CALIFORNIA DEPARTMENT OF SOCIAL SERVICES

EXECUTIVE SUMMARY

ALL COUNTY WELFARE DIRECTORS LETTER

This letter provides County Welfare Departments (CWDs) with information on implementing the fourth extension of eligibility for extended cash assistance under Refugee Cash Assistance (RCA), Entrant Cash Assistance (ECA), and the state Trafficking and Crime Victims Assistance Program (TCVAP) due to the continued impact of COVID-19 for the period beginning May 1, 2021, and ending September 30, 2021.

KIM JOHNSON
DIRECTOR

GAVIN NEWSOM
GOVERNOR

May 3, 2021

ALL COUNTY WELFARE DIRECTORS LETTER

TO: ALL COUNTY WELFARE DIRECTORS

SUBJECT: STAGE 4 EXTENSION OF TIME ELIGIBILITY FOR REFUGEE CASH ASSISTANCE (RCA), ENTRANT CASH ASSISTANCE (ECA), AND TRAFFICKING AND CRIME VICTIMS ASSISTANCE PROGRAM (TCVAP) CASH ASSISTANCE AND TREATMENT OF PANDEMIC EMERGENCY PAYMENTS

REFERENCE: [AMERICAN RESCUE PLAN ACT OF 2021](#), [CONSOLIDATED APPROPRIATIONS ACT OF 2021](#), TITLE 45, CODE OF FEDERAL REGULATIONS (CFR) §§ [400.43](#), [400.59](#), [400.66](#), [400.75](#), AND [400.211](#), OFFICE OF REFUGEE RESETTLEMENT (ORR) POLICY LETTER (PL) 21-05, [ASSEMBLY BILL \(AB\) 81](#), [GOLDEN STATE STIMULUS \(SB 88\)](#), [EXECUTIVE ORDER \(EO\) N-71-20](#), ALL COUNTY LETTER (ACL) [21-22](#) AND [ACL 21-37](#), ALL COUNTY WELFARE DIRECTORS LETTER (ACWDL) [MARCH 13, 2020](#), [JUNE 11, 2020](#), [DECEMBER 15, 2020](#), [DECEMBER 31, 2020](#), [JANUARY 28, 2021](#), AND [FEBRUARY 17, 2021](#).

This letter provides County Welfare Departments (CWDs) with guidance on implementing the fourth extension of eligibility for RCA, ECA, and TCVAP Cash Assistance benefits beyond the standard eight-month time limit. This letter also reminds CWDs that RCA/ECA and TCVAP follow the program eligibility administrative rules of the California Work Opportunity and Responsibility to Kids (CalWORKs) program and to follow Department guidance on the COVID-19 pandemic emergency assistance payments and treatment of those payments when determining eligibility.

Background

To ensure immigrant communities are able to continue meeting their basic needs during the Coronavirus Disease 2019 (COVID-19) pandemic, the ORR issued PL 21-05, dated April 30, 2021, which provides an additional five months of cash benefits for ORR

eligible populations who continue to experience adverse economic impacts due to COVID-19. The waivers permitted under the authority of PL 21-05 are herein referred to as “Stage 4” time extended assistance.

Under ORR PL 21-05, the California Department of Social Services has obtained authority to continue the temporary suspension of 45 CFR §§ [400.211](#), [400.43](#), [400.59](#), [400.66](#), and [400.75](#) effective May 1, 2021 and ending September 30, 2021. This Stage 4 extension continues the previous ORR waivers described in ACWDLs issued by the Department, dated [June 11, 2020](#), [December 15, 2020](#), and [January 28, 2021](#) and also applies to the RCA program and the ECA and TCVAP Cash Assistance programs as they follow the administrative rules of the RCA program.

Stage 4 Eligibility Documentation Requirements

The implementation and policies for Stage 4 RCA/ECA and TCVAP Cash Assistance program eligibility determinations remain the same as the previous Stage 3 extension. CWDs may refer to pages two and three of the ACWDL dated [December 15, 2020](#) regarding immigration verification requirements and instructions for verbal attestations and to the ACWDL dated [February 17, 2021](#) clarification to implementation of the provisions of Executive Order [N-71-20](#) signed by Governor Newsom on June 30, 2020, pertaining to in-person identity verification requirements.

