ARNOLD SCHWARZENEGGER
GOVERNOR

January 30, 2009

TO: ALL COUNTY FISCAL OFFICERS
ALL COUNTY WELFARE DIRECTORS

SUBJECT: FISCAL YEAR (FY) 2009-10 COUNTY ADMINISTRATIVE BUDGET PLAN FOR
SOCIAL SERVICES PROGRAMS

In accordance with the provisions of Chapter 75, Statutes of 2006 (AB 1808), the California Department of Social Services (CDSS), in consultation with the County Welfare Directors Association (CWDA), developed a survey instrument in FY 2007-08 to capture the costs of county administration of human services programs for preparation of the Budget. This year's survey tool is based on the FY 2008-09 survey tool submitted by the Counties and incorporates minimal changes to provide some clarification. Changes to the FY 2009-10 survey tool include:

Updated Excluded Premise Items for FY 2009-10

This package includes all the necessary information to complete your county's proposed administrative budget for FY 2009-10. Included in this package are the instructions and worksheets that are to be used to prepare the proposed budgets for the following programs:

CalWORKs Eligibility Basic
CalWORKs Employment Services Basic
Non-Assistance Food Stamp Administration
Child Welfare Services Basic Costs
Foster Care Administration
In-Home Supportive Services Basic Costs

Attached to this letter is a table of contents listing the documents necessary for completion of the county administrative budget plan worksheets.

For your convenience, CDSS is also providing the worksheets and associated instructions that were created by CWDA to assist the counties in the completion of the budget worksheets. The CWDA worksheets should be used in the compilation of data from the County Expense Claim required to complete the budget worksheets.

All County Fiscal Officers
All County Welfare Directors
Page Two

Completed budget worksheets are due to CDSS by March 2, 2009. Please submit your completed package of worksheets via email to the analyst assigned to your county (as listed on Attachment I included in the instruction package).

If you have any questions regarding the completion of the budget worksheets, please contact the CDSS analyst assigned to your county. Questions related to the CWDA worksheets should be directed to the specific contacts identified on the CWDA Cost-of-Doing-Business Worksheet Instruction package (Attachment C).

Sincerely,

Original Document Signed By:

FRAN MUELLER, Chief
Financial Management and Contracts Branch

c: CWDA

**Instructions to Complete Budget Worksheets for
CalWORKs Eligibility
FY 2009-10**

These are the instructions for completing the budget worksheets associated with CalWORKs Eligibility. Information provided by the counties will be used to assist CDSS in developing an estimate of the FY 2009-10 basic administrative budget for costs associated with CalWORKs Eligibility. The instructions are arranged in the same sequence as listed on the corresponding worksheet.

The completed form is to be submitted electronically to CDSS by e-mailing the analyst assigned to your county per Attachment I (see Attachment I on page 17 for the county assignment sheet). All questions regarding the requested information should be addressed to your county's CDSS assigned analyst. .

NOTE: HIGHLIGHTED CELLS CONTAIN FORMULAS AND SHOULD NOT BE MODIFIED.

Average Number of CalWORKs Cases per Month: Enter your county number for FY 2007-08 found on the CalWORKs Cash Grant Caseload Movement Report (CA 237 CW). This caseload should consist of the sum of the following portions of this report: Line 8a – Cases receiving cash grants (Cells 59-63).

Eligibility Worker and Supervisors: Enter the average monthly compensation for FY 07-08, for the first two quarters of FY 08-09, for the projected average for the last two quarters of FY 08-09, and the projected average for FY 09-10. This includes the compensation for CalWORKs Eligibility workers and first line supervisors. Please ensure that the figure listed on this form is presented as average monthly compensation and includes both salary and benefits.

Actual/County Authorized FTEs: Enter the average number of FTEs that were staffed by your county in FY 07-08, that were staffed in the first two quarters in FY 08-09, the projected staff for the last two quarters of FY 08-09, and the projected number of authorized FTEs for FY 09-10. Projected FTEs should only be based on actual staffing as currently authorized by your county. This should include those FTEs that time study to the following codes: 2041, 2261, 2631, 2691, 2781, 2931, 6101, 6141, 6151, 6161, 6181, 6631, 6641, and 6651. Any increases in authorized staffing should be explained in detail on the supplemental information Budget Worksheet III.

Welfare Fraud Investigators (WFI): For these categories, please enter the average monthly compensation for FY 07-08, for the first two quarters of FY 08-09, for the projected average for the last two quarters of FY 08-09, and the projected average for FY 09-10. Enter the average number of WFI FTEs that were staffed by your county in FY 07-08, the first two quarters in FY 08-09, the projected staff for the last two quarters of FY 08-09, and the projected number of authorized FTEs for FY 09-10. Projected FTEs should only be based on actual staffing currently authorized by your county. This should include those FTEs that time study to the following codes: 3011, 3051, and 3401. Any increases in authorized staffing should be explained in detail on the supplemental information Budget Worksheet III.

Also, on Budget Worksheet III please indicate which officers are armed, unarmed, investigator assistants, and supervisors.

District Attorney (DA) Contract/Prosecution Costs: Enter the actual number of DA fraud investigators contracted for in FY 07-08, FY 08-09, and projected for in FY 09-10. Enter the actual contracted costs for investigations and prosecution for FY 07-08, FY 08-09, and projected for in FY 09-10. Please identify the investigation costs from the prosecution costs on the supplemental information worksheet. Any increases in costs should be explained in detail.

Clerical and Administrative: Enter the average monthly compensation for FY 07-08, for the first two quarters of FY 08-09, for the projected average for the last two quarters of FY 08-09, and the projected average for FY 09-10. Enter the average number of FTEs that were staffed by your county in FY 07-08, that were staffed in the first two quarters in FY 08-09, the projected staff for the last two quarters of FY 08-09, and enter the number of clerical and administrative FTEs authorized for FY 09-10. Projected FTEs should only be based on actual staffing currently authorized by your county.

Other Operating Support (Overhead) Costs: There are two categories of information listed in this section. Please present the information as it is listed on the form (allocated or direct) and specific to the program worksheet that is being completed. This information should include operating costs, purchase of services, space, travel, etc. Do not include costs for services to clients. Do not include staff development (training) costs. Costs for travel to training, rent for training facilities, etc., are acceptable as normal overhead costs. One-time costs such as moving expenses, car purchases, etc., should be explained separately on Budget Worksheet III, as these costs should not be considered part of the "base cost".

Electronic Data Processing (EDP) Costs: List EDP costs as either direct or allocated. These costs should include legacy costs that are not funded through the Information Technology Automation projects (Interim Statewide Automated Welfare System [ISAWS], CalWORKs Information Network [CalWIN], Consortium C-IV [C-IV], etc.).

PA/NA Shift: Enter cost as a negative number.

Initial Eligibility Determination: Multiply the total cost associated with PC 615 by two-thirds ($\frac{2}{3}$) and enter it as a negative number here. Since PC 615 represents 100% of the Initial Eligibility Determination costs and only 1/3 is attributed to CalWORKs Eligibility, this adjustment will adjust the expenditures so that only 1/3 of these "common" costs will be reflected.

INFORMATION ITEMS: Requested items in the enclosed area (lower left portion) are to be reported for both the Current Year (FY 2008-09) and Budget Year (FY 2009-10). These items are used by the CDSS County Allocations Unit for comparison purposes and are an integral part of the budgeting process.

COST PER FTE: This item is calculated automatically.

SUPPORT COST RATIO: This item is calculated automatically. The formula for the support cost ratio divides the support dollars by the staff dollars.

COMPOSITE RATIO: This item is calculated automatically. The formula for the composite ratio divides the program's staff & support dollars by the total welfare dollars.

TOTAL WELFARE BUDGET COSTS: The information being requested here is the total welfare department budget, including Medi-Cal and General Assistance. For current year, enter the total Welfare Department budget for FY 2008-09 for your county. For Budget year, enter the projected total budget for FY 2009-10.

Instructions to Complete Budget Worksheets for CalWORKs Employment Services FY 2009-10

These are the instructions for completing the budget worksheets associated with CalWORKs Welfare-to-Work (WTW). Information provided by the counties will be used to assist CDSS in developing an estimate of the FY 2009-10 basic administrative budget for costs associated with CalWORKs WTW.

