

ITEM 04-2-1: Paraphrased Regulations

This version of the paraphrased regulations provides changes in two areas; the new Quarterly Reporting (QR) system in CalWORKs and food stamps, and treatment of vehicles in CalWORKs and food stamps.

The QR System

The QR system is a prospective budgeting system that is in effect in some counties already. It is expected that the QR system will be in effect in all counties later in 2004.

The QR system when implemented in a county replaces monthly reporting and retrospective budgeting. Four new issue codes have been added as follows:

026 QR 7s
088 QR 7 property rules
227 QR 7s
258 QR 7 property rules

Vehicles

All vehicles are excluded from food stamp resource consideration effective January 1, 2004. In CalWORKs, the food stamp vehicle rules that were in effect prior to January 1, 2004 continue to apply effective January 1, 2004. Much of MPP §63-501 that applied to vehicles in food stamps has been transferred to MPP §42-215.4.

Beginning with this update, the date a paraphrased regulation has been added or revised will be listed next to the individual paraphrased regulation.
