Expanding CalFresh to Seniors & People with Disabilities Receiving SSI Implementation Update – February 2019

Mission: Reducing hunger and poverty in California for seniors and people with disabilities.
Vision: Excellent customer service and access for all.

SUMMARY
For the first time ever in California, hundreds of thousands of seniors and people with disabilities who receive SSI benefits will also be able to apply for CalFresh food benefits beginning June 1, 2019. This historic change, once successfully implemented, will increase nutrition and health and reduce hunger and poverty among California’s seniors and people with disabilities.

With this change, eligible seniors and people with disabilities will be able to receive a monthly CalFresh food benefit to help meet their basic needs. Some who are part of households already receiving CalFresh food benefits may receive new state funded Supplemental Nutrition Benefits (SNB) or Transitional Nutrition Benefits (TNB). There is no change or reduction to SSI/SSP. CAPI recipients will receive a $10 per person grant increase.
