Factual Basis:

The adoption of the definition for “CLETS” is necessary to clarify existing regulations that refer to an authorized search of the CLETS that is conducted for all persons associated with an approved home. The search is conducted using the person’s name and social security number. This definition is consistent with California Code of Regulations, Title 22, Division 6, Chapter 9.5, Article 3, Foster Family Homes.

Section 31-002(c)(34)

Specific Purpose:

This section is being renumbered and the definition is amended to clarify the term “criminal records check.”

Section 31-002(d)(4)

Specific Purpose:

This section is necessary to adopt a definition of the term “documented alternative plan.”

Factual Basis:

AB 1695 (Chapter 653, Statutes of 2001) clarifies that California’s relative caregiver approval process employs the same standards used to license foster care homes in accordance with the federal Adoption and Safe Families Act of 1997. This definition is consistent with California Code of Regulations, Title 22, Division 6, Chapter 9.5, Article 3, Foster Family Homes.

Section 31-002(e)(2)

Specific Purpose:

This section is amended to include the nonrelative extended family member as a placement resource for the temporary placement of a child. This section also amends the language from “social worker” to “county welfare department or probation department” to clarify that the county welfare department or probation department is responsible for the assignment and completion of these duties and may delegate these duties as appropriate. This language also recognizes that some children are under the care and custody of the probation department. Also, the word “visit” is being replaced with the word “inspection” to more accurately describe the in-home assessment activity necessary to determine the safety of the home and the ability of the relative to care for the child’s needs.

Factual Basis:

Responsibilities noted in this section include functions that do not have to be carried out by a social worker or probation officer but may be delegated as the county welfare department or probation department deems appropriate. This language has been amended to accurately reflect the agencies’ ability to delegate specified tasks as permitted under existing law. Where the first contact with the family has occurred during an emergency situation in which the child could not safely remain at home, the county welfare department or probation department shall determine if a relative or nonrelative extended family member is available and requests temporary placement of the child pursuant to Welfare and Institutions Code Sections 309(d), 319(f), and 727. This definition clarifies county welfare department or probation department’s activity for assessing a relative or nonrelative extended family member home for emergency placement and clarifies that the home is “inspected” rather than just “visited.”

Section 31-002(e)(11)

Specific Purpose/Factual Basis:

Section 31-002(f)(6)

Specific Purpose:

This section is being adopted to define the term “Federal Bureau of Investigation (FBI) Clearance.”

Factual Basis:

The adoption of this definition is necessary to clarify the kinds of infractions of the law that are included and those that are not included when a “Federal Bureau of Investigation (FBI) Clearance is issued. The ability to be approved as a caregiver depends upon whether the person has a criminal record clearance. This definition is consistent with California Code of Regulations, Title 22, Division 6, Chapter 9.5, Article 3, Foster Family Homes.

Section 31-002(f)(7)(D)

Specific Purpose:

This section is being renumbered and amended to replace the words “a foster family home which has been certified pending licensure” with the words “an approved foster family home” as a type of foster home within the definition of “foster care.”

Factual Basis:

This amendment is necessary to repeal the term and definition of “certified pending” from the regulations. This term is repealed because federal and state law since 1998, have required that all core health and safety requirements must be met before a license/approval is issued and therefore prohibits certified license pending Foster Family Homes. AB 1695 amended Welfare and Institutions Code Sections 319(f), 361.2(h), 727, 11402, and 16507.5(b) to delete this obsolete language.

Section 31-002(f)(7)(F)

Specific Purpose/Factual Basis:

This section is amended to repeal the words “of a relative other than the child’s parent/guardian” that describes the home as a type of foster home within the definition of foster care. AB 1695 clarifies that foster care placement with relatives shall be specified as an approved family home as proposed in new Section 31-002(f)(7)(D).

Section 31-002(f)(10)

Specific Purpose:

This section is amended to add the words “or approved” to specify that the definition of a foster parent shall include persons whose home is approved by the child placement agency; adds the words “by a licensed foster family agency” to clarify who certifies a home; deletes the words “a person to whom the responsibility for the provision of foster care is delegated by the licensee” because it is obsolete language; and replaces the words “relative other than the child’s parent/guardian” with the word “person” to repeal the relative description now being described as an approved foster family home.

