The purpose of this All County Welfare Directors Letter (ACWDL) is to provide County Welfare Departments (CWDs) with guidance regarding current CalFresh waiver authority granted in response to the Coronavirus pandemic emergency. Waiver authority is requested by the California Department of Social Services (CDSS) and approved by the United States Department of Agriculture, Food and Nutrition Service (FNS).

WAIVER EXTENSIONS

The following waivers are **extended until March 31, 2023, unless otherwise communicated by CDSS:**

- a waiver of the initial application and recertification interview (if certain criteria are met); and
- a waiver of the recording requirement for telephonic signatures (if certain criteria are met).

Importantly, the waiver of the recording requirement for telephonic signatures (if certain criteria are met) applies to both initial application and recertification.

For detailed guidance on implementation of these waivers, refer to the [ACWDL issued on April 2, 2020](#); [ACWDL issued on May 28, 2020](#); [ACWDL issued on October 21, 2020](#); [ACWDL issued on April 15, 2021](#); [ACWDL issued on July 1, 2021](#); [ACWDL issued on December 30, 2021](#); [ACWDL issued on March 29, 2022](#); [ACWDL issued on June 21, 2022](#); and [ACWDL issued September 26, 2022](#).

Reporting Requirements

As a condition of these waivers, CDSS must report to FNS within 45 days of waiver expiration the outcomes of the waivers. To fulfill this reporting requirement, the CDSS will develop an electronic survey that must be completed by all counties by April 28, 2023. If the waiver expires sooner than anticipated or is extended, the CDSS will adjust the survey due date accordingly.

The electronic survey will request the following information from CWDs for each waiver implemented:

- Estimated number of households affected by implementation of the waiver.
- A narrative on the effect of the waiver on program access and client satisfaction, including an analysis of any client or advocate complaints received related to the implementation of the waiver.
- A narrative on the effect of the waiver on providing timely and accurate benefits.
- A narrative on the effect of the waiver implementation on any other aspects of the eligibility process including the ability to manage caseload growth and the impact on administrative efficiency.

State Emergency Declaration Requirement

The approval to extend these waivers until March 31, 2023 required the State to confirm the presence of a State emergency or disaster declaration (State declaration) at the time of the request. FNS approves these waivers for up to 3-calendar-month intervals. If the State would like to continue using a waiver for longer than 3 months, the State may submit an extension request in the third month of implementation. In addition, no waiver may continue beyond the end of the month subsequent to the month in which the public health emergency declaration related to COVID-19 is lifted by the Secretary of Health and Human Services.
