SUB-RECIPIENTS UNDER GRANTS

9. States are required to determine recipient type when sub-granting or contracting using Federal funds. In accordance with the standards set in OMB Circular A-133, the determination is based on the substance of the relationship with the State, rather than the form of the agreement.
 - The presence of one or more of the following conditions would indicate that the sub-recipient should be considered a sub-grantee and is subject to the provisions of OMB Circular A-133:
 - a. Determines who is eligible to receive what Federal financial assistance;
 - b. Has its performance measured against whether the objectives of the Federal program are met;
 - c. Has responsibility for programmatic decision making;
 - d. Has responsibility for adherence to applicable Federal program compliance requirements;
 - e. Uses the Federal funds to carry out a program of the organization as compared to providing goods or services for a program of the pass-through entity;
 - The presence of one or more of the following conditions would indicate that the sub-recipient should be considered a vendor and is not subject to the provisions of OMB Circular A-133:
 - a. Provides the goods and services within normal business operations;
 - b. Provides similar goods or services to many different purchasers;
 - c. Operates in a competitive environment;
 - d. Provides goods or services that are ancillary to the operation of the Federal program;
 - e. Is not subject to compliance requirements of the Federal program.
10. No organization may participate in these programs in any capacity or be a recipient of Federal funds designated for these programs if the organization has been debarred or suspended or otherwise found to be ineligible for participation in Federal assistance programs under Executive Order 12549, "Debarment and Suspension." (See 45 CFR 92.35.) States must include a similar term and/or condition for all sub-awards or contracts awarded under these programs. Prior to issuing subawards or contracts under this grant, the state must consult the ineligible parties list to ensure that organizations under funding consideration are not ineligible. The list is available on the Web at <http://www.epls.gov>.
11. The State is responsible for monitoring grant, sub-recipient and contract supported activities to assure compliance with Federal requirements and that performance goals are being achieved. Grantee monitoring must cover each program, function and activity. (See 45 CFR 92.40.)
12. The State is required to advise sub-recipients of requirements imposed on them by Federal laws, regulations, and the provisions of grant agreements or contracts as well as any supplemental requirements imposed by the State. These include grant administrative requirements under 45 CFR Part 92, audit requirements under OMB Circular A-133 (where applicable) and cost principles according to recipient type:
 - Non-Profit Organizations: 2 CFR Part 230;

- Educational Institutions: 2 CFR Part 220;
 - Commercial Vendors or Subcontractors: 48 CFR Part 31.
13. States must ensure that any sub-recipient that expends Federal funds totaling \$500,000 or more during the course of its fiscal year must arrange for a financial audit in compliance with the requirements of OMB Circular A-133.

NON-FEDERAL SHARE OF PROGRAM FUNDING

14. For these programs, States are required to provide a portion of program funding, ranging from **25 or 35 percent** for training costs to **50 percent** for other expenses of program administration, assistance payments and computer systems.
- In most instances all of the non-Federal share of funding for these programs will be appropriated specifically for that purpose by State legislatures;
 - Third party in-kind contributions may not be used as the non-Federal share of any program expenditure. (Federal regulations at 45 CFR 1355.30(c) specifically exclude the requirements of 45 CFR 74.23 [now, 45 CFR 92.24], "Matching or cost sharing," from applicability to these programs.)
 - Donated funds may be used as the non-Federal share under the following conditions:
 - a. The donor may specify the activities to be supported by the donation, but may not be a sponsor or operator of the specified activity. Any specified activity must be an allowable expense under all applicable laws, regulations and policies governing these programs;
 - b. The donor may specify the geographic area in which the specified activity is to be provided;
 - c. Donations provided for training expenditures under title IV-E must come from a public source.

FINANCIAL REPORTING

15. States are required to file quarterly reports indicating the amount of Total and Federal share of funds that have been expended in the preceding quarter and an estimate of the funding required for the upcoming quarter. **Form CB-496, "Title IV-E Programs Quarterly Financial Report"** is required for this purpose.
- a. States are requested to file these reports electronically through the ACF On-Line Data Collection (OLDC) system. OLDC requires electronic signatures from the appropriate State official. (See Action Transmittal OA-ACF-AT-01-05, issued January 24, 2005.) When electronic reports are completed and submitted, no paper submission is required.
 - b. For States that elect to submit paper copies of the required expenditure reports, send one (1) copy with an original signature of each submission of Form CB-496 to the financial office. (See "Important Addresses," below.) Send an additional copy of each submission to the Regional Grants Officer in the appropriate regional office.
 - c. Regardless of the method of submission, each quarterly report must be submitted within 30 days of the end of each fiscal quarter (i.e., **no later than January 30, April 30, July 30, and October 30**). (See 45 CFR 1355.31(n)(1) and 45 CFR 92.40, 92.41 and 201.5)