Factual Basis:

AB 1695 amended Welfare and Institutions Code Sections 309(d), 319(f), 361.2(h), 727 and 11402 to clarify that the approved family home is a type of foster home for foster care placement and as such, persons whose homes are approved meet the definition of foster parent. The additional amendments are not substantive. Changes were made for text clarity purposes only.

Section 31-002(i)(1)(A) (renumbered to Section 31-002(t)(4))

This section is renumbered and amended for clarity and ease of locating the definition.

Section 31-002 (i)(4)

Section 31-002(n)(3)

Specific Purpose:

This section is being adopted to define the term “Nonrelative Extended Family Member.”

Factual Basis:

The adoption of this term is necessary to describe a new category of placement types that include family members that do not meet the relative definition (Welfare and Institutions Code Section 361.3(c)(2)) and persons that have an established familial or mentoring relationship with the child as defined in Welfare and Institutions Code Section 362.7. Persons meeting the criteria of a nonrelative extended family member will be approved by the placing agency pursuant to Welfare and Institutions Code Section 309(d).

Section 31-002(t)(4) (renumbered from Section 31-002(i)(1)(A))

Specific Purpose:

This section is being renumbered to place the definition in a more appropriate location. The language “the portion of the child’s case plan that describes” was added to clarify that the Transitional Independent Living Plan (TILP) is part of the child’s case plan. The words “and savings” is added to emphasize the importance of savings.

Factual Basis:

This section is renumbered and amended for clarity and ease of locating the definition. Because the term “TILP” is used independently of the “Independent Living Program” (ILP) term, it is necessary to place it in the appropriate location. The additional language has been added for clarity.

Section 31-075.3(s) and (s)(9)

Specific Purpose:

These sections are being amended to specify that the county child welfare and probation departments are required to maintain in a child’s case record the new documentation requirement for the approved home of a relative or nonrelative extended family member.

Factual Basis:

This section is amended to provide direction to county welfare and probation departments that the approval documentation must be located in the child's case record to indicate that a relative or nonrelative extended family member home meets specified standards described in MPP Section 31-445. Documentation is required to provide evidence in federal and state audits that the home of approved caregivers meet the same specified standards as licensed caregivers.

Section 31-075.3(t)(3)

Specific Purpose:

This section is being repealed to eliminate the obsolete requirement for documenting the reasons that a child is placed in a family home that has been certified pending licensure.

Factual Basis:

This revision is necessary to comply with the provisions of AB 1695 that amended Welfare and Institutions Code Sections 319(f), 361.2(h), 727, 11402, and 16507.5(b) to delete the obsolete language referring to certified license pending. Since 1998 (AB 1544, Statutes of 1997 and SB 645, Statutes of 1998) all foster family homes are required to meet full licensure or approval requirements.

Section 31-401.5

Specific Purpose:

This section is amended to add the approved family home as an appropriate in-state or out-of-state placement resource and to change the word "awarded" to "afforded" for clarity. This section is also amended to add applicable authority citations and remove authorities cited that are no longer applicable.

Factual Basis:

AB 1695 amended Welfare and Institutions Code Sections 309(d), 319(f), 361.2(h), 727 and 11402 to clarify that the approved family home is a type of foster home for foster care placements meeting the requirements specified in California Code of Regulations, Title 22, Division 6, Chapter 9.5, Article 3, Foster Family Homes.

Sections 31-405.1(d) and (d)(1)

Specific Purpose:

These sections are being adopted to include the nonrelative extended family member as a placement resource for the social worker/probation officer to consider when arranging for a child's placement, and provides direction to county placing agencies regarding the policy and procedures for placement.

