TANF FISCAL INCENTIVES:

Welfare and Institutions Code Section 10544.1 established performance incentives to counties to move CalWORKs recipients into employment. Counties may use TANF federal incentive funds for expanded services and benefits that directly lead (or can be expected to lead to) the accomplishment of one of the four purposes of the TANF program.

The following Time Study Codes have been established to capture costs for federal reporting purposes, activities consistent with benefits, or services provided under TANF. These codes will only be used for reporting federal fiscal incentives. Counties may no longer report fiscal incentive expenditures to extraneous; all expenditures must be reported under existing and new program codes. Both state and federal fiscal incentive expenditures will continue to be reported on the addendum page.

The listing of potential activities below is by no means exhaustive, but serves to illustrate a few possibilities that counties may consider when designing their programs.

TANF FISCAL INCENTIVES – PROGRAMS THAT PROVIDE ASSISTANCE TO NEEDY FAMILIES:

Activities consistent with the first purpose of TANF are those that provide assistance to needy families so children may be cared for in their own homes or in the homes of relatives. It does not cover children living with non-relatives. Benefits or services may include funding of home repairs or food banks to provide groceries to needy families. Benefits provided under this purpose are not limited to those within the definition of “assistance.”

TANF FISCAL INCENTIVES-PROGRAMS THAT END DEPENDENCE OF NEEDY PARENTS:

Activities consistent with the second purpose of TANF are those that end the dependence of needy parents on government benefits by promoting one of three objectives: 1) job preparation; 2) work; and 3) marriage. Activities would include time spent helping any needy parent, including a noncustodial parent or a working parent, by providing employment, job preparation, or training services. Potential services include job or career advancement activities, marriage counseling, refundable earned income tax credits, childcare services, and employment services designed to increase the noncustodial parent’s ability to pay child support. Activities that promote any one of the three objectives (i.e., job preparation, work, and marriage) would be consistent with this purpose.

Effective Date: July 1, 2019 through June 30, 2020
TANF FISCAL INCENTIVES – PROGRAMS THAT PREVENT OR REDUCE OUT-OF-WEDLOCK PREGNANCIES:

Activities consistent with the third purpose of TANF are those that prevent and reduce incidence of out-of-wedlock pregnancies, and establish annual numerical goals for preventing and reducing incidence of these pregnancies. Neither this purpose nor the following purpose is limited to needy families or individuals. Potential activities that are reasonably calculated to accomplish this purpose include abstinence programs, visiting nurse services, and programs and services for youth such as counseling, teen pregnancy prevention campaigns, and after-school programs that provide supervision when school is not in session. Counties may also fund a media campaign for the general population on abstinence or preventing out-of-wedlock childbearing.

CODE 9021  CHILD CARE TRUSTLINE

The Trustline system is a registry of license-exempt child care providers who have had their backgrounds checked by the California Department of Justice to ensure they do not have disqualifying criminal convictions and/or records of substantiated child abuse. License-exempt child care providers are required to be Trustline registered in order to be eligible for payment (either directly or through reimbursement to the parent) if they care for the children of a CalWORKs eligible family. Providers who are the aunts, uncles, or grandparents of the child in care are exempt from the Trustline requirement.

CODE 9061  CHILD CARE CAPACITY BUILDING PROGRAM

With the implementation of CalWORKs, it became necessary to expand the availability of child care statewide with the recruitment of additional licensed child care providers, and to provide quality improvement training for both licensed and license-exempt child care providers. The continuing focus of the Capacity Building Program is on recruitment, providing incentives for participants to become licensed, quality improvement, supportive efforts to improve communications with providers, and ongoing coordination.

CODE 7001  GENERIC

Includes time spent by caseworkers performing general administrative activities that essentially provide a department-wide benefit such as developing a manual on casework procedures. This also includes time spent training, or in conference, or staff meetings when the subject has department-wide benefit or cannot be identified to a specific program. This code is not to be used when performing case management activities, which continue to be recorded to the associated program.

