The purpose of this ACL is to provide County Welfare Departments (CWDs) with the target number of extensions estimated for the WTW 24-Month Time Clock for the January 2017 to June 2017 period. For background regarding the methodology used in estimating the attached extension targets refer to ACL 15-02, dated January 9, 2015.

As a reminder, instructions regarding extensions to the WTW 24-Month Time Clock, including clarification of extension criteria, determination process, and reevaluations was issued in ACL 15-01 dated January 9, 2015. Instructions regarding the process for CWDs to begin transitioning clients from WTW 24-Month Time Clock participation (CalWORKs minimum standards) to the post WTW 24-Month Time Clock CalWORKs federal standards was issued in ACL 15-03 also dated January 9, 2015. Initial guidance on the topic of extensions was issued in ACL 14-09.

Attachment A provides the following information: 1) the base population that meets the conditions in the referenced methodology and the corresponding number of available 20 percent extensions in each CWD for the current period from January 2017 to June 2017, and, 2) the estimated targets per CWD since January 2015.

If a CWD believes there will be an imbalance between the CDSS' estimated target figures and its anticipated need, or, if a CWD disagrees with the target estimate or has more relevant data to support different target figures, the CWD shall submit data and arguments to SB104120Percent@dss.ca.gov, within thirty days of the release of this ACL.

This ACL and other California Department of Social Services Letters and Notices are available on the internet at the [CDSS Letters and Notices Homepage](#).