The completed form is to be submitted electronically to CDSS by e-mailing the analyst assigned to your county per Attachment I (see Attachment I on page 17 for the county assignment sheet). All questions regarding the requested information should be addressed to your county's CDSS assigned analyst.

NOTE: HIGHLIGHTED CELLS CONTAIN FORMULAS AND SHOULD NOT BE MODIFIED.

Average Number of CalWORKs WTW Cases per Month: Enter the number for your county for FY 2007-08 from the CalWORKs WTW Monthly Activity Reports (WTW 25 & WTW 25A). This caseload should consist of the sum of the following portions of each report: Line 3a – Sanctions (Cell 3), Line 30 – Unduplicated Count (Cell 35), Line 31 – Non-compliance (Cell 37), and Line 32 – Good Cause (Cell 38).

Employment Services Workers and Supervisors: Enter the average monthly compensation for FY 07-08, for the first two quarters of FY 08-09, for the projected average for the last two quarters of FY 08-09, and the projected average for FY 09-10. This includes the compensation for CalWORKs WTW workers and first line supervisors. Please ensure that the figure listed on this form is presented as average monthly compensation and includes both salary and benefits.

Actual/County Authorized FTEs: Enter the average number of FTEs that were staffed by your county in FY 07-08, that were staffed in the first two quarters in FY 08-09, the projected staff for the last two quarters of FY 08-09, and the projected number of authorized FTEs for FY 09-10. Projected FTEs should only be based on actual staffing currently authorized by your county. This should include those FTEs that time study to the following codes: 0551, 0561, 2571, 4512, 6201, 6211, 6221, 6231, 6241, 6311, 6481, 6781, 6791, 6801, 6811, 6821, 6831, 6851, and 6861. Any increases in authorized staffing should be explained in detail on the supplemental information Budget Worksheet III.

Employment Services: Enter the actual FY 07-08 and FY 08-09 and proposed FY 09-10 Direct Employment Services Delivery Costs. Enter the costs for contracted services and services to the clients. On Budget Worksheet III please describe in detail the services to be provided and by whom, the number of clients to be served, and why this is an allowable CalWORKs activity.

Clerical and Administrative: Enter the average monthly compensation for FY 07-08, for the first two quarters of FY 08-09, for the projected average for the last two quarters of FY 08-09, and the projected average for FY 09-10. Enter the average number of FTEs that were staffed by your county in FY 07-08, that were staffed in the first two quarters in FY 08-09, the projected staff for the last two quarters of FY 08-09, and enter the number of clerical and administrative FTEs authorized for FY 09-10. Projected FTEs should only be based on actual staffing currently authorized by your county.

Other Operating Support (Overhead) Costs: There are two categories of information listed in this section. Please present the information as it is listed on the form (allocated or direct) and specific to the program worksheet that is being completed. This information should include operating costs, purchase of services, space, travel, etc. Do not include costs for services to clients. Do not include

staff development (training) costs. Costs for travel to training, rent for training facilities, etc., are acceptable as normal overhead costs. One-time costs such as moving expenses, car purchases, etc., should be explained separately on Budget Worksheet III, as these costs should not be considered part of the “base cost”.

EDP Costs: List EDP costs as either direct or allocated. These costs should include legacy costs that are not funded through the Information Technology Automation projects (ISAWS, CalWIN, C-IV, etc.).

INFORMATION ITEMS: Requested items in the enclosed area (lower left portion) are to be reported for both the Current Year (FY 2008-09) and Budget Year (FY 2009-10). These items are used by the CDSS County Allocations Unit for comparison purposes and are an integral part of the budgeting process.

COST PER FTE: This item is calculated automatically.

SUPPORT COST RATIO: This item is calculated automatically. The formula for the support cost ratio divides the support dollars by the staff dollars.

COMPOSITE RATIO: This item is calculated automatically. The formula for the composite ratio divides the program’s staff & support dollars by the total welfare dollars.

TOTAL WELFARE BUDGET COSTS: The information being requested here is the total welfare department budget, including Medi-Cal and General Assistance. For current year, enter the total Welfare Department budget for FY 2008-09 for your county. For Budget year, enter the projected total budget for FY 2009-10.

**Instructions to Complete Budget Worksheets for
Non-Assistance Food Stamp Administration
FY 2009-10**

These are the instructions for completing the budget worksheets associated with Non Assistance Food Stamp (NAFS) Administration. Information provided by the counties will be used to assist CDSS in developing an estimate of the FY 2009-10 basic administrative budget for costs associated with NAFS Administration.

The completed form is to be submitted electronically to CDSS by e-mailing the analyst assigned to your county per Attachment I (see Attachment I on page 17 for the county assignment sheet). All questions regarding the requested information should be addressed to your county's CDSS assigned analyst.

NOTE: HIGHLIGHTED CELLS CONTAIN FORMULAS AND SHOULD NOT BE MODIFIED.

Average Number of NAFS Cases per Month: Enter the number for your county for FY 2007-08 from the Food Stamp Program Monthly Caseload Movement Statistical Report (DFA 256). This caseload should consist of the following portions of this report: Line 1 – NAFS Federal Households (Cell 4), Line 1 – NAFS Federal/State Households (Cell 5), Line 3 – NAFS Federal Persons (Cell 11), and Line 3 – NAFS State Persons (Cell 12). These four caseload components should then be calculated as follows in order to reach the desired monthly caseload amount: $Cell\ 4 + (Cell\ 5 * (Cell\ 11 / (Cell\ 11 + Cell\ 12)))$.

Eligibility Worker and Supervisors: Enter the average monthly compensation for FY 07-08, for the first two quarters of FY 08-09, for the projected average for the last two quarters of FY 08-09, and the projected average for FY 09-10. This includes the compensation for NAFS Eligibility workers and first line supervisors. Please ensure that the figure listed on this form is presented as average monthly compensation and includes both salary and benefits.

Actual/County Authorized FTEs: Enter the average number of FTEs that were staffed by your county in FY 07-08; that were staffed in the first two quarters in FY 08-09, the projected staff for the last two quarters of FY 08-09, and the projected number of authorized FTEs for FY 09-10. Projected FTEs should only be based on actual staffing currently authorized by your county. This should include those FTEs that time study to the following codes: 2111, 2181, 2681, 2751, 3411, 3431, 3441, 3471, and 6111. Any increases in authorized staffing should be explained in detail on the supplemental information Budget Worksheet III.

Welfare Fraud Investigators (WFI): For these categories, please enter the average monthly compensation for FY 07-08, for the first two quarters of FY 08-09, for the projected average for the last two quarters of FY 08-09, and the projected average for FY 09-10. Enter the average number of WFI FTEs that were staffed by your county in FY 07-08, the first two quarters in FY 08-09, the projected staff for the last two quarters of FY 08-09, and the projected number of authorized FTEs for FY 09-10. Projected FTEs should only be based on actual staffing currently authorized by your county. This should include those FTEs that time study to the following codes: 2341, 3101, 3121, 3341, and 3931. Any increases in authorized staffing should be explained in detail on the supplemental information Budget Worksheet III.

Also, on the supplemental information Budget Worksheet III please indicate which officers are armed, unarmed, investigator assistants, and supervisors.

District Attorney (DA) Contract/Prosecution Costs: Enter the actual number of DA fraud investigators (not attorneys) contracted for in FY 07-08, FY 08-09, and projected for in FY 09-10. Enter the actual contracted costs for investigations and prosecution for FY 07-08, FY 08-09, and

projected for in FY 09-10. Please identify the investigation costs from the prosecution costs on the supplemental information Budget Worksheet III. Any increases in costs should be explained in detail.

Clerical and Administrative: Enter the average monthly compensation for FY 07-08, for the first two quarters of FY 08-09, for the projected average for the last two quarters of FY 08-09, and the projected average for FY 09-10. Enter the average number of FTEs that were staffed by your county in FY 07-08, that were staffed in the first two quarters in FY 08-09, the projected staff for the last two quarters of FY 08-09, and enter the number of clerical and administrative FTEs authorized for FY 09-10. Projected FTEs should only be based on actual staffing currently authorized by your county.

