ALL COUNTY LETTER NO. 22-94

TO: ALL COUNTY WELFARE DIRECTORS

SUBJECT: STATISTICAL REPORT ON THE NUMBER OF CHILDREN, AGED 5-17 YEARS, IN FAMILIES RECEIVING CALIFORNIA WORK OPPORTUNITY AND RESPONSIBILITY TO KIDS (CALWORKS) CASH ASSISTANCE ABOVE THE 2022 FEDERAL POVERTY LEVEL

REFERENCE: [TITLE I, PART A, OF THE ELEMENTARY AND SECONDARY EDUCATION ACT \(ESEA\) OF 1965](#)

The purpose of this All County Letter (ACL) is to inform counties regarding the process for the October 2022 statistical report on the number of children aged five through seventeen years in families receiving CalWORKs cash assistance payments exceeding the 2022 federal poverty income level. The collection and reporting of this data is required by [Title I, Part A, of the ESEA of 1965](#), as amended.

BACKGROUND

The California Department of Education and the United States Department of Health and Human Services, Administration for Children and Families (ACF) use this information to allocate federal funds to meet the educational needs of disadvantaged children. This data is required to be reported to the California Department of Social Services (CDSS) from the local educational agency or from the County Welfare Departments (CWDs), if not available by the local educational agency. Since there is no statewide source for this data, the CWDs are responsible for providing the information on children in families receiving CalWORKs assistance payments.

SUBMISSION AND COMPLETION

By December 9th, 2022, CWDs must provide the CDSS with a list of children aged five through seventeen years who received CalWORKs cash assistance payments in the

month of October 2022 that exceeded the 2022 federal poverty monthly income level (defined by ACF as the level for a family of four, regardless of actual family size, to be \$2,313). Programmatic services, vendor payments, assistance in-kind, and income from other social services sources are not to be considered CalWORKs cash assistance.

To report this information, each county must complete a TEMP 2220 form (10/22). The downloadable report form can be accessed from the [CDSS Report Form and Instructions Webpage](#).

If there are no children that meet the criteria:

Please electronically return the form to the CDSS via email at: admTEMP2220@dss.ca.gov. Email submission is only acceptable where there is no client specific information on the report.

If there is at least one child that meets the criteria:

The report must be securely submitted through the Secure Access File Exchange (SAFE) system. DO NOT SEND CLIENT-LEVEL DATA THROUGH EMAIL. One SAFE account will be set up per county for the contact responsible for submission. The CDSS SAFE (SFT) Access Form ([GEN 1395](#)) is used to authorize, change, or terminate access to the [SAFE site](#). It must be signed by the requesting user and a supervisor before the user obtains access. Please email the completed GEN 1395 form to admTEMP2220@dss.ca.gov to request new user access to the SAFE site. As the process of setting up an SFT account can take up to 5 business days, please request access as soon as you know your county will have client specific data to report. Once the completed TEMP 2220 form has been uploaded to the SAFE site, please send an email notification to admTEMP2220@dss.ca.gov.

GENERAL INSTRUCTIONS

Near the top of the form, select the county name as well as the email address and phone number of the person to contact if there are questions about the report. The contact name may or may not be the person who completed the report.

If there are no children that meet the criteria:

Select "No" after the prompt, "Are there children in the county that meet the criteria?" The bottom portion of the report will grey out and the report is ready for submission.

If there is at least one child that meets the criteria:

Enter the Case Number, State ID Number, zip code where the child resides, and date of birth for each child aged five through seventeen years in a family receiving CalWORKs

cash assistance payments exceeding the 2022 federal poverty income level. A child who reaches the age of five years during October should be included in the count. A child who attains 18 during October should not be counted. Consider multiple cases in the same dwelling as separate families. Report only children who reside within the state. The "Total Number of Children" count is automatically calculated to be the number of records submitted.