Please Note: All Program Codes are subject to change pending federal approval.

Effective Date: July 1, 2019 through June 30, 2020
5. NON-WELFARE FUNCTION
UPDATED: 09/05

GENERAL FUNCTION DEFINITION

Any activity related to a non-welfare program. Costs of non-welfare program activities may be identified to this function or as an Extraneous Cost on the CEC. If claimed to the non-welfare function, all associated overhead costs are allocated to county-only funding. If claimed as extraneous, County Welfare Departments (CWDs) must apply the appropriate indirect cost rate to these non-welfare costs.

TIME STUDY STAFF

Casework and support staff performing those activities in support of non-welfare programs administered and/or operated by the CWD must record time to non-welfare.

NON-WELFARE PROGRAMS:

Examples of non-welfare programs include, but are not limited to, Public Guardian and Veterans Affairs.

State established Non-welfare codes are as follows:

**CODE 8051  NON-WELFARE PROGRAMS**

This code is to be used for those non-welfare programs that benefit from county EDP operations/costs.

**CODE 8061  NON-WELFARE PROGRAMS – NON-EDP**

This code is to be used for those non-welfare programs that do not benefit from county EDP operations/costs.

**CODE 7001  GENERIC**

Includes time spent by caseworkers performing general administrative activities that essentially provide a department-wide benefit such as developing a manual on casework procedures. This also includes time spent in training or in conference, or staff meetings when the subject has department-wide benefit or cannot be identified to a specific program. This code is not to be used when performing case management activities, which continue to be recorded to the associated program.

Please Note: All Program Codes are subject to change pending federal approval.

Effective Date: July 1, 2019 through June 30, 2020
6. STAFF DEVELOPMENT
UPDATED: 09/07

The 45 CFR 1356.60(b) specifies (1) Federal matching funds for State and local training for foster care and adoption assistance under Title IV-E is available at the rate of 75 percent for the costs of: (i) Training personnel employed or preparing for employment by the State or local agency administering the plan, and (ii) Providing short-term training (including travel and per diem expenses) to current and prospective foster or adoptive parents and the members of the State-licensed or approved child care institutions providing care to foster and adopted children receiving Title IV-E assistance. (2) All training activities and costs funded under Title IV-E shall be included in the State agency’s training plan for Title IV-B. (3) Short and long term training at educational institutions and in-service training may be provided in accordance with provisions of Section 235.63 through 235.66(a) of this title.

For purposes of 45 CFR 1356.60(b)(1)(ii), the State or local agency administering the plan is limited to State and County Welfare Department (CWD) and another public agency that has responsibility for placement and care and has entered into a Title IV-E Section 472(a)(2) agreement with the CWD to operate Title IV-E. The only agency who currently has this agreement is County Probation.

COSTS REIMBURSABLE AT 75 PERCENT FEDERAL FINANCIAL PARTICIPATION (FFP)

The federal regulations at 45 CFR 235.64 established the guidelines for training expenditures that are eligible for reimbursement at the enhanced rate of 75 percent. These costs include:

Salaries, fringe benefits, travel, and per diem for:

- Staff development personnel (including support staff) assigned full time to training functions; and
- Staff development personnel assigned part time to training functions to the extent the time is spent performing such functions.

For agency training sessions, FFP is available for:

- Salaries, fringe benefits, travel and per diem for employees in initial in-services training of at least one week;
- Travel and per diem for employees in agency training sessions away from the employee’s work site, or in institutes, seminars, or workshops related to the job and sponsored by professional organizations;

Please Note: All Program Codes are subject to change pending federal approval.

Effective Date: July 1, 2019 through June 30, 2020
- Salaries, fringe benefits, travel and per diem for experts outside the agency engaged to develop or conduct special training programs; and
- Costs of space, postage, teaching supplies, purchase or development of teaching material and equipment, and costs of maintaining and operating the agency library as an essential resource to the agency’s training program.