Other Operating Support (Overhead) Costs: There are two categories of information listed in this section. Please present the information as it is listed on the form (allocated or direct) and specific to the program worksheet that is being completed. This information should include operating costs, purchase of services, space, travel, etc. Do not include costs for services to clients. Do not include staff development (training) costs. Costs for travel to training, rent for training facilities, etc., are acceptable as normal overhead costs. One-time costs such as moving expenses, car purchases, etc., should be explained separately on Budget Worksheet III, as these costs should not be considered part of the “base cost”.

EDP Costs: List EDP costs as either direct or allocated. These costs should include legacy costs that are not funded through the Information Technology Automation projects (ISAWS, CalWIN, C-IV, etc.).

PA/NA Shift: Enter cost as a positive number.

Initial Eligibility Determination: Multiply the total cost associated with PC 615 by two-thirds ($\frac{2}{3}$) and enter it as a negative number here. Since PC 615 represents 100% of the Initial Eligibility Determination costs and only 1/3 is attributed to NAFS Administration, this adjustment will adjust the expenditures so that only 1/3 of these “common” costs will be reflected.

INFORMATION ITEMS: Requested items in the enclosed area (lower left portion) are to be reported for both the Current Year (FY 2008-09) and Budget Year (FY 2009-10). These items are used by the CDSS County Allocations Unit for comparison purposes and are an integral part of the budgeting process.

COST PER FTE: This item is calculated automatically.

SUPPORT COST RATIO: This item is calculated automatically. The formula for the support cost ratio divides the support dollars by the staff dollars.

COMPOSITE RATIO: This item is calculated automatically. The formula for the composite ratio divides the program’s staff & support dollars by the total welfare dollars.

TOTAL WELFARE BUDGET COSTS: The information being requested here is the total welfare department budget, including Medi-Cal and General Assistance. For current year, enter the total Welfare Department budget for FY 2008-09 for your county. For Budget year, enter the projected total budget for FY 2009-10.

Instructions to Complete Budget Worksheets for Child Welfare Services Basic FY 2009-10

Following are the instructions for completing the FY 2009-10 budget worksheets associated with the Child Welfare Services (CWS) Program Basic Costs. Information provided by the counties will be used to assist CDSS in developing an estimate of the FY 2009-10 basic administrative budget for costs associated with the CWS Basic program.

The completed form is to be submitted electronically to CDSS by e-mailing the analyst assigned to your county per Attachment I (see Attachment I on page 17 for the county assignment sheet). All questions regarding the requested information should be addressed to your county's CDSS assigned analyst.

NOTE: HIGHLIGHTED CELLS CONTAIN FORMULAS AND SHOULD NOT BE MODIFIED.

Average Number of CWS Cases per Month: Caseload numbers for FY 2007-08 will be provided for your county by the state. This caseload will be extracted from the CWS/Case Management System (CWS/CMS) and will consist of the following components: Emergency Response, Emergency Response Assessment, Family Maintenance, Family Reunification, and Permanent Placement.

Social Worker and Supervisors: Enter the average monthly compensation for FY 07-08, for the first two quarters of FY 08-09, for the projected average for the last two quarters of FY 08-09, and the projected average for FY 09-10. This includes the compensation for CWS workers and first line supervisors. Please ensure that the figure listed on this form is presented as average monthly compensation and includes both salary and benefits.

Actual/County Authorized FTEs: Enter the average number of FTEs that were staffed by your county in FY 07-08, that were staffed in the first two quarters in FY 08-09, the projected staff for the last two quarters of FY 08-09, and the projected number of authorized FTEs for FY 09-10. Projected FTEs should only be based on actual staffing currently authorized by your county. This should include those FTEs that time study to the following codes: 0771, 1101, 1381, 1431, 1432, 1433, 1434, 1441, 1442, 1443, 1444, 1456, 1465, 1471, 1472, 1473, 1474, 1481, 1482, 1483, 1484, 1701 (07-08 only), 5131, 5132, 5134, and 5751. Any increases in authorized staffing should be explained in detail on the supplemental information Budget Worksheet III.

Clerical and Administrative: Enter the average monthly compensation for FY 07-08, for the first two quarters of FY 08-09, for the projected average for the last two quarters of FY 08-09, and the projected average for FY 09-10. Enter the average number of FTEs that were staffed by your county in FY 07-08, that were staffed in the first two quarters in FY 08-09, the projected staff for the last two quarters of FY 08-09, and enter the number of clerical and administrative FTEs authorized for FY 09-10. Projected FTEs should only be based on actual staffing currently authorized by your county.

Other Operating Support (Overhead) Costs: There are two categories of information listed in this section. Please present the information as it is listed on the form (allocated or direct) and specific to the program worksheet that is being completed. This information should include operating costs, purchase of services, space, travel, etc. Do not include costs for services to clients. Do not include staff development (training) costs. Costs for travel to training, rent for training facilities, etc., are acceptable as normal overhead costs. One-time costs such as moving expenses, car purchases, etc., should be explained separately on Budget Worksheet III, as these costs should not be considered part of the "base cost".

EDP COSTS - Statewide Automated Child Welfare Information System (SACWIS): List SACWIS EDP costs claimed to PC 536 only on this line to reflect SACWIS EDP costs.

EDP COSTS - NON-SACWIS: List Non-SACWIS EDP costs. This amount should include all EDP costs not claimed to PC 536.

INFORMATION ITEMS: Requested items in the enclosed area (lower left portion) are to be reported for both the Current Year (FY 2008-09) and Budget Year (FY 2009-10). These items are used by the CDSS County Allocations Unit for comparison purposes and are an integral part of the budgeting process.

COST PER FTE: This item is calculated automatically.

SUPPORT COST RATIO: This item is calculated automatically. The formula for the support cost ratio divides the support dollars by the staff dollars.

COMPOSITE RATIO: This item is calculated automatically. The formula for the composite ratio divides the program's staff & support dollars by the total welfare dollars.

TOTAL WELFARE BUDGET COSTS: The information being requested here is the total welfare department budget, including Medi-Cal and General Assistance. For current year, enter the total Welfare Department budget for FY 2008-09 for your county. For Budget year, enter the projected total budget for FY 2009-10.

**Instructions to Complete Budget Worksheets for
Foster Care Administration
FY 2009-10**

These are the instructions for completing the budget worksheets associated with Foster Care (FC) Administration. Information provided by the counties will be used to assist CDSS in developing an estimate of the FY 2009-10 basic administrative budget for costs associated with FC Administration.

The completed form is to be submitted electronically to CDSS by e-mailing the analyst assigned to your county per Attachment I (see Attachment I on page 17 for the county assignment sheet). All questions regarding the requested information should be addressed to your county's CDSS assigned analyst.

NOTE: HIGHLIGHTED CELLS CONTAIN FORMULAS AND SHOULD NOT BE MODIFIED.

Average Number of FC Cases per Month: Enter the number for your county for FY 2007-08 from the Aid to Dependent Children FC Caseload Movement and Expenditures Report (CA 237 FC) Line 8A – Total AFDC-FC (Cell 25).

Eligibility Worker and Supervisors: Enter the average monthly compensation for FY 07-08, for the first two quarters of FY 08-09, for the projected average for the last two quarters of FY 08-09, and the projected average for FY 09-10. This includes the compensation for FC Eligibility workers and first line supervisors. Please ensure that the figure listed on this form is presented as average monthly compensation and includes both salary and benefits.

Actual/County Authorized FTEs: Enter the average number of FTEs that were staffed by your county in FY 07-08, that were staffed in the first two quarters in FY 08-09, the projected staff for the last two quarters of FY 08-09, and the projected number of authorized FTEs for FY 09-10. Projected FTEs should only be based on actual staffing currently authorized by your county. This should include those FTEs that time study to the following codes: 2231, 2301, 3001, and 3451. Any increases in authorized staffing should be explained in detail on the supplemental information Budget Worksheet III.

Clerical and Administrative: Enter the average monthly compensation for FY 07-08, for the first two quarters of FY 08-09, for the projected average for the last two quarters of FY 08-09, and the projected average for FY 09-10. Enter the average number of FTEs that were staffed by your county in FY 07-08, that were staffed in the first two quarters in FY 08-09, the projected staff for the last two quarters of FY 08-09, and enter the number of clerical and administrative FTEs authorized for FY 09-10. Projected FTEs should only be based on actual staffing currently authorized by your county.

