

## **Quarterly Reporting/Prospective Budgeting Questions and Answers**

**Question:** How often can the HH switch between actual and standard (40%) self-employment deductions during the redetermination period for the CalWORKs program?

**Response:** QR did not change the rule regarding how often an AU can change between the actual and standard (40%) self-employment deductions in CalWORKs. Per MPP Section 44-113.212 (b), recipients who are self-employed shall be allowed to change the method of self-employment deduction only at redetermination or every six months, whichever occurs first.
