INSTRUCTIONS

CONTENT
The AFDC Foster Care Caseload Movement and Expenditures Report provides data on the report month net movement of cases, the number of individuals (children) who received AFDC-FC and the net amount of all cash grant assistance paid during the report month. The information entered is based on youth who are zero to 17 years of age. The County Welfare Departments (CWDs) shall report the status of a case at the end of the report month. The CA 237 FC report does not capture data for Nonminor Dependents.

PURPOSE
The purpose of this report is to provide an unduplicated case count for: (1) meeting federal reporting requirements; (2) use by county, state and federal administrators for budgeting, staffing, program planning and other administrative responsibilities; and (3) providing other interested persons and agencies with information on the AFDC Foster Care Program. The CA 237 FC reports includes AFDC-FC expenditure data detail that is not available through other foster care reporting forms, such as the CA 800 or via the Child Welfare System (CWS)/Child Management System (CMS).

COMPLETION AND SUBMISSION
The CWD is responsible for ensuring that this report is fully and accurately completed. If portions of the report are completed by more than one entity within the CWD and/or outside agencies, the contact person responsible for submitting the report to the state is required to review the report for completeness and accuracy prior to submittal. Reports are to be submitted on or before the 20th calendar day of the month following the report month.

If the CWD determines that a revision is needed to its previously submitted report, the CWD will submit a revised report for the applicable month(s) and provide an explanation for the revision in the Revised Report Explanation box. The California Department of Social Services’ (CDSS) policy requires CWDs to revise current State Fiscal Year (FY) reports and two prior FYs, if needed. Revisions involving additional fiscal years will be evaluated by CDSS and the county to determine the corrections needed.

Download an Excel version of the report form from http://www.cdss.ca.gov/dssdb/, complete the downloaded form and email to CDSS, Data Systems and Survey Design Bureau (DSSDB) at admca237fc@dss.ca.gov. The electronic submission process contains automatic computations of some cells and provides for the email transmission of completed forms to DSSDB. The website contains specific instructions and guidance.

If you have questions regarding the completion or submission of this report, contact DSSDB at (916) 651-8269.