Other Operating Support (Overhead) Costs: There are two categories of information listed in this section. Please present the information as it is listed on the form (allocated or direct) and specific to the program worksheet that is being completed. This information should include operating costs, purchase of services, space, travel, etc. Do not include costs for services to clients. Do not include staff development (training) costs. Costs for travel to training, rent for training facilities, etc., are acceptable as normal overhead costs. One-time costs such as moving expenses, car purchases, etc., should be explained separately on Budget Worksheet III, as these costs should not be considered part of the "base cost".

EDP Costs: List EDP costs as either direct or allocated. These costs should include legacy costs that are not funded through the Information Technology Automation projects (ISAWS, CalWIN, C-IV, etc.).

INFORMATION ITEMS: Requested items in the enclosed area (lower left portion) are to be reported for both the Current Year (FY 2008-09) and Budget Year (FY 2009-10). These items are used by the CDSS County Allocations Unit for comparison purposes and are an integral part of the budgeting process.

COST PER FTE: This item is calculated automatically.

SUPPORT COST RATIO: This item is calculated automatically. The formula for the support cost ratio divides the support dollars by the staff dollars.

COMPOSITE RATIO: This item is calculated automatically. The formula for the composite ratio divides the program's staff & support dollars by the total welfare dollars.

TOTAL WELFARE BUDGET COSTS: The information being requested here is the total welfare department budget, including Medi-Cal and General Assistance. For current year, enter the total Welfare Department budget for FY 2008-09 for your county. For Budget year, enter the projected total budget for FY 2009-10.

Instructions to Complete Budget Worksheets for In-Home Supportive Services FY 2009-10

These are the instructions for completing the budget worksheets associated with the In-Home Support Services (IHSS) program. Information provided by the counties will be used to assist CDSS in developing an estimate of the FY 2009-10 basic administrative budget for costs associated with the IHSS program. The instructions are arranged in the same sequence as listed on the worksheet.

The completed form is to be submitted electronically to CDSS by e-mailing the analyst assigned to your county per Attachment I (see Attachment I on page 17 for the county assignment sheet). All questions regarding the requested information should be addressed to your county's CDSS assigned analyst.

NOTE: HIGHLIGHTED CELLS CONTAIN FORMULAS AND SHOULD NOT BE MODIFIED.

Average Number of IHSS Cases per Month: Enter the number of *Paid Cases* for your county for FY 2007-08 from the Case Management Information and Payrolling System (CMIPS).

Social Worker and Supervisors: Enter the average monthly compensation for FY 07-08, for the first two quarters of FY 08-09, for the projected average for the last two quarters of FY 08-09, and the projected average for FY 09-10. This includes the compensation for IHSS workers and first line supervisors. Please ensure that the figure listed on this form is presented as average monthly compensation and includes both salary and benefits.

Actual/County Authorized FTEs: Enter the average number of FTEs that were staffed by your county in FY 07-08, that were staffed in the first two quarters in FY 08-09, the projected staff for the last two quarters of FY 08-09, and the projected number of authorized FTEs for FY 09-10. Projected FTEs should only be based on actual staffing currently authorized by your county. This should include those FTEs that time study to the following codes: 1021 1031, 1032, 1033, 1034, 1041, 1042, and 3301. Any increases in authorized staffing should be explained in detail on the supplemental information Budget Worksheet III.

Clerical and Administrative: Enter the average monthly compensation for FY 07-08, for the first two quarters of FY 08-09, for the projected average for the last two quarters of FY 08-09, and the projected average for FY 09-10. Enter the average number of FTEs that were staffed by your county in FY 07-08, that were staffed in the first two quarters in FY 08-09, the projected staff for the last two quarters of FY 08-09, and enter the number of clerical and administrative FTEs authorized for FY 09-10. Projected FTEs should only be based on actual staffing currently authorized by your county.

Other Operating Support (Overhead) Costs: There are two categories of information listed in this section. Please present the information as it is listed on the form (allocated or direct) and specific to the program worksheet that is being completed. This information should include operating costs, purchase of services, space, travel, etc. Do not include costs for services to clients. Do not include staff development (training) costs. Costs for travel to training, rent for training facilities, etc., are acceptable as normal overhead costs. One-time costs such as moving expenses, car purchases, etc., should be explained separately on Budget Worksheet III, as these costs should not be considered part of the "base cost".

EDP Costs: List EDP costs, if any, as either direct or allocated. These costs should not include costs funded through the Information Technology Automation projects (ISAWS, CalWIN, C-IV, etc.).

INFORMATION ITEMS: Requested items in the enclosed area (lower left portion) are to be reported for both the Current Year (FY 2008-09) and Budget Year (FY 2009-10). These items are used by the CDSS County Allocations Unit for comparison purposes and are an integral part of the budgeting process.

COST PER FTE: This item is calculated automatically.

SUPPORT COST RATIO: This item is calculated automatically. The formula for the support cost ratio divides the support dollars by the staff dollars.

COMPOSITE RATIO: This item is calculated automatically. The formula for the composite ratio divides the program's staff & support dollars by the total welfare dollars.

TOTAL WELFARE BUDGET COSTS: The information being requested here is the total welfare department budget, including Medi-Cal and General Assistance. For current year, enter the total Welfare Department budget for FY 2008-09 for your county. For Budget year, enter the projected total budget for FY 2009-10.

Instructions for Excluded Premise Items

The following is a program specific list of premise items, program codes (PCs), and automation project costs which **SHOULD NOT** be included in the county administrative budget calculations on the individual budget worksheets.

CalWORKs Eligibility Administration

Please **DO NOT** include costs or cost offsets for the following activities in the budget worksheet, as these items are being considered separately as premises in FY 2009-10:

- State/County Peer Reviews
- Enhanced KinGAP Savings
- Modified Safety Net
- Child Only Time Limit
- Ten Percent Grant Reduction
- Self Sufficiency Review
- Fraud Incentives

CalWORKs WTW Employment Services

Please **DO NOT** include costs or cost offsets for the following activities in the budget worksheet, as these items are being considered separately as premises in FY 2009-10:

- Substance Abuse Services
- Mental Health Services
- Modified Safety Net
- County Performance Incentives

Non-Assistance Food Stamps (NAFS) Administration

Please **DO NOT** include costs or cost offsets for the following activities in the budget worksheet, as these items are being considered separately as premises in FY 2009-10:

- Employment Training Program
- NAFS Reduction

Foster Care Administration

Please **DO NOT** include costs or cost offsets for the following activities in the budget worksheet, as these items are being considered separately as premises in FY 2009-10:

- Enhanced Kin-GAP Savings
- Rosales v. Thompson* (PC 029)
- Kin-GAP Dual Agency – FC Savings
- PAARP Savings
- Foster Care Reforms

Child Welfare Services

Please **DO NOT** include costs or cost offsets for the following activities in the budget worksheet, as these items are being considered separately or as separate premises in FY 2009-10:

- Specialized Care Incentives and Assistance Program (PC 100)
- Emergency Assistance (EA) County Operated Emergency Shelter Care (ESC) (PC 106/107)
- EA Contracted ESC (PC 134/136)
- EA Crisis Resolution (PC 520)
- EA Case Management (PC 531-formerly PC 695)
- Federal Budget Bill – loss of Federal Financial Participation (FFP)
- CWS Live Scan/ Background Checks (PC 359)
- Minor Parent Investigations (PC 544)
- Minor Parent Services (PC 556)
- Peer Quality Case Review (PC 004/088)
- Relative/Non-Relative Home Approvals (PC 007)
- CWS/CMS Staff Development (PC 557/558)
- Adam Walsh Child Protection and Safety Act of 2006 (PC 117/155)
- Enhanced Kin-GAP Savings
- PAARP Savings
- Resource Family Approval Pilot (AB 340)
- SSI/SSP FC Application (AB 1331) (PC 709/710)
- Foster Youth Identity Theft (AB 2985) (PC 709/710)
- Personalized Transition Plan (HR 6893)
- Registered Sex Offender Check
- Increase Family Case Planning Meetings
- Notification of Relatives
- Increase Relative Search & Engagement

In-Home Supportive Services

Please **DO NOT** include costs or cost offsets for the following activities in the budget worksheet, as these items are being considered separately as premises in FY 2009-10:

- PCSP Three-Month Retroactive Benefits
- Employer of Record (AB 2235)
- Advisory Committees (PC 023)
- Quality Assurance (PC 003)
- Reduce IHSS County Admin
- Provider Enrollment Form

Automation Projects

Please **DO NOT** include costs associated with the following automation projects in the budget worksheet, unless they are claimed for reimbursement on the county expense claim. Costs claimed through automation invoicing are being considered separately in CDSS Local Assistance Budget:

- ISAWS
- LEADER REPLACEMENT (*Does not include M&O costs*)
- WCDS/CALWIN
- C-IV
- SFIS

Instructions to Complete Budget Worksheets II and III

PART II:

Compensation Package Statement – CWD Salary and Benefits Statement

Salary and benefit information, identified in this section, is used to assist in the analysis and development of recommended budgeted average salaries for each county.