COVID-19 Pandemic Emergency Payments

RCA/ECA and TCVAP follow the program eligibility administrative rules of the California Work Opportunity and Responsibility to Kids (CalWORKs) program. Congress has issued a number of economic relief programs in response to the COVID-19 pandemic. On December 27, 2021, the [Consolidated Appropriations Act of 2021](#) authorized additional economic assistance to qualifying individuals, including Pandemic Unemployment Compensation (PUC) payments. The ACWDL [December 31, 2020](#) provides CWDs with guidance on the treatment of individual rebates for eligibility determination.

CWDs are reminded that pursuant to [Assembly Bill \(AB\) 81](#) (Chapter 5, Statutes of 2021) and [ACL 21-22](#) dated February 26, 2021, PUC payments are exempt from consideration as income and resources for the purposes of determining initial and continued CalWORKs eligibility and grant amount. Since RCA/ECA and TCVAP Cash Assistance follow CalWORKs administrative rules, the PUC exemption also applies to these programs. Previously, only recipients of RCA/ECA and TCVAP Cash Assistance and CalWORKs recipients were eligible to have PUC exempted as income, but now PUC is exempt for **both** applicants and recipients.

On February 23, 2021, the Governor signed into law the [Golden State Stimulus Plan \(SB 88\)](#), Chapter 8, Statutes of 2021), which provided \$600 one-time relief payments to households eligible for the California Earned Income Tax Credit (CalEITC). Per [ACL 21-23](#), the rebates/payments are excluded from consideration as income in the month of receipt and as an asset for 12 months following receipt for CalWORKs, RCA/ECA, and TCVAP Cash Assistance recipients.

The [American Rescue Plan Act of 2021](#), enacted on March 11, 2021, extended unemployment benefits and authorized additional rebates. Individual rebates authorized under American Rescue Plan Act of 2021 are excluded from consideration as income in the month of receipt and as an asset for 12 months following receipt. CWDs should follow the guidance provided in [ACL 21-37](#) regarding treatment of the rebates. CWDs should refer to [ACL 21-22](#) dated February 26, 2021 for guidance on the treatment of PUC.

Stage 4 Time Extended Assistance

I. Continuing Stage 4 Time Extension Cases

CWDs must provide uninterrupted issuance of cash payments effective May 1, 2021 through September 30, 2021, for recipients who became eligible for RCA/ECA and TCVAP Cash Assistance on or after April 1, 2019 through January 31, 2021, regardless of whether they received the previous cash extensions. In the absence of an automated process, the CWDs must manually rescind discontinuances for any cases that were terminated April 30, 2021, and not require those recipients to reapply for benefits.

II. Stage 4 New and Reapplication Extension Cases

Individuals who meet the eligibility timeframes for the RCA/ECA and TCVAP extensions, from April 1, 2019 through January 31, 2021, but never applied for cash benefits, may submit new applications for the Stage 4 Time Extension.

RCA/ECA and TCVAP Cash Assistance recipients who were eligible for benefits on or after April 1, 2019 through January 31, 2021, and had previously received cash assistance but were discontinued for reasons such as employment income or noncompliance with report requirements, may now reapply for the Stage 4 Time Extension benefits beginning May 1, 2021 through September 30, 2021.

Applicants must meet the program eligibility requirements in order to receive Stage 4 of the extended cash assistance. CWDs must also confirm that applicants were economically impacted by the COVID-19 emergency, which

includes loss of income, loss of employment, or challenges in attaining new employment due to local public health orders and the pandemic.

III. Recipients with No Time Extension

RCA/ECA and TCVAP cash assistance applicants who became eligible for cash benefits on or after February 1, 2021 are only eligible for their regular eight-months of cash assistance and do not qualify for the time extension.

Stage 4 Participation in Employment Services

CWDs are highly encouraged to utilize existing flexibilities to assist clients in meeting employment requirements. For further guidance on employment service flexibilities, refer to the ACWDLs dated [March 13, 2020](#) and [December 15, 2020](#). Until local conditions and public health guidance allow, CWDs may temporarily waive the requirement under 45 CFR § [400.75](#) that RCA/ECA/TCVAP recipients participate in employability services. The CWDs must clearly document in case notes the need for the temporary waivers and regularly reverify with the recipients that the waivers are necessary.

