Bob opened the meeting with an introduction of Monica Rani, the Branch's college intern, to the coordinators.

Federal Update/Refugee Cash Assistance (RCA) Regulations (Bob Barton)

Bob mentioned that, unfortunately, there was still little to report about the U.S. Office of Refugee Resettlement's (ORR) proposed regulations on the RCA program, other than that they were *still* in the process of being finalized. He relayed that ORR now predicts that the final regulations will be issued in late March or early April 2000.

Refugee Planning Symposium 2000 (Phyllis Iwasaki/Ophelia Girard-Farrell)

Phyllis and Ophelia gave an overview of the purpose, the invitation criteria, the logistics and the various scheduling requirements of the RPB's Planning Symposium, to be held in San Diego on March 21 and 22 at the Hotel Bahia. They also provided a preview of speakers, presentations, and topics that attendees would address in the course of the two-day symposium.

Bob emphasized the need to limit participation as well as for balance in representation at the Symposium. Representatives of different cultures, organizations and programs were encouraged to attend, within the limitations of the capacity of 80 invitees. He reiterated his request for suggestions and ideas from the attendees for the Symposium agenda. He reviewed the experience of last year's planning retreat in Fresno, and the positive results which emanated from that retreat, including a customer satisfaction survey whose results will be released soon and which will be emulated in 2000.

RPB Website Update (Alexandria Arredondo)

Alex distributed and reviewed the latest activity report for the RPB's Internet site, including statistics on visitation and analysis of patterns of usage. She summarized upcoming changes in the site's design, emphasizing such additions as success stories, photo images, expanded links and pages devoted to all refugee-impacted counties.

Targeted Assistance (TA) Discretionary Grant Application Process (Brad Elftmann)

Brad distributed ORR's recent announcement and instructions for the FFY 200 TA Discretionary Grant process. He reviewed the difficulties and confusion that had accompanied last year's experience, assuring that the new approach would be a more streamlined enhancement to the competitive nature of the process, with the main feature being each county submitting a single application. He mentioned the formation of a team within RPB to review and coordinate all applications.

Services Participation and Outcomes Report (RS 50) Revision Work Group (Brad Elftmann)

Brad announced that a workgroup consisting of representatives of each of RPB's Bureaus and county volunteers would get together after the Coordinators meeting to begin work on revising the RS 50 process.

Office of Community Relations (OCR) Activities (Thuan Nguyen)

Thuan provided updates on the following activities which OCR is planning for the current year:

- ❖ California Refugee Awareness Month in May;
- ❖ Southern California Women's Leadership Conference scheduled for late May at California State University, Long Beach; and
- ❖ The Eleventh Annual Refugee Information Exchange Conference (RIEC) scheduled for late August in the San Francisco Bay area.

Statewide RCA Review (Valinda Ala'Chappelle)

Valinda of the CDSS Data Operations Branch provided a summary of the most recent RCA review. Overall, Valinda highlighted the following:

- ❖ Generally better results than the year before;
- ❖ Only Sacramento's and Alameda's performance did not show improvement from last year, with Contra Costa also experiencing some problems; and

- ❖ The balance of the counties mostly performing very well.

She stated that next review commences in March, covering January 2000 cases.

Refugee Health Issues (Alice Chan)

Alice filled in for Laura Hardcastle of the California Department of Health Services (CDHS) Refugee Health Programs to provide information on their office's activities, including:

- ❖ Female Genital Mutilation (FGM) project to commence in three areas (Los Angeles, San Diego, and San Francisco);
- ❖ Health Assessment Program in four pilot counties (Los Angeles, Sacramento, San Francisco and Alameda); and
- ❖ Medical Interpreter Training, a \$4 million project contracted with a private company which will provide training at no cost to three counties (Los Angeles, San Francisco, and Merced).

Refugee Child Care Outreach (Linda Nissen)

Linda, representing CDSS' Community Care Licensing Division (CCLD), provided an overview and handouts on CCLD' activities in:

- ❖ Innovations in Child Care, an overall survey on resources, requirements and services available in the field;
- ❖ The Childcare Advocacy Program, which provides information on the licensing of community care facilities; and
- ❖ A free training program at University of California, Davis for prospective childcare providers within refugee communities.

Disabled Refugees Services Programs (Lynda Bardis)

Lynda of the CDSS Office of Services to the Blind made a presentation on services and programs available to refugees with disabilities. She speculated that these are services that many refugees might not be aware of due to language and cultural

factors. She and Bob both stressed the need for people within the refugee programs to disseminate information through intake, VOLAGs, MAAs, forums and other avenues. Lynda made her office available for any information requests, and mentioned an informational booklet on services her office is compiling in several languages and in different media.

County Comments/Roundtable (County Refugee Coordinators)

The customary roundtable discussion followed wherein refugee coordinators provided status reports on activities within their counties' Refugee Services programs.

Closing Remarks/Announcements (Bob Barton)

Bob wrapped up the meeting by providing updates on

- ❖ ORR's estimates of approximately 90,000 arrivals of refugees in the current FFY, of which approximately 20,000 are expected to be from Cuba;
- ❖ ORR's projected figures for the funding of the RESS and TA programs, which break down as follows:
 - RESS is expected to be funded at around \$120 million nationally, which represents about a \$20 million decrease from last year for the nation and \$3 to 4 million less for California.
 - TA is expected to be funded at around \$47 million nationally, about \$3 million less than last year. Discretionary funds will account for about 10% of that figure, with California's share around one-third of this \$4.7 million or about \$1.6 million total.
- ❖ The next Coordinators meeting, which is scheduled in the same location is on April 20, 2000.