Part A: Please enter the average benefits paid by the county during FY 07-08, FY 08-09, and projected for FY 09-10.

Part B: Please enter the Cost-of-Living-Adjustment (COLA) salary increase granted by the County Board of Supervisors for FY 08-09 and FY 09-10. If any given subject line contains more than one group, enter a weighted percentage.

Part C: Please enter the number of proposed pay periods in each quarter.

Explanations: In Part III provide any pertinent information to support FY 09-10 requests (i.e. future COLAs, salary adjustments due to reclassification studies or differentials in surrounding counties, labor union negotiations, etc.).

PART III:

Additional Information:

Please provide any pertinent information to support Budget Year requests (i.e. future COLAs, salary adjustments due to reclassification studies or differentials in surrounding counties, labor union negotiations, etc.),

For Direct Employment Services Delivery items describe in detail the services to be provided and by whom, the number of clients to be served, and why this is an allowable CalWORKs activity.

Welfare Fraud Investigators are identified as Peace Officers Armed, Peace Officers Unarmed, Investigator Assistants, and Supervisors. Please identify how the county's fraud investigators are staffed.

Explain funding requests that may not be consistent with prior year expenditure patterns.

Identify the program in which special consideration is being requested.

Identify county specific funding issues, such as one-time costs associated with the move of a facility or one-time purchases.

Identify salary issues such as salary adjustments due to reclassification studies.

Explain any increase in staffing to caseworkers or support staff.

Explain any significant increases in operating/overhead costs.

ATTACHMENT C

CODB Worksheet Instructions

The CODB worksheets should be utilized to complete the County Administrative Budget Worksheets (Attachment B) for prior year (FY 07-08), current year (FY 08-09), and estimated future year (FY 09-10) expenditures. The utilization of this sheet will ensure consistency among counties in obtaining expenditure information.

Similar to the County Administrative Budget Worksheets (Attachment B), the CODB worksheets have several tabs; one for each program: CalWORKs Eligibility Basic, CalWORKs Employment Services Basic, Non-Assistance Food Stamp Administration, Child Welfare Services Basic Costs, Foster Care Administration, and In-Home Supportive Services Basic Costs.

The following needs to be noted about all spreadsheets:

The worksheet is color coordinated: Peach color is for Data Entry. Light Blue indicates cells with formulas. Pink section is the crosswalk between the County CODB sheet and the State worksheet. And, Yellow section lists the codes for each program.

At the bottom of each sheet highlighted in yellow listed are appropriate program codes for each program. Please use only costs and FTEs for listed program codes.

All of the costs entered are pre shifts (prior to any common cost shift from CalWORKs to Food Stamps and Medi-cal, prior to PAFS shift, etc). The only exception is the Fraud Shifts. Fraud costs should be entered post shift. There are three codes which require splitting costs between the CalWORKs and NAFS allocations. Fraud codes and the shift cheat sheet are located at the bottom of the CalWORKs Eligibility tab.

To facilitate reconciliation for the State between County CODB information and the County Expense Claim information, for the CalWORKs Eligibility and NAFS tabs, two lines have been added to capture the value of the PAFS and the Initial Eligibility shift. These shift amounts can be identified on the DFA 327.3 schedule for PAFS shift and DFA 327.5P schedule for the Initial Eligibility Shift.

Staff development costs are not included as these are figured out differently by the State.

Use the latest available claims for each quarter.

Operational costs are requested for all programs; for these lines, only enter truly operational costs. Exclude DA fraud agreements in CalWORKs and Food Stamps, as well as CalWORKs Employment Services directs and CWS directs. Direct charge operational costs include overtime, which is a change from the prior year.

At the bottom of each sheet, all codes that are relevant to data collection for a particular program are listed. For most data cells, you will need to add up numbers associated with each program code.

Enter data in the peach colored area only; all other sections have formulas

The pink section at the bottom of each program sheet represents a crosswalk between the CODB worksheets (Attachment D) and the County Administrative Budget worksheets (Attachment B). Formulas have been entered in this section to calculate appropriate values for the Budget worksheets, thus no additional

calculations are needed to come up with the values that are to be entered on the State sheet.

Differences among the sheets:

Foster Care and, In-Home Supportive Services have the same line items and include only operational direct costs;

IHSS DA fraud investigation and prosecution costs should be treated as operational costs. Any other contracted services for IHSS (ie. contract PHNs from Health Department) should be treated as Operational costs.

CalWORKs Eligibility and Non-Assistance Food Stamps have FTE costs for Fraud staffing for those counties that employ Fraud investigators; there are also lines for DA Fraud contract costs (investigation and prosecution) for those counties who contract out this service. Do not forget to shift FTEs for Fraud Pins similar to how the costs would be shifted as listed on the Fraud Shift cheat sheet on the CalWORKs Eligibility page.

DA fraud costs, if contracted out, need to be entered in only DA Fraud Direct cost lines and excluded from operational direct costs.

Direct service costs for Child Welfare Services are excluded as they are estimated separately by the State.

Employment services direct costs are captured in separate lines from operational direct costs. Use DFA 325.1B to enter this detail which is located at the bottom of the spreadsheet under employment services program codes section.

The pink crosswalk section includes all of the necessary formulas to calculate appropriate values to transfer to the County Administrative Budget worksheets. No additional calculations are needed. Once the data input cells are completed this section will automatically be completed based on the entries of the peach cells.

The following CEC Claim schedules are necessary for completion of the CODB worksheets (Attachment D):

DFA 7A – Support Staff Summary

DFA 7B – Reconciliation of General Administration, Program Administration, and Clerical Support Staff Salaries and FTEs

DFA 55 – Casework Time Study and Salary Distribution Summary

DFA 325.1 – CEC Expenditure Schedule (page 2)

DFA 325.1B – Direct Cost Input Schedule

DFA 327.1 – Distribution of Salary Cost and Allocable Support Staff and Operating Costs

DFA 327.2 – EDP Cost Schedule

DFA 327.3 – Program Cost Summary

DFA 327.5P – Welfare Program Adjustments and Fiscal Incentives

DFA 403 – Full Time Equivalent Calculation

The first tab of Attachment D has line by line instructions on how to complete the CODB worksheets; the CalWORKs eligibility sheet was utilized as an example; all other programs are similar or have differences that are addressed within the instructions.

Changes from the Prior Year

1. Columns have changed! There are still 4 columns for the prior year. There are still 2 columns for the 1st two quarters of the current year. The change is that there is only ONE column for qtr 3 and Qtr 4 of the current year and 1 column for the Next fiscal year. Thus the assumption is that the Column J will have 6 months worth of costs for the current year and that column K will have full year costs for the next year. All formulas are such that this has been anticipated! Pink crosswalk section formulas are updated for this change of columns as well. Formulas in columns N (Last 4 Qtrs) and (Current Year Total) were changed to reflect changes in columns J & K.
2. As in the prior year, sections containing lines for Function Ratios (37 thru 40 on the CalWORKs sheet), DFA 7B information (lines 55-87 on CalWORKs Eligibility) are the same for EVERY Program. The Change is that these cells in every other sheet (WTW, NAFS, FC, IHSS, CWS) are linked to the CalWORKs Eligibility sheet, so once you populate the CalWORKs Eligibility sheet, all other sheets will be populated as well.
3. Direct Charge Operating Costs related to Staff – OT/CTO costs (line 18 in CalWORKs) is no longer included in the average salary calculation. Thus Caseworker Salaries and Benefits (line 88 for CalWORKs) reflects a changed formula to exclude OT costs from the average salary.
4. OT costs were added to the Operating Costs total. This change is reflected in the Operating Cost formula (line 93 for CalWORKs Eligibility tab). It is also reflected in the Direct Operating Support Costs in the pink section.
5. Pink Section has been simplified to eliminate additional calculations by the counties. Cells have been merged, fiscal years noted and formulas adjusted, so that all you have to do is pick up the number from the pink section and transfer it to the State Worksheet.
6. For the CalWORKs Eligibility and the NAFS worksheets only: Lines have been added to identify PAFS shift and Initial Eligibility shift. These are also reflected in the pink section as the State worksheets will have these lines as well.
7. For the CalWORKs Eligibility worksheet only – a cheat sheet for Fraud costs is included on second page highlighted in orange. This cheat sheet provides you with a list of codes that contain combined CalWORKs and NAFS fraud costs or FTEs that should be split between CalWORKs and NAFS allocations.