Stage 4 Time Extension Tracking and Data Reporting Requirements

CWDs are required to continue maintaining operational records as necessary for federal monitoring purposes. The Department recommends CWDs retain records for all issuances of extended RCA/ECA and TCVAP Cash Assistance payments beyond the regular eight-month time limit, since it is still subject to Department monitoring. CWDs should use the required state and federal forms for the report of relevant data to document the extended cash benefit caseloads.

Stage 4 Notices for RCA/ECA and TCVAP Time Extension

CWDs must notify the RCA, ECA and TCVAP recipients receiving extended cash assistance and new applicants or reapplicants mentioned in page three of this letter about the time extension and continuance of aid prior to ten days from the issuance of cash payments. Language regarding the notice should be as follows:

I. Continued Extension

Your monthly (insert RCA, ECA or TCVAP Cash Assistance) has been extended beyond the original time limit due to the impact of the COVID-19 emergency. The Stage 4 Time Extension of cash benefits will be discontinued for (Client Name) effective September 30, 2021.

II. New or Reapplication Extension

Your monthly (insert RCA, ECA or TCVAP Cash Assistance) has been approved due to the impact of the COVID-19 emergency. The cash benefits will be discontinued for (Client Name) effective September 30, 2021.

Term of Waivers and Program Modifications

The waivers and program modifications in this ACWDL shall expire automatically and without further notice from the Department on September 30, 2021, or earlier upon written notice from the Department. Once all flexibilities and guidance in this ACWDL have expired, all requirements modified herein shall be reinstated, unless further extended by the Department.

If you have any questions or need additional guidance regarding the information in this letter, contact the Refugee Programs Bureau at (916) 654-4356 or RPB@dss.ca.gov.

Sincerely,

Original Document Signed By:

ELIANA KAIMOWITZ, Chief
Immigrant Integration Branch
Office of Equity

Continued Assistance for ORR Populations Affected by COVID-19, through September 30, 2021

Policy Letter 21-05

April 30, 2021

In response to the spread of COVID-19 and its impact on ORR-eligible populations, ORR issued Policy Letters (PL) [20-03](#), [20-04](#), [20-06](#), and [21-01](#) providing states¹ and replacement designees with the ability to request waivers to enhance cash and medical assistance and assist ORR-eligible populations affected by COVID-19. In this PL, due to the continued impact of COVID-19, ORR is extending waivers to specific ORR regulations.

ORR continues to encourage states to connect ORR populations impacted by COVID-19 with federal, state, and local assistance. Additionally, pursuant to 45 CFR § 400.300, states may request and, as a last resort and after other options have been exhausted, implement the waivers listed below to provide necessary assistance and/or services. All waivers will remain in effect through September 30, 2021, unless otherwise specified.

These waivers are consistent with refugee policy objectives and will allow ORR-eligible populations affected by COVID-19 to receive critical assistance and services. ORR will continue to assess the ongoing impact of COVID-19 on ORR-eligible populations.

I. Eligibility Determinations for ORR Benefits and Services

States must continue to ensure that ORR-eligible populations have the opportunity to apply and that eligibility determinations for cash assistance are made pursuant to 45 CFR § 400.50 and medical assistance pursuant to 45 CFR § 400.93.

Section 400.43 of 45 CFR § 400.43 and [ORR PL 16-01](#) require states to ask the applicant for a written declaration of immigration status and to review documentation of immigration status or category in making an eligibility determination. Due to COVID-19, upon request, ORR will waive these requirements as described below.

States should find a safe and secure means of confirming the applicant's eligibility. If state offices or nongovernmental agencies are closed due to the COVID-19 response, the applicant's eligibility can be confirmed virtually through a database or other electronic means without first having to check documentation to confirm the applicant's status. Further, eligibility determinations may be conducted over the phone. Eligibility workers may ask the applicant for a written declaration, under penalty of perjury, containing name, date of birth, alien registration

¹ "States" throughout this policy letter refers to states and replacement designees.

number, immigration status, date of entry, most recent address, and an acknowledgement that the individual has been impacted by COVID-19. If a written declaration is not possible given the circumstances, a verbal declaration must be supported with a subsequent written declaration as soon as possible. If the declaration indicates that the applicant is within an immigration status or category that confers eligibility for ORR benefits and services, and the individual has been impacted by COVID-19, the eligibility worker may conclude that the applicant is eligible for ORR benefits and services.

