T26C4 REDUCTION/LENGTH RECEIPT OF ASSISTANCE

SITUATION:
I have a 2-parent SSP/MOE funded TANF case in which one of the parents is "timed out," having received 60 countable months of assistance. The other parent is still aided (Item T45 # Months Remaining State Time = 10) in the case with their two children.

QUESTION:
Do I record the amount of grant reduction due to imposition of the time limit provisions, and if so, where?

ANSWER:
Yes.
Enter in item T26C4 (Reduction in grant amount as a result of the Length of the Receipt of Assistance) code 1, and in item T26C4A (Amount) enter the MAP differential between the time limit excluded parent in and out of the grant.
Use these items to record the data when an adult from any sample universe is excluded from the AU due to the time limit provisions.