If you have questions or need clarification regarding any of the cells on the CODB worksheets, please use the following county program contacts:

CalWORKs Eligibility Basic:

John Kazalunas, San Bernardino County, jkazalunas@hss.sbcounty.gov

CalWORKs Employment Services Basic

Sanja Kovacevic, Fresno County, SKovacevic@co.fresno.ca.us

Non-Assistance Food Stamp Administration

1/ Calculation of Casework Full-Time Equivalents

- a. Divide the total paid hours for the part time employees by the total hours in the time study month; exclude any over-time hours from the calculation. The resulting percentage represents the full-time equivalent of the employee.
- b. Total the percentages of all part-time employees to obtain the total full-time equivalent for the salary pool.

2/ Calculation of Support Staff Full-Time Equivalents

- a. Determine the percentage of time worked and/or pay received for each part-time employees; exclude any over-time hours/pay from the calculation.
- b. Total the percentages of all part-time employees to obtain the total full-time equivalent for the salary pool.

Converting FoxPro Files to Excel

Background:

FoxPro is a database program published by Microsoft. Information stored in its files is stored in .DBF format (Database) and can be converted to Excel with a DBF Viewer (see below).

The Quarterly CECs are inputted into FoxPro and stored in a series of DBF files. Due to FoxPro's hardcode programming, only a limited number of useful files are downloadable. Locate where your files are stored. The files will look like this:

The screenshot shows a Windows Explorer window with the following table of files:

Name	Size	Type	Modified
cw_salbn.dbf	1 KB	DBF File	3/1/2007 10:18 AM

Here are some samples of DBF Files that were generated by FoxPro.

Note: These files can be exported to Excel and used for the CODB or Quarterlies.

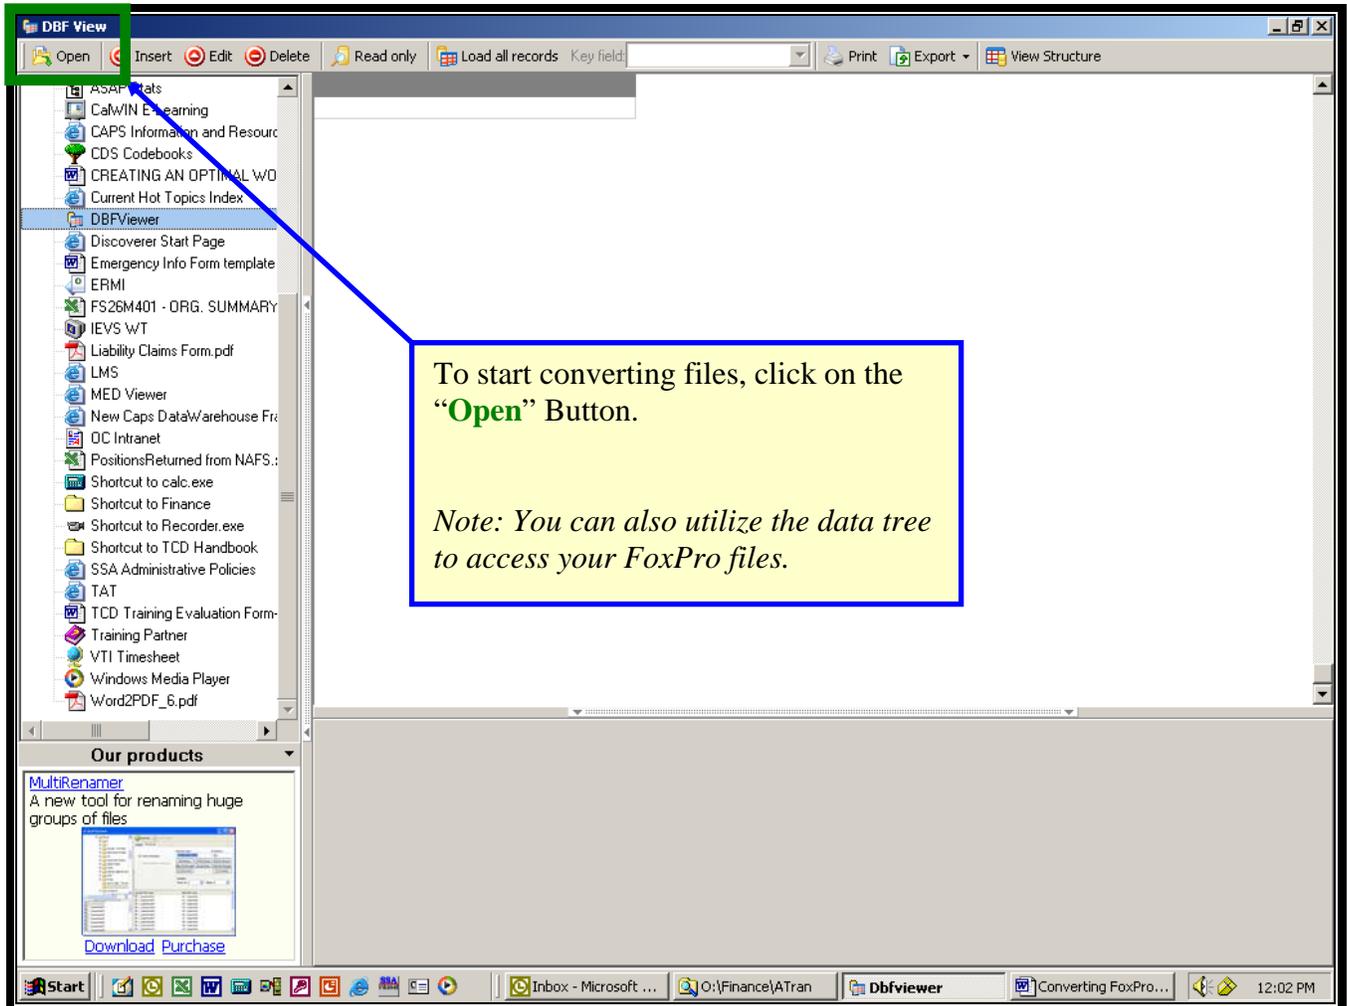

DBF Viewer

The viewer is a small (1.75 MB) program and can be copied onto your computer. It is a relatively easy program to navigate.