II. Refugee Cash Assistance and Conditions for Receipt of RCA

Due to the impact of COVID-19 on Refugee Cash Assistance (RCA) clients, predominantly single individuals and families without children, ORR would like to remind states of their authority to issue an RCA initial payment on an emergency basis pursuant to 45 CFR § 400.52.

In regards to income eligibility for RCA, upon request, ORR will waive 45 CFR § 400.59 and § 400.66 to the extent described herein. ORR-eligible populations impacted by COVID-19 may receive various forms of emergency cash assistance from federal, state, and local governments, and non-profit organizations. When conducting an income/asset analysis for an applicant impacted by COVID-19, states should disregard certain forms of COVID-19 emergency assistance.² States should not disregard unemployment insurance or COVID-19 pandemic unemployment assistance.

In regards to eligibility determinations, upon request, ORR will waive 45 CFR § 400.51(a) and § 400.53(a) that require states to determine an individual is ineligible for Temporary Aid for Needy Families (TANF) prior to providing RCA, as described herein. To the extent that social security applications (a pre-requisite for TANF) or TANF applications are pending or delayed due to Social Security Administration (SSA) or TANF office closures and/or restrictions (e.g., the online SSA system will not process certain social security applications and in person appointments are limited), ORR will allow states to issue interim RCA payments where an agency can document that a client has not been able to successfully apply for a social security number or TANF. Prior to issuing an interim RCA payment, states should ensure that a client acknowledges that if he or she is subsequently approved for TANF, and receives a retroactive TANF payment, that the state must recoup RCA payments issued to a client to ensure that there is no dual receipt of federal assistance.

In regards to the eligibility period for RCA, ORR will extend the RCA eligibility period for clients who are about to terminate from the program or who have exited the program and then subsequently: lost employment, sustained a reduction in hours, are unable to maintain current employment or are unable to gain employment, and are unable to access unemployment insurance or other COVID-19 pandemic unemployment assistance. Specifically, upon request, ORR will waive 45 CFR § 400.211, the normal process for shifting the eligibility period, and will

² The certain forms of assistance that states can disregard include 2020 Economic Impact Payments, RSS payments for housing and utilities, and assistance funded by the Consolidated Appropriations Act, 2021, and the American Rescue Plan Act of 2021 as follows: financial assistance to meet disaster-related funeral expenses; relief from child care copayments, tuition payments or assistance; tax credits (e.g., child tax credit, earned income tax credit); 2020 and 2021 Recovery Rebates; emergency financial aid grants; one-time financial assistance payments made under COVID-19 state and local fiscal recovery funds; emergency rental assistance; emergency housing vouchers; and emergency broadband Internet benefits. For questions regarding these or other forms of COVID-19 emergency assistance that may qualify for the disregard, contact ORR's Division of Policy and Procedures, Refugee Policy Unit at RefugeePolicy@acf.hhs.gov.

extend the eligibility period for clients who became eligible for RCA on or after April 1, 2019, with the additional months not extending beyond September 30, 2021. For clients who became eligible for RCA on or after February 1, 2021, the eligibility period will remain 8 months. ORR will continue to assess the longer-term impact and need for an additional extension of the eligibility period.

ORR would like to ensure that all RCA recipients are enrolled in and referred for employment services. During this time, if available and accessible, states should utilize virtual (e.g., web-based, telephonic) services to conduct employment training with RCA recipients. However, if these resources are not accessible, in order to protect public health, upon request, ORR will waive 45 CFR § 400.75, conditions for receipt of RCA, based on local public health guidance and closures.

III. Refugee Medical Assistance Eligibility Period

To aid clients affected by COVID-19, upon request, ORR will waive 45 CFR § 400.211, the normal process for shifting the eligibility period, and will extend the Refugee Medical Assistance (RMA) eligibility period for clients who became eligible for RMA on or after April 1, 2019, with the additional months not extending beyond September 30, 2021. For clients who became eligible for RMA on or after February 1, 2021, the eligibility period will remain at 8 months. ORR will continue to assess the longer-term impact and need for an additional extension of the eligibility period.

