the message as displayed in section C.3. on page 4.
 - Only those cases that have an identical SOC reflected on both the SOC 293 Share of Cost Field M6 and SOC 311 Share of Cost Field F5 will have a SOC 311 updated and a TAD generated. All other cases will be shown on the County Exception List, and the county must manually change the SOC 311.
 - We are not able to automate the anticipated Veteran's Administration Benefits, Code 2, in the Source/Income field - I4, J1, J2, K1 or K2. However, for ease in identifying those cases, a separate listing will be provided at the bottom of the County Exception List.
 - We are not able to automate the RSDI increase for a spouse - which may affect the recipient's SOC - because the CMIPS is not coded to differentiate that income source. However, all cases impacted by the SOC automation

will have a dollar sign (\$) by the name on the Monthly Characteristics Listing and Office Caseload Listing which may be used as a reminder to validate any change in a spouse's income.

2. Turnaround documents will also be generated on the cases where the aid code is automatically converted to a Pickle aid code (see section B.3. on page 3).
3. All TADs and NOAs will be printed at the printer sites by on-line counties; non-printer site counties will have documents printed by the Electronic Data Systems and mailed to the recipient and county, as appropriate.
 - Please plan for printing needs by ordering forms SOC 293, SOC 311, and NA 690.
 - Please do not delay printing and mailing the NOA s following the December 13 COLA automation run; the printing of the SOC 293 and
 - SOC 311 TADs may be delayed for one or two days to suit the convenience of the county.

E. Benefit Levels

F. SOC 294A and SOC 294C

Consistent with the SSI/SSP benefit payment level adjustments, the following changes should be made to the allowances shown on forms SOC 294A (IHSS Income Eligibility-Adult) and SOC 294 (IHSS Income Eligibility-Child). This information has been incorporated into the CMIPS SOC automation feature.

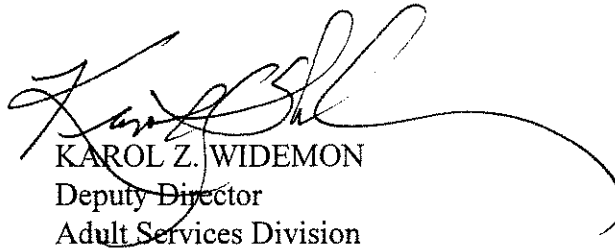

1. SOC 294A (Attachment D):

- change allowances in Column B, row 2a to \$242.00;
- change allowances in Column B, row 6 to \$242.00.

2. SOC 294C (Attachment E):

- change allowances in Column A, row 2a to \$242.00;
