Source: County Work Participation Rate database as of 10/17/2013.  
All Caps = Performance Measurement Counties.

\*The annual WPRs are based on the average of the weighted monthly rates for each county, which is consistent with the calculation of the federal statewide rates by the Administration for Children and Families (ACF). Note: The 30 percent limit on cases considered meeting work requirements due to educational activities per month is not applied to the WPR calculations in this report.  
--- = Adjusted work participation rate (49.9%) after applying FFY 2010 caseload reduction credit (0.1%) to the 50% rate based on ACF methodology.

--- = ARRA-modified adjusted work participation rate (29.0%) after applying FFY 2008 caseload reduction credit (21.0%) to the 50% rate based on ACF methodology.

†The statewide rate calculated using only those cases sent to ACF is 26.2%.

All Caps = Performance Measurement Counties.

\* County had no sampled cases for the report month.

<sup>1/</sup> Statewide and annual work participation rates (WPR) are based on the average of the weighted monthly rates, which is consistent with the calculation of the federal statewide rates by the Administration for Children and Families.

Note: The 30 percent limit on cases considered meeting work requirements due to educational activities per month is not applied to the WPR calculations in this report.

Monthly rates are displayed to validate the calculation of annual rates. Caution should be exercised when using the monthly rates for other reporting purposes.

<sup>2/</sup> Numerator = TANF families fully participating in work participation activities. Denominator = TANF families subject to work participation requirements.