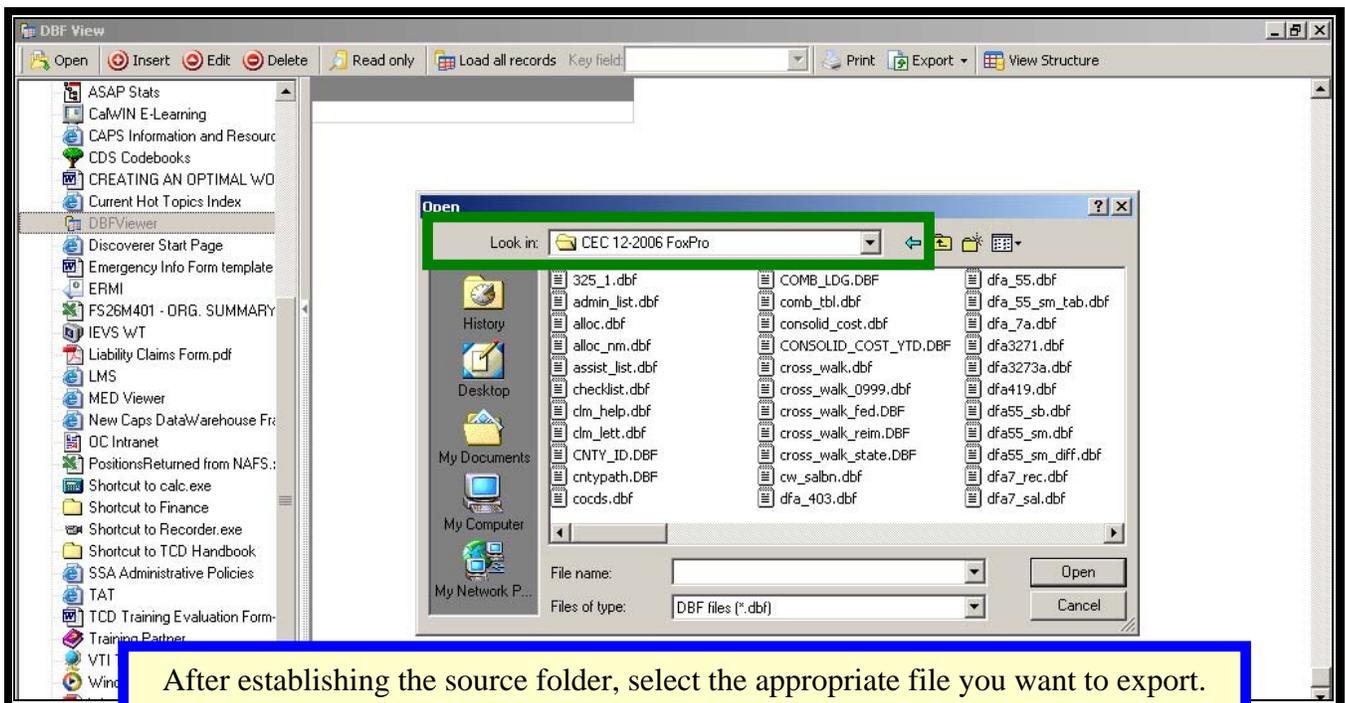

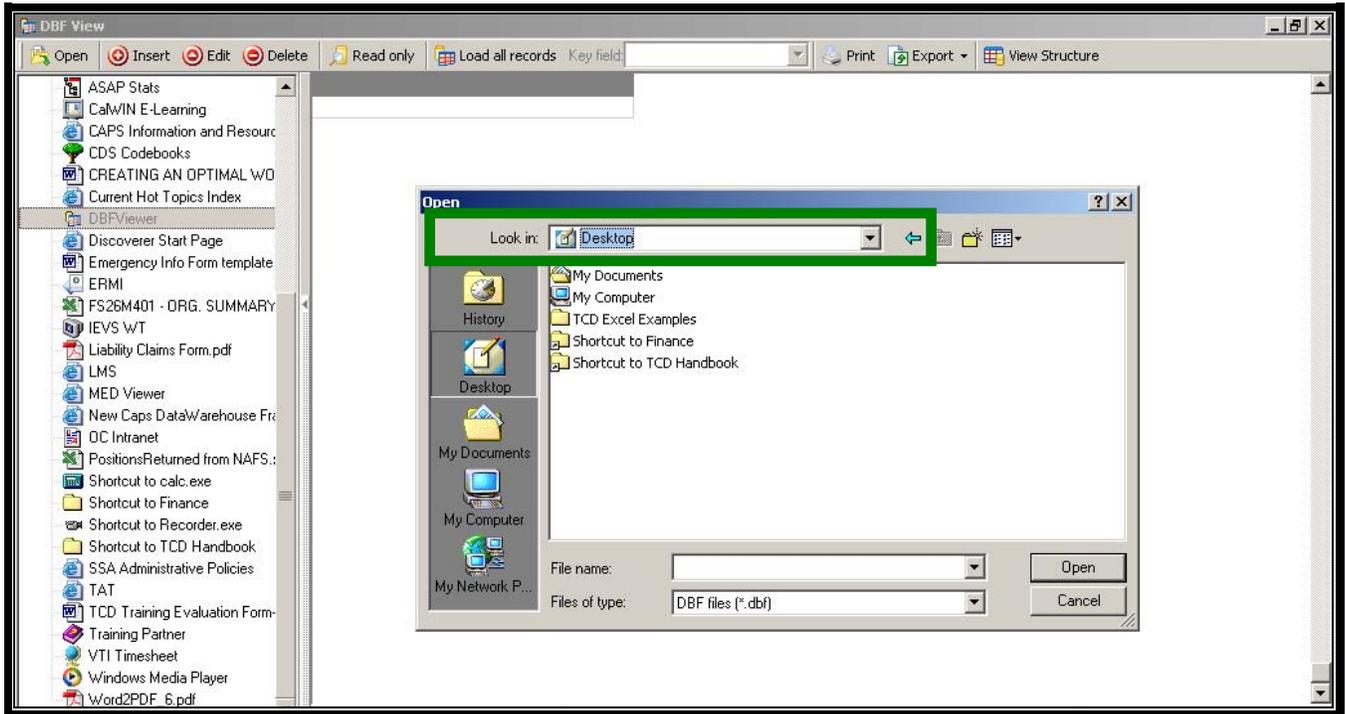

Using the DBF Viewer:

When the software is launched, the viewer will look like this:

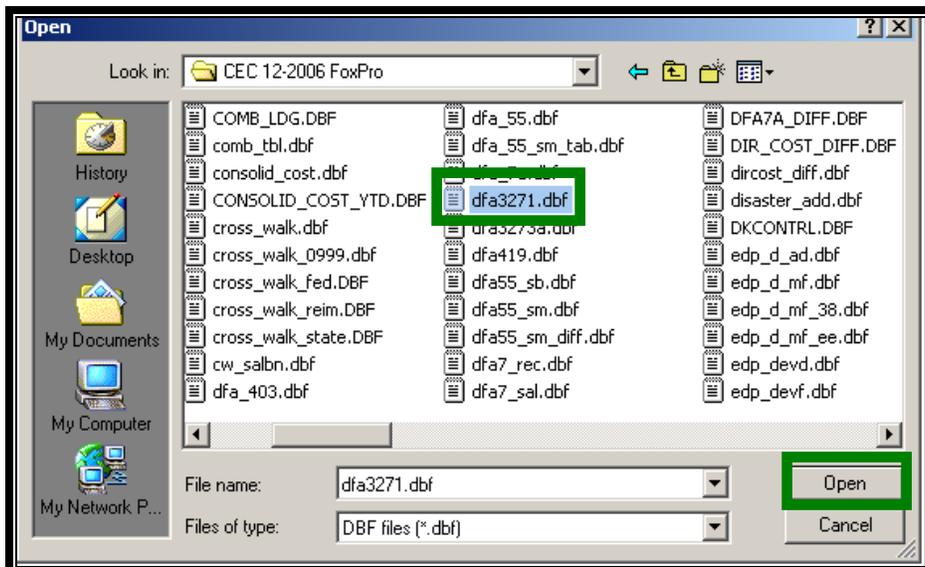

Once you've clicked the "Open" Button, a pop-up menu will appear. Put in the appropriate pathway for the DBF file (FoxPro). This is the source folder where DBF Viewer will pull files.

After establishing the source folder, select the appropriate file you want to export. Majority of the files are appropriately named after the schedule number (Example: DFA 327.1, DFA 55, etc).

** See reference page for more information*

**Select the file name
Click “Open”**

In our example, we’ve selected a file titled “dfa3271.dbf”. This is for report DFA 327.1 – Distribution of Salaries, Allocation and Operating Costs.

The DBF File will now be extracted into a spreadsheet.

In this example (DFA 327.1), we can see the Program Codes, the Program Titles, program ratios and salary distributions associated with each PIN.

Note: The Columns may not appear in the exact order as on the hard copies of the CEC.

To export the file to Excel:
Click on the “Export” Button
Select “Export to Excel”

Hint: Changes made on this screen will automatically save in the DBF file. Do not edit any information. You can click on the “Read Only” Button to prevent changes from happening.

File name: DFA 327.1

Save as type: Excel files (*.xls)

Select a folder to export the file:
Choose a name for the file
Press “Save”

Note: Once the file is saved, you can open it up with Excel. Formatting may be required to ensure that the report is user-friendlier.