For training and education outside of the agency, FFP is available for:

- Salaries, fringe benefits, dependency allowance, travel, tuition, books and educational supplies for employees in full-time, long-term training programs (with no assigned agency duties);
- Salaries, fringe benefits, travel, tuition, books, and educational supplies for employees in full-time, short-term training programs of four or more consecutive work weeks;
- Travel, per diem, tuition, books, and educational supplies for employees in short-term training programs of less than four consecutive work weeks, or part-time training programs; and
- Employees in full-time, long-term training who make a commitment to work in the local agency for a period of time equal to the period of which financial assistance is granted.

For training and education for persons preparing for employment with the local agency, FFP is available for:

- Stipends, travel, tuition, books and educational supplies for persons preparing for employment with the State or local agency, as long as the following conditions are met:
  - The individual is selected by the local agency and accepted by the school;
  - The program is approved by the State;
  - The individual has a legally binding commitment to work for the local agency for a period of time at least equal to the period for which financial assistance is granted;
  - The local agency offers the individual a job within two months after completion of training;
  - The State evaluates the program;
  - The local agency keeps a record of the employment of persons trained which also specifies the reason for non-employment; and
  - Any recoupment of funds from trainees failing to fulfill their commitment shall be deducted from total training costs.

Please Note: All Program Codes are subject to change pending federal approval.

Effective Date: July 1, 2019 through June 30, 2020
In addition, FFP is available for:

- Payments to educational institutions to develop, expand, or improve training for agency personnel for salaries, fringe benefits, and travel for instructors, clerical assistance, teaching materials, and equipment; and
- Providing short-term training (including travel and per diem) to current and prospective foster or adoptive parents, and the members of the state-licensed or approved child care institution providing care to foster and adoptive children receiving Title IV-E assistance.

COSTS REIMBURSABLE AT 50 PERCENT FFP

The costs of training any other county staff are eligible only for the 50 percent Title IV-E administrative match rate provided that the staff is contracted by the CWD to perform a Title IV-E administrative function and training is necessary for such staff to perform the Title IV-E administrative function, e.g. multi-disciplinary teams.

COST NOT ELIGIBLE UNDER STAFF DEVELOPMENT AND TRAINING

The federal regulations do not allow the following costs to be claimed as staff development and training, but may be claimed under Title IV-E administrative costs:

- Salaries of supervisors (day-to-day supervision of staff is not a training activity); and
- Employment of students on a temporary basis, such as in the summertime.

COSTS NOT ELIGIBLE FOR TITLE IV-E

FFP is for administrative costs necessary for the proper and efficient administration of the Title IV-E State Plan. Therefore, county staff, which are not necessary for the administration of the Title IV-E foster care program, are not eligible for claiming Title IV-E for training. Training costs must be relevant to the operation of the Title IV-E foster care and adoption assistance programs. For example, training mandated reporters is not eligible for Title IV-E at any rate. Similarly, training for hotline workers, and emergency response workers such as investigating allegations of child abuse and neglect is not considered necessary for administering Title IV-E.

DISCOUNT RATE

It should be noted that all Title IV-E training costs will have a non-federal discount rate applied pursuant to California’s countywide cost allocation plan. The discount rate is applied automatically on the CEC using each county’s individual non-federal discount rate. Please ensure local procedures for claiming Title IV-E training costs are in compliance with federal regulations.

Please Note: All Program Codes are subject to change pending federal approval.

Effective Date: July 1, 2019 through June 30, 2020
GENERAL FUNCTION DEFINITION

Staff development personnel are required to complete a continuous time study. In addition, part-time staff must record time spent performing staff development activities on a continuous basis as well.