With regards to eligibility determinations for RMA, upon request, ORR will waive 45 CFR § 400.94 and § 400.100(a)(1) that require states to determine that an individual is ineligible for Medicaid and Children's Health Insurance Program (CHIP) before providing RMA as described herein. If applications for social security numbers are pending due to Social Security Administration office closures and/or restrictions (e.g., the online SSA system will not process certain social security applications and in-person appointments are limited), ORR will allow states to enroll clients into RMA where an agency can document that a client has not been able to successfully apply for a social security number. States should ensure that RMA is discontinued if a client is subsequently approved for Medicaid prior to the expiration of RMA eligibility.

IV. Refugee Medical Screenings

To protect public health, states should continue to coordinate refugee medical screenings as local circumstances allow, prioritizing newly arrived refugees with medical needs, while balancing feasibility and safety. ORR encourages states to consider creative solutions to meet the goals of medical screening, including utilizing telehealth resources and online health education. Recognizing the impact of COVID-19 on the healthcare system, upon request, ORR will waive the 90-day requirement of 45 CFR § 400.107 to allow the provision of medical screening without prior determination of eligibility for Medicaid, CHIP, or RMA beyond the first 90 days after a refugee's initial date of entry.

With regards to vaccinations, pursuant to [ORR State Letter 99-17](#), RMA pays for vaccinations during the refugee's first year in the United States, so long as the refugee's medical screening is completed within the refugee's first 8 months in the United States. Upon request, ORR will waive relevant elements of State Letter 99-17 to allow RMA funds to provide vaccinations for ORR-eligible clients who became eligible for benefits, including medical screening services, on or after April 1, 2019, with the additional months after their 1-year mark not extending beyond

September 30, 2021. Within these parameters, RMA funds may be utilized for vaccinations regardless of when the clients received their refugee medical screening, as long as the vaccines are not covered by another federally funded program (e.g., Medicaid).

In addition, as vaccinations for COVID-19 become more widely available, states may use RMA to cover this cost, if it is not covered by another federally funded program. For more information about ORR policies supporting vaccination efforts, see [ORR DCL 21-05](#).

V. Refugee Support Services Funding for Emergency and Other Assistance

ORR will waive upon request 45 CFR § 400.146 and permit states to use Refugee Support Services (RSS) base funding, including any COVID-19 supplemental allocation (e.g., FY 20 Quarter 3B allocation) for additional, immediate, and emergency services, such as transitional housing assistance and emergency payments to cover essential services such as utilities and housing due to income loss from job disruption or job loss related to COVID-19. For additional guidance on the use of RSS funding for transitional housing assistance under 45 CFR § 400.155(h), see [ORR PL 16-07](#).

ORR authorizes the use of RSS funding for equipment and supplies needed to support a client's virtual or remote learning or training. Additionally, ORR authorizes the use of RSS funding for supplying and distributing personal protective equipment (PPE) and other supplies that mitigate the spread of COVID-19.

States should utilize RSS funding strategically. ORR recommends states first determine that the individual seeking assistance has already received all available emergency assistance before providing RSS emergency assistance, in order to maximize funding and services.

VI. Refugee Support Services Set-Asides

RSS set-asides include the Refugee School Impact (RSI), Youth Mentoring, Services to Older Refugees (SOR), and Refugee Health Promotion. These RSS set-asides are respectively governed by [ORR PLs 19-01](#), [19-02](#), [19-03](#), and [20-05](#). States are to administer RSS set-asides in accordance with the respective PL and utilize appropriated set-aside funds for the eligible population as defined by the PL.

Given these parameters, ORR supports flexibility within each RSS set-aside program to address the impacts of the pandemic. RSS set-aside funds may be used to support services such as virtual case management, distance learning, access to technology, and digital literacy. For example, a state may use RSI funds to ensure ORR-eligible youth ages 5-18 have the access to technology and digital literacy to participate in on-line school. Or, a state may use SOR funds to conduct virtual case management and combat social isolation among ORR-eligible refugees ages 60 and above. ORR recognizes the model of service delivery must be adapted during this pandemic and supports the development of these new modalities.

Additionally, ORR authorizes the use of RSS set-aside funds for equipment and supplies to support these efforts. ORR also authorizes the use of RSS set-aside funding for supplying and distributing PPE and other supplies that mitigate the spread of COVID-19.

