and [I-89-15](#)

The purpose of this erratum to All County Letter (ACL) 17-05 is to provide revised language regarding student programs.

The following errata lists both the original language included in ACL 17-05 and corrected language for the impacted section. Deletions are marked in strikethrough and changes in **bold**. The changes are as follows:

UC McNair Scholars Program

~~The University of California McNair Scholars programs are state-funded programs that serve first generation college students from low-income homes. These programs are intended to increase the college completion rate, and therefore, the employability of participating students.~~ **to prepare them for doctoral studies with the goal of increasing graduate degree awards for students from underrepresented segments of society and to ultimately, drive students toward academic careers and diversify the faculty in colleges and universities.**

College Disabled Students Programs and Services (DSPS)

The community college DSPS program provides support services, specialized instruction, and educational accommodations to students with disabilities so that they can participate as fully and benefit as equitably from the college experience as their peers without disabilities. An Academic Accommodations Plan (AAP) is developed for each student which links the student's goals, curriculum program, and academic accommodations to his/her specific disability related educational limitation. The CSU's Student Academic ~~Support~~ **Services** (SAS) for students with disabilities program is similarly structured.