Factual Basis:

When a social worker/probation officer is arranging for a child's placement, they must adhere to an established priority order for placement and ensure specified considerations are made about the prospective location and caregiver of the child. AB 1695 revised the list of homes into which a dependent child who is under the care, custody, and control of a social worker, or a ward of the juvenile court who is under the care, custody, and control of a probation officer, may be placed to specifically include the home of a nonrelative extended family member as defined in Welfare and Institutions Code Section 362.7. Persons meeting the criteria of a nonrelative extended family member will be approved by the placing agency pursuant to Welfare and Institutions Code Section 309(d). This section will ensure that as a part of placement workers activities, the nonrelative extended family member is considered within the appropriate priority order and assessed according to the standards specified in Welfare and Institutions Code Sections 361.3 and 727 and MPP Section 31-445, which incorporates California Code of Regulations, Title 22, Division 6, Chapter 9.5, Article 3, Foster Family Homes.

Section 31-405.1(e)

Specific Purpose:

This section is adopted to clarify that the social worker/probation officer is responsible for meeting the requirements of specified sections when approving the home of a relative or nonrelative extended family member.

Factual Basis:

AB 1695 (Chapter 653, Statutes of 2001) clarifies that California's relative caregiver approval process employs the same standards used to license foster care homes in accordance with the federal Adoption and Safe Families Act of 1997. This section clarifies that the social worker/probation officer is required to ensure that the relative and nonrelative extended family member meet the standards specified in Welfare and Institutions Code Section 361.3 and MPP Section 31-445, which incorporates California Code of Regulations, Title 22, Division 6, Chapter 9.5, Article 3, Foster Family Homes.

Sections 31-405.1(f) through (q)

Specific Purpose/Factual Basis:

These sections are being renumbered for clarity as a result of the adoption of Sections 31-405.1(d) and (e).

Section 31-405(r)

Specific Purpose:

This section is being adopted to clarify that the social worker/probation officer is responsible for providing the out-of-home care provider with the child's case plan that identifies the child's needs and services.

Factual Basis:

Current regulations at Section 31-405 delineate various activities that the social worker/probation officer is responsible for when arranging a child's placement. In addition to other requirements, activities include ensuring that the out-of-home care provider understands and supports the child's case plan and is aware of changes, and providing the care provider with the child's background and behavior information. The adoption of this section maintains consistency with related licensing foster family home regulations when meeting the requirements for providing caregivers with the information necessary to provide appropriate services to a child as required in MPP Section 31-445, which incorporates California Code of Regulations, Title 22, Division 6, Chapter 9.5, Article 3, Foster Family Homes.

Section 31-410.42

Specific Purpose:

This section is being amended to add the approved family home as a placement resource for the social worker/probation officer to consider when selecting a temporary placement for the child; and deletes the obsolete language to the certified family home whose license is pending as a placement resource.

Factual Basis:

When selecting a temporary placement for a child the social worker/probation officer is required to adhere to a priority order. This amendment adds the approved family home to the priority list and repeals the certified family home whose license is pending. AB 1695 amended Welfare and Institutions Code Sections 309(d), 319(f), 361.2(h), 727, and 11402 to clarify that the approved family home is a type of foster home for foster care placements meeting the requirements specified in MPP Section 31-445, which incorporates California Code of Regulations, Title 22, Division 6, Chapter 9.5, Article 3, Foster Family Homes. AB 1695 amended Welfare and Institutions Code Sections 319(f), 361.2(h), 727, 11402,

and 16507.5(b) to repeal as a placement resource the obsolete certified license pending family home. Since 1998 (AB 1544, Statutes of 1997 and SB 645, Statutes of 1998) all foster family homes are required to meet full licensure or approval requirements. AB 1695 is the vehicle used to repeal obsolete language remaining in statute referring to certified license pending family home.

This section is being renumbered for consistency.

Section 31-410.5

Specific Purpose:

This section is also amending language from “social worker” to “county welfare department or probation department” to clarify that the county welfare department or probation department is responsible for the assignment and completion of these duties and may delegate these duties as appropriate. This language also recognizes that some children are under the care and custody of the probation department.