ORR encourages states to continue to be strategic and coordinate with other mainstream stakeholders (e.g., local school districts for RSI) so that set-aside funds do not duplicate efforts, but instead are maximized to fill in the gaps.

VII. Refugee Support Services Extended Eligibility Period

ORR will waive, upon request, the 60-month eligibility period for RSS under 45 CFR § 400.152(b) on the provision of support services for those in extreme circumstances (e.g., a client who risks eviction, a client who is unable to pay for heating during frigid winter months). This waiver includes the RSS set-aside programs and applies to all ORR-eligible populations.

VIII. Fiscal Years 2018, 2019, and 2020 Refugee Support Services Grant Obligation and Liquidation Deadlines

ORR will waive, upon request, 45 CFR § 400.210(b) for FY 2018, FY 2019, and FY 2020 RSS grants to the extent described herein. ORR will extend the obligation deadline of September 30, 2020, for RSS FY 2019; and September 30, 2021, for RSS FY 2020, for up to 1 year. ORR will extend the liquidation deadlines of September 30, 2020, for RSS FY 2018; September 30, 2021, for RSS FY 2019; and September 30, 2022, for RSS FY 2020, for up to 1 year. ORR encourages states to use FY 2019 RSS funding prior to using FY 2020 or subsequent funds.

If ORR has already approved a state's request to waive the obligation deadline for RSS FY 2019 and/or the liquidation deadlines for RSS FY 2018 and/or RSS FY 2019, the state does not need to request a waiver for those funds again. The state will need to submit a request regarding RSS FY 2020, however, should it choose to ask ORR to waive the RSS FY 2020 obligation and liquidation deadlines.

IX. Provision of ORR Funded Services

States and provider agencies should make all efforts to continue services to the highest degree possible utilizing on-line resources, on-line education, and virtual contacts, or other means that are consistent with the guidance of local public health entities.

X. ORR Discretionary Grants

ORR discretionary grant programs (e.g., Matching Grant, Preferred Communities, and Survivors of Torture) can implement some flexibilities to guidelines and eligibility requirements when authorized by the ORR Director. As additional guidance related to COVID-19 flexibilities within the ORR discretionary refugee programs is cleared, it will be shared with discretionary grantees.

XI. Stakeholder Consultations

Where technology is available, states may hold virtual quarterly consultations as an acceptable alternative to in-person consultations.

XII. Subrecipient Monitoring

Pursuant to 45 CFR § 400.22 and § 75.352, states are still required to have a systematic planned examination and evaluation of operations in local offices. Additionally, states must ensure that subrecipients use federal funding in accordance with federal statutes, regulations,

and the terms and conditions of the award. In light of the pandemic, states may use virtual tools to conduct the examination and evaluation, and may adjust monitoring timelines depending on program oversight priorities in response to the pandemic and local public health guidance.

XIII. Requesting a Waiver

A state can request one or more of the waivers listed herein by sending one email titled, “Stage 4 COVID-19 waiver requests” to the relevant points of contact listed below in Section XIV, specifying the waivers it requests to utilize. All waiver requests consistent with the allowances herein will be automatically granted. All waiver requests will be reviewed for applicability, and states will be notified if the request is not accepted.

XIV. Points of Contact

Direct your waiver requests to the following ORR staff:

- **Eligibility Determinations, Refugee Cash Assistance, and Refugee Support Services:** Your Regional Representative/Analyst and Carl Rubenstein, Director of the Division of Refugee Assistance, at Carl.Rubenstein@acf.hhs.gov.
- **Refugee Medical Assistance and Refugee Medical Screening:** Curi Kim, Director of the Division of Refugee Health, at Curi.Kim@acf.hhs.gov.

Direct questions on the following topics to the following ORR staff:

- **ORR-Health Related Discretionary Grants:** Curi Kim, Director of the Division of Refugee Health, at Curi.Kim@acf.hhs.gov.
- **All Other ORR Discretionary Grants:** Anastasia Brown, Director of the Division of Refugee Services, at Anastasia.Brown@acf.hhs.gov.
- **Eligibility for Benefits or Services:** The Refugee Policy Unit at RefugeeEligibility@acf.hhs.gov.

If you have questions about the information contained in this PL, contact ORR’s Refugee Policy Unit at RefugeePolicy@acf.hhs.gov.

Cindy Huang
Director