TIME STUDY STAFF

- Trainers, their first-line supervisors, and non-supervisory training coordinators time study to staff development all activities that are specified in the county’s Annual Training Plan. For staff not assigned full-time, non-staff development time is recorded as casework or administrative activity in accordance with Support Staff Time Reporting Plan (SSTRP).
- Clerical staff, who are assigned to support the staff development unit, record this time to Staff Development Support on the DFA 7. For those staff that also provides support to non-staff development units, non-staff development support time is recorded in accordance with SSTRP and, as a result, their salaries and benefits are prorated between staff development costs and other applicable cost pools.
- Second-line staff development supervisors who are assigned to the staff development unit record their time to Staff Development Support on the DFA 7. If not assigned solely to staff development, non-staff development time is recorded in accordance with SSTRP, their salaries and benefits are prorated between Support Staff Costs and Staff Development Costs pools.
- Staff Development Trainees do not time study to staff development.
- Caseworkers attending induction training or full-time training of at least four consecutive weeks do not complete any time study.
- Caseworkers in continuing training record the time to the benefiting program as a casework activity; generic training is recorded as generic.
- In SSTRP counties, administrative and clerical staff record time for program or function-related training to the level approved in SSTRP on the Support Staff Time Report; generic training is recorded as generic.

TIME STUDY INSTRUCTIONS

Staff development activities include planning, needs assessment, course design, presenting training, monitoring and evaluation. Staff development activities are identified to three categories: function, specific to program, or generic. Identify activities to the category based on the following definitions:
• **Function:** The training activity relates to a function, but is not specific to one program within the function:
  
  o Social Services – General  
  o CalWORKs – General  
  o Other Public Welfare – General  
  o Child Care – General  
  o Non-welfare – General  
  o Generic  

• **Program:** The training activity relates to one or more specific programs that can be identified. For example, CalWORKs eligibility worker induction training covers both CalFresh and CalWORKs programs, the training activity is prorated between the two programs based on training time spent in each program area. Activities are recorded to programs using the appropriate four-digit code; refer to Program Code Description for each function to obtain the appropriate code.

• **Generic:** The training activity does not relate to a particular function or program. Some examples of Generic training subjects are time management, supervising techniques, civil rights, first aid, and stress reduction.

Please Note: All Program Codes are subject to change pending federal approval.

Effective Date: July 1, 2019 through June 30, 2020
7. ELECTRONIC DATA PROCESSING (EDP)
UPDATED: 06/18

TIME STUDY STAFF

County welfare department employees who are assigned to perform EDP activities on a temporary or permanent basis will record time as specified. Eligible EDP activities include: analysis, feasibility and system studies, system design, development, programming, implementation, and maintenance.

Electronic data processing staff and first-line EDP supervisors who perform these EDP activities will record time to developmental or maintenance and operations (i.e., M and O) category, as applicable. These staff must complete continuous time studies.

Other CWD staff who are temporarily assigned to perform EDP activities will record their EDP time to the developmental category only. Their non-EDP time will be recorded, as applicable, to those activities in accordance with Staff Support Time Reporting Plan (SSTRP). Both the EDP and non-EDP time must be recorded on a continuous basis in order to capture total hours worked for the day.

Administrative and clerical staff who are assigned to support the EDP unit record this time to EDP Support on the DFA 7. For the staff who also provide support to the non-EDP units, the non-EDP support time is recorded in accordance with the SSTRP, and as a result their salaries and benefits are prorated between EDP and other cost pools.

TIME STUDY INSTRUCTIONS

County welfare department staff are required to record their EDP activities to M & O or Developmental.

M and O:

Activities are recorded to the program, function, or SAWS project, if EDP activity benefits one specific program, function or one SAWS project. If the activity benefits more than one function, the activity is recorded to Generic. Record activities to these designators:

<table>

<tr>
<th>A. Social Services</th>

</tr>
</tbody>
</table>

Please Note: All Program Codes are subject to change pending federal approval.