Factual Basis:

AB 1695 revised the list of homes into which a dependent child who is under the care, custody, and control of a social worker, or a ward of the juvenile court who is under the care, custody, and control of a probation officer, may be placed to specifically include the home of a nonrelative extended family member as defined in Welfare and Institutions Code Section 362.7. When initiating an emergency assessment for the placement of a child, persons meeting the criteria of a nonrelative extended family member must meet the requirements pursuant to Welfare and Institutions Code Sections 309(d), 319, and 727. Responsibilities noted include functions that do not have to be carried out by a social worker or probation officer but may be delegated as the county welfare department or probation department deems appropriate. This language did not accurately reflect the agencies’ ability to delegate specified tasks as permitted under existing law.

Section 31-410.511

Specific Purpose:

This section is amended to replace the word “visit” with the word “inspection.”

Factual Basis:

AB 1695 revised Welfare and Institutions Code Section 309 to more accurately describe the in-home assessment activity necessary to assess the safety of the home and the ability of the relative to care for the child's needs.

Section 31-410.513

Section 16504(f) is added to replace the prior reference in Health and Safety Code Section 1522.06(c) regarding the individual's right to dispute CLETS findings.

Factual Basis:

Assembly Bill 1695 (Chapter 653, Statutes of 2001) clarifies that California's relative caregiver standards employ the same standards applicable to licensed caregivers in accordance with the federal Adoption and Safe Families Act of 1997. The amendment of this section maintains consistency with related licensing foster family home regulations when meeting the requirements for providing caregivers with the information necessary to ensure appropriate services to a child as required in MPP Section 31-445 which incorporates California Code of Regulations, Title 22, Division 6, Chapter 9.5, Article 3, Foster Family Homes.

Factual Basis:

AB 1695 amended Welfare and Institutions Code Sections 319(f), 361.2(h), 727, 11402, and 16507.5(b) to repeal as an obsolete placement resource the certified family home for which the license is pending. Since 1998 (AB 1544, Statutes of 1997 and SB 645, Statutes of 1998) all foster family homes are required to meet full licensure or approval requirements. AB 1695 is the vehicle used to delete obsolete language remaining in statute referring to a family home which has been certified pending licensure. The new language clarifies that although the home of a relative or nonrelative extended family member is exempt from licensure pursuant to Health and Safety Code Section 1505, the home must be approved by meeting the requirements of Welfare and Institutions Code Section 309(d) and MPP Section 31-445 which incorporates California Code of Regulations, Title 22, Division 6, Chapter 9.5, Article 3, Foster Family Homes.

Section 31-445.1

Specific Purpose:

This section is being amended to repeal language describing the social worker/probation officer activities that involve obsolete certification requirements for foster homes pending licensure. The repealed language is being replaced with language that describes social worker/probation officer activities when considering placement of a child in a relative or nonrelative extended family member home.

Factual Basis:

AB 1695 amended Welfare and Institutions Code Sections 319(f), 361.2(h), 727, 11402, and 16507.5(b) to delete as a placement resource the certified family home for which the license is pending. Since 1998 (AB 1544, Statutes of 1997 and SB 645, Statutes of 1998) all foster family homes are required to meet full licensure or approval requirements. The new language being adopted clarifies that when considering placement of a child the social worker/probation officer must assess the home and prospective caregiver to the requirements of Welfare and Institutions Code Section 309(d) and this MPP Section 31-445, which incorporates California Code of Regulations, Title 22, Division 6, Chapter 9.5, Article 3, Foster Family Homes.

Section 31-445.11

Specific Purpose/Factual Basis:

This section is amended to delete institutional language and replace with more home-like terminology. The term “on-site” is replaced with “in-home.”

Section 31-445.112

Specific Purpose/Factual Basis:

This section is amended to change the word “which” to “that” for clarity.