Reference

Reports needed for Quarterlies:

327.1	Distribution of Salary, Allocation and Operating Costs
327.3	Program Cost Summary
327.5 P1	Welfare Program Adjustment and Fiscal Incentive
327.4	Staff Development Cost Summary and Funding
327.5	Welfare Program Funding

Reports needed for CODB:

7A	Support Staff Summary
7B	Reconciliation of General Admin, Prog Admin, Clerical Support and FTE
55	Casework Time Study and Salary Distribution by Cost Pool/Program
325.1	CEC Expenditure Schedule
327.1	Distribution of Salary, Allocation and Operating Costs
327.2	EDP - Cost Schedule
327.3	Program Cost Summary
403	FTE Calculation
325.1B	Direct Cost Input Schedule

FoxPro Files Equivalents (based FY 06-07 Quarters):

VLOOKUP

What is VLOOKUP?

It is an Excel Function that is used within tables to help filter through large volumes of data and select the appropriate data based on given conditions.

For example:

Lets say you want to find the Expenses for PIN 100 and 300.

Your table of data is:

Object	Expense
100	\$1000
200	\$1050
300	\$2000
400	\$2250
500	\$3000

The VLOOKUP formula would automatically look through the list of your Objects and pick out the corresponding data.

For the above example, the formula will provide expenses \$1000 (for PIN 100) and \$2000 (for PIN 300).

HINT!

How does this help me? I can manually input it.

Imagine a table with over 3,000 rows of data—and they're not in any logical order. You can definitely input the data manually but it will take more time and may not be as accurate due to keypunch errors.

With VLOOKUP, the computer will filter out the needed information for you—regardless of the volume or organization of the data!

How does the VLookup Formula look?

There are 4 components in the VLOOKUP formula. Three are mandatory (**bold** in screen shot below) and one is optional.

- 1) **Lookup_value** – The value you want to look up.
- 2) **Table_array** – The table of data you want to look up
- 3) **Col_index_num** – If you find a match, which column of data you want to pull.
- 4) **Range_lookup** – Put in FALSE to find only exact matches (*recommended*)

CEC - FoxPro Data Tables				CODB	
PIN (Column 1)	Salaries (Column 2)	Training (Column 3)	Shifts (Column 4)	PIN	Salaries
003	20	1	(1)	003	FALSE
010	22	2	0	010	22
050	25	3	0	452	55
100	30	4	0	615	80
125	35	5	0	217	87
148	50	6	0	156	100
452	55	7	0	362	115
063	70	8	0		
121	75	9	(10)		
615	80	10	0		
617	82	11	(2)		
087	85	12	0		
217	87	13	0		
236	93	14	(5)		
156	100	15	0		
137	105	16	(1)		
362	115	17	(3)		
685	200	18	0		
				Total:	479

In the example above, we have a table with 18 PIN codes. The corresponding Salaries, Training Costs and Shifts are in subsequent columns.

Lets assume that we only want the Salary information for PIN Codes 003, 010, 452, 615, 217, 156 and 362.

The VLOOKUP Formula is **=VLOOKUP (A3,A12:C28,2,FALSE)**

Important! The columns with the PIN codes need to be formatted as TEXT!

CEC - FoxPro Data Tables				CODB	
PIN (Column 1)	Salaries (Column 2)	Training (Column 3)	Shifts (Column 4)	PIN	Salaries
003	20	1	(1)	003	20
010	22	2	0	010	22
050	25	3	0	452	55
100	30	4	0	615	80
125	35	5	0	217	87
148	50	6	0	156	100
452	55	7	0	362	115
063	70	8	0		
121	75	9	(10)		
615	80	10	0		
617	82	11	(2)		
087	85	12	0		
217	87	13	0		
236	93	14	(5)		
156	100	15	0		
137	105	16	(1)		
362	115	17	(3)		
685	200	18	0	Total:	479

The formula automatically looks in the FoxPro Data Table above and pulls the appropriate **Salaries** that correspond to the **PIN** listed in the CODB Table (Column F)

Here's how the Formula works:

VLOOKUP

Lookup_value: F6 = "003"

Table_array: A:D = {...}

Col_index_num: 2 = 2

Range_lookup: FALSE = FALSE

= 20

Searches for a value in the leftmost column of a table, and then returns a value in the same row from a column you specify. By default, the table must be sorted in an ascending order.

Range_lookup is a logical value: to find the closest match in the first column (sorted in ascending order) = TRUE or omitted; find an exact match = FALSE.

Formula result = 20

OK Cancel

Based on the range of data, the **Lookup_value** will reference Cell F6 or PIN "003"
 Next, the **Table_array** will look for data in the table range from columns A:D. The first column (A) will represent the reference column. Subsequent columns are the data columns associated with this reference (ex: Salaries, Training, Shifts)

The **Col_Index_num** represents the data column to pull. In our example, after we find a match in the Objects (Column A or #1), we want to pull Expense data which is in the 2nd column of the Table Array.

- If we want to pull YTD Data, we would pull from Column C or #3.

Range_lookup should be FALSE to have an exact match. Use True if you want partial matches.

Formula used in Database

A modified VLOOKUP formula must be used in order to anticipate certain situations where the values would be #N/A.

The primary situation is when we have a data code but the database table doesn't.

For example, we have PIN Code 665 but there are no costs associated with it. Since there is no cost, the CEC reports may not carry the line item.

The #N/A Value will prevent further mathematical manipulations.

Our CODB has PIN Code 665. However, this code isn't in the FoxPro Data Table.

This results in the #N/A.

#N/A prevents us from summing the Salaries.

CEC - FoxPro Data Tables				CODB	
PIN (Column 1)	Salaries (Column 2)	Training (Column 3)	Shifts (Column 4)	PIN	Salaries
003	20	1	(1)	003	20
010	22	2	0	010	22
050	25	3	0	452	55
100	30	4	0	615	80
125	35	5	0	217	87
148	50	6	0	156	100
452	55	7	0	362	115
063	70	8	0	665	#N/A
121	75	9	(10)		
615	80	10	0		
617	82	11	(2)		
087	85	12	0		
217	87	13	0		
236	93	14	(5)		
156	100	15	0		
137	105	16	(1)		
362	115	17	(3)		
685	200	18	0	Total:	#N/A

To avoid this problem (#N/A), we embed the VLOOKUP formula into an IF Statement.

Formula result = 0

CEC - FoxPro Data Tables				CODB	
PIN (Column 1)	Salaries (Column 2)	Training (Column 3)	Shifts (Column 4)	PIN	Salaries
003	20	1	(1)	003	20
010	22	2	0	010	22
050	25	3	0	452	55
100	30	4	0	615	80
125	35	5	0	217	87
148	50	6	0	156	100
452	55	7	0	362	115
063	70	8	0	665	0
121	75	9	(10)		
615	80	10	0		
617	82	11	(2)		
087	85	12	0		
217	87	13	0		
236	93	14	(5)		
156	100	15	0		
137	105	16	(1)		
362	115	17	(3)		
685	200	18	0	Total:	479

What does this formula do and how does it work?

The formula is:

=IF(ISNA(VLOOKUP(F13,A:D,2,FALSE)),0,VLOOKUP(F13,A:D,2,FALSE))

IF

Logical_test: ISNA(VLOOKUP(F13,A:D,2,FALSE)) = TRUE

Value_if_true: 0 = 0

Value_if_false: VLOOKUP(F13,A:D,2,FALSE) = #N/A

Returns one value if a condition you specify evaluates to TRUE and another value if it evaluates to FALSE.

Value_if_false is the value that is returned if Logical_test is FALSE. If omitted, FALSE is returned.

Formula result = 0

OK Cancel

The **Logical test** checks the conditions to see if an #N/A will result. We complete that by putting our original VLOOKUP in the ISNA function. If the value is #N/A, it will return a TRUE.

If our VLOOKUP in the Logical_test produces an #N/A (TRUE), we know that there is no costs associated with the PIN in the CEC - FoxPro Data Table. We set the **Value_if_true** to ZERO.

If our VLOOKUP in the Logical_test produces a valid result, the Logical_test will be FALSE (Is not #N/A). Therefore, we can proceed with the original VLOOKUP formula in the **Value_if_false** field to perform the data query.

Important Reminder! *The Data Spreadsheet columns with the PIN codes need to be formatted as TEXT prior to pasting from FoxPRO!*