Effective Date: July 1, 2019 through June 30, 2020
Beginning with the September 2017 quarter, CDSS will monitor and track the reporting of all EDP M&O costs (identified on DFA 325.1A and 327.2 of the CEC). The EDP M&O costs to maintain and support the Statewide Automated Welfare System (SAWS) and the Statewide Automated Child Welfare Information System (SACWIS) will be reviewed during the Desk Audit process. Claims will be compared against authorized approval letters issued by the Office of System Integration (OSI) and the Child Welfare Services/Case Management System (CWS/CMS) prior to reimbursement. The CDSS approved County Cost Allocation Plan, M&O Cost Methodology, adheres to guidance per 45 CFR, Part 95.631(b), and 45 CFR Sections 1355.50-1355.57. The M&O for non-APD items such as Personal Services costs and Countywide Cost Allocation Plan costs will not be tracked against the APD approval letters.

Developmental Projects:

Activities or Purchase of Service benefiting developmental projects are recorded to project number, project title, and/or program code.

Please Note: All Program Codes are subject to change pending federal approval.

Effective Date: July 1, 2019 through June 30, 2020
STAFF REQUIRED TO COMPLETE SUPPORT STAFF TIME REPORT (DFA 7)

The DFA 7 is completed by all county welfare department (CWD) support staff who perform department administrative support, program administrative support, and clerical support identified in the Support Staff Time Reporting Plan (SSTRP). In non-SSTRP counties, CWD support staff complete the DFA 7 if they perform: direct service delivery, electronic data processing (EDP) support, staff development support, non-welfare activities, or direct-to-program/functions.

SUPPORT STAFF SALARY POOLS

- General Administrative Support: Staff (includes both management/supervisory and clerical) who perform activities having department-wide benefit or who are not in direct support of casework staff.
- Program Administrative Support: Administrative staff who predominantly supports casework staff.
- Clerical Support: Clerical staff who are predominantly in direct support of casework staff.

BENEFITING LEVEL

- Generic: activities of unit staff typically have department wide benefit.

Please Note: All Program Codes are subject to change pending federal approval.

Effective Date: July 1, 2019 through June 30, 2020
• Direct-to-Program/Functions: activities time studied to functions/programs by recording the applicable alphanumeric support staff codes that are listed below.

NON-WELFARE SUPPORT TIME

Support staff salaries, benefits and overhead costs (determined by the indirect cost rate) will be identified to the Direct Cost pool when there are no casework hours for the non-welfare program. Counties shall report non-welfare support costs, when there are casework hours, to the Non-Welfare Function to allow for appropriate distribution of allocable costs.

COMPLETING THE DFA 7

• Check the appropriate box to indicate the worker’s classification: General/Direct-to Program/Function management/supervisory or clerical, EDP support, or staff development support. A worker may have more than one classification.
• If a worker is recording time to the program level, enter the program code from the appropriate function Program Code Descriptions and record on the generic DFA 7.
• Record travel and continuing training time to the program or function level approved in the SSTRP. Travel and training time having a department-wide benefit or cannot be identified to a program or function will be recorded as generic. For staff not included in a SSTRP, record this time to time study code used for all other customary activity.
  o Time Study Staff
  o Complete the DFA 7 on a daily basis throughout the month.
  o Check Time Study box.
• Time Certification Staff;
• Record nonallocable time daily; record total allocable time at the end of the month only;
• Check the Time Certification box.

At the end of each time study month, each first-line supervisor will attest to the accuracy of the time studies and certifications completed by employees in their units by signing the designated line.

TIME REPORTING INSTRUCTIONS FOR FIRST-LINE SUPERVISORS:

First-line supervisors may certify time spent supervising their unit if their staff certify. If their staff time study, they must prorate their supervisory time based on the allocable time reported by unit staff.

Please Note: All Program Codes are subject to change pending federal approval.

Effective Date: July 1, 2019 through June 30, 2020
TIME REPORTING FOR SECOND-LINE SUPERVISORS THROUGH DIRECTORS:

Second-line supervisors and above will time study/time certify as specified in the SSTRP. Please refer to General Time Study Instructions.

Please Note: All Program Codes are subject to change pending federal approval.