Section 31-445.112(a)

Specific Purpose:

This section is being amended to replace the word “six” with the word “ten” to establish an appropriate age requirement for determining whether an unfenced swimming pool could pose a safety hazard to a child when considering placement of a child in a relative or nonrelative extended family member home. The language “or has a disability for whom special care and supervision is required as a result of his/her condition” is added to make clear that if a child needs special supervision because of a condition, the age does not matter, an unfenced swimming pool is a safety hazard. The language “unless an acceptable alternative method of inaccessibility, noted in Section 31-445.3 at Handbook Sections

89387(d) and (e), is present” is added to recognize that a fence is not the only acceptable method of making a pool inaccessible, and therefore safe. This language is consistent with California Code of Regulations, Title 22, Division 6, Chapter 9.5, Article 3, Foster Family Homes.

Factual Basis:

Assembly Bill 1695 (Chapter 653, Statutes of 2001) clarifies that when considering placement of a child the social worker/probation must assess the home and prospective caregiver to the requirements of Welfare and Institutions Code Section 309(d). This includes an in-home inspection to ensure the safety of the home. It has been the Department’s experience that children at age 10 and older are generally able swimmers and are less likely to be at risk around bodies of water, unless they have a disability or condition that would otherwise require special supervision. Establishment of the new age and capacity criteria will maintain consistency with meeting the requirements of Welfare and Institutions Code Section 309(d) and MPP Section 31-445, which incorporates California Code of Regulations, Title 22, Division 6, Chapter 9.5, Article 3, Foster Family Homes.

Sections 31-445.113, .12, .121 through .124, and .13 through .15

Specific Purpose:

These sections are being repealed to delete language describing the social worker/probation officer activities that involve certification requirements for foster homes pending licensure.

Factual Basis:

AB 1695 amended Welfare and Institutions Code Sections 319(f), 361.2(h), 727, 11402, and 16507.5(b) to repeal as an obsolete placement resource the certified family home. Since 1998 (AB 1544, Statutes of 1997 and SB 645, Statutes of 1998) all foster family homes are required to meet full licensure or approval requirements of Welfare and Institutions Code Section 309(d) and MPP Section 31-445 which incorporates California Code of Regulations, Title 22, Division 6, Chapter 9.5, Article 3, Foster Family Homes.

Section 31-445.12

Specific Purpose:

This section is being adopted to describe the social worker/probation officer activities for verification that the prospective caregiver has no criminal record or child abuse record which would affect his/her ability to care for the child as defined in Health and Safety Code Section 1522.

Factual Basis:

Assembly Bill 1695 (Chapter 653, Statutes of 2001) clarifies that California's relative caregiver approval process employs the same standards used to license foster care homes in accordance with the federal Adoption and Safe Families Act of 1997. The performance of the criminal record clearance and CACI will maintain consistency with meeting the requirements of Welfare and Institutions Code Section 309(d) and MPP Section 31-445 which incorporates California Code of Regulations, Title 22, Division 6, Chapter 9.5, Article 3, Foster Family Homes.

Sections 31-445.2 and .21

Specific Purpose:

These sections are being adopted to describe the social worker/probation officer activities at the time a child is placed into the home of a relative or nonrelative extended family member.

Factual Basis:

The new language being adopted clarifies that at time of placement certain prescribed activities must occur. The social worker/probation officer must obtain verification that the caregiver and home meet the requirements of Welfare and Institutions Code Section 309(d) and MPP Section 31-445.1 and .2.

Section 31-445.3

Specific Purpose:

This section is being adopted to describe the social worker/probation officer activities prior to the issuance of an approval document for a relative or nonrelative extended family member.

Factual Basis:

The home must be approved by completing the activities described in MPP Section 31-445, which incorporated California Code of Regulations, Title 22, Division 6, Chapter 9.5, Article 3, Foster Family Homes.

Handbook Section 31-445

Specific Purpose/Factual Basis:

Assembly Bill 1695 (Chapter 653, Statutes of 2001) clarifies that California's relative caregiver approval process employs the same standards used to license foster care homes in accordance with the federal Adoption and Safe Families Act of 1997. This handbook section is provided to clarify that the standards specified in California Code of Regulations,

Title 22, Division 6, Chapter 9.5, Article 3 are the basis for approving the home of a relative or nonrelative extended family member as incorporated in this section. Including this handbook section will provide the social worker/probation officer with immediate access to the criteria for approving a family home.
