TO: ALL ADULT AND SENIOR CARE PROGRAM LICENSEES

Original signed by Pamela Dickfoss

FROM: PAMELA DICKFOSS
Deputy Director
Community Care Licensing Division

SUBJECT: UPDATED STATEWIDE WAIVERS FOR LICENSING REQUIREMENTS FOR ADULT AND SENIOR CARE FACILITIES DUE TO CORONAVIRUS DISEASE 2019 (COVID-19)

Provider Information Notice (PIN) Summary

PIN 20-24-ASC informs Adult and Senior Care (ASC) licensees of updates to specified statewide waivers for certain licensing statutes and regulations in PIN 20-09-CCLD dated April 2, 2020 and PIN 20-12-ASC dated April 16, 2020, and updates the specified waivers with a new effective date through September 30, 2020.

As the situation related to COVID-19 continues to evolve, the California Department of Social Services (CDSS) is taking unprecedented actions to protect the health, safety, and welfare of the people of California. This PIN updates the statewide waivers of licensing requirements related to visitation, buildings and grounds/capacity, staffing ratios, staff training, tuberculosis (TB) testing, staff age, and medical assessments issued in PIN 20-09-CCLD and PIN 20-12-ASC, which expired on June 30, 2020. The waivers specified in this PIN may be implemented without the need for licensees to make an individual request, and subject to the waiver terms and conditions set forth in this PIN.

Note: Licensing fee waivers specified in PIN 20-10-CCLD and background check waivers specified in PIN 20-12-CCLD are not being extended.

CDSS recommends ASC licensees follow guidance in all applicable CDSS PINs, in
addition to guidance or instructions from health care providers, the Centers for Disease Control and Prevention (CDC), the California Coronavirus (COVID-19) Response, the California Department of Public Health (CDPH), and local health departments.

In the event the most current guidance or instructions from CDC, CDPH, CDSS, or the local health department are contradictory, ASC licensees should follow the strictest requirements.

STATEWIDE WAIVERS OF LICENSING STANDARDS

PIN 20-04-CCLD notified all community care licensees that Governor Newsom issued a Proclamation of a State of Emergency (“Proclamation”) on March 4, 2020 in response to a rising number of cases of COVID-19 in California. The Proclamation permits CDSS to waive any provisions of the Health and Safety Code (HSC) or Welfare and Institutions Code (WIC), accompanying regulations, interim licensing standards, or other written policies or procedures with respect to the use, licensing, or approval of licensed facilities.

Pursuant to the Governor’s Proclamation, CDSS is waiving certain licensing requirements applicable to licensed facilities without the need for licensees to make an individual request as set forth below. Licensees using the waivers below do not need prior approval from CDSS. Use of these waivers is subject to the Waiver Terms and Conditions set forth in this PIN.

Note:Waiver requests for Enhanced Behavioral Support Homes (EBSHs), Adult Residential Facility for Persons with Special Health Care Needs (ARFPShNs) and Community Crisis Homes (CCHs) related to trainings and staffing requirements will be evaluated by the Community Care Licensing Division (CCLD) on a case-by-case basis and are not included in the statewide waivers included in this PIN.

Visitation Waiver

Note: SUPERSEDES Visitation Waiver in PIN 20-09-CCLD

Visitation by non-essential individuals should be limited until all of the following conditions are met:

- There have been no new transmissions of COVID-19 at the facility for 14 days.
- Facility is not experiencing staff shortages.
- Licensee has adequate supplies of personal protective equipment (PPE) and essential cleaning supplies to care for persons in care.
- Licensee has adequate access to COVID-19 testing as outlined in the “Testing for COVID-19 in Residential Facilities” section in PIN 20-23-ASC.
- Facility is requiring visitors to wear face coverings (i.e. facemasks or cloth face coverings).
During the time when visitation is limited, facilities shall make arrangements for alternate means of visitation and communication for visitors such as, drive-by visits, visits through a resident’s window, phone calls, video calls, and online communications. Visits and communications should allow for private and/or confidential communications as needed, and as required by law. A facility may quarantine or cohort residents together as necessary for containment and mitigation only.

This waiver applies to the right of a person to visitation and the personal right to associate with other persons in care under HSC sections 1512, 1569.269, 1569.313, and 1771.7; California Code of Regulations (CCR), Title 22, Division 6, sections 80072, 81072, 82072, 85072, 87468, 87468.1, 87468.2, and 87872.

This waiver shall not apply if in-person visitation is required for reimbursement of Medi-Cal, Medicaid, Drug Medi-Cal (DMC) State Plan or specialty mental health services. See Department of Health Care Services (DHCS) Mental Health Information Notices.

This waiver shall not apply at this time to in-person visits mandated by a court order, or federal law such as visits by Adult Protective Services and the Long-Term Care Ombudsman.

Buildings and Grounds/Capacity Waiver

Note: SUPERSEDES Buildings and Grounds/Capacity Waiver in PIN 20-09-CCLD

Buildings and grounds requirements related to capacity or bedroom sharing are waived as necessary for prevention, containment, and mitigation measures, as long as the health and safety of persons in care is not compromised. This waiver may be implemented only as needed to isolate or quarantine a person in care who is exhibiting symptoms of a respiratory virus, or who has tested positive for COVID-19. Based on advice from the local health department, CDC, or CDPH, a licensee shall isolate in their room a person in care who has tested positive. A person in care who has tested positive may be allowed to engage only in those activities that allow isolation from other persons in care who have not tested positive, been exposed or who are not exhibiting symptoms. A licensee shall not isolate a person in care who has tested positive in only the person’s room if the licensee can arrange for the person to engage in appropriate activities at the facility in isolation from other persons in care who have not tested positive, been exposed or who are not exhibiting symptoms, consistent with any guidance provided in applicable PINs issued by CDSS as well as by the CDC, CDPH, and local health departments. This waiver applies to a facility’s obligations under HSC sections 1568.02, 1569.269, and 1771.7; CCR, Title 22, Division 6, section 87468.1(b).

Staffing Ratios Waiver

Note: SUPERSEDES Staffing Ratios Waiver in PIN 20-09-CCLD
Personnel staffing ratios are waived as necessary for prevention, containment, and mitigation measures as long as the licensee is able to meet the health and safety needs of each person in care. The written notice to CDSS for use of this waiver shall include what the adjusted ratio is for each program and the facility’s plan to meet the health and safety needs of persons in care. This waiver applies to a facility’s obligations regarding staff ratios under CCR, Title 22, Division 6, sections 80065, 81065, 81065.5, 81065.6, 85065, 85065.5, 85065.6, 87865, and 87865.1.

This waiver shall not apply to ratios if required for reimbursement of Medi-Cal, Medicaid, DMC State Plan or specialty mental health services. See DHCS Mental Health Information Notices.

Personnel Requirements Waivers

Note: SUPERSEDES Personnel Requirements Waivers in PIN 20-09-CCLD

Personnel requirements are waived as specified below to enable new staff of licensees to start working immediately, if as a result of COVID-19 there is a staff shortage, and the following requirements are met.

Staff Training, Experience and Education Requirements

New staff, not including a certified administrator or facility manager, may start caregiving as soon as they provide proof of completion of first aid training, which may be completed online, and are trained on universal, droplet, and any other precautions as mandated by CDC guidelines. New staff shall be trained on the specific tasks they will be performing prior to performing those tasks; shall not be left unsupervised until fully trained while persons in care are present in the facility; and shall not be designated as a substitute for the administrator or facility manager. Initial training requirements shall be met within 30 days of starting employment and copies of all training shall be kept in the employee’s file. This waiver applies to staff training, experience and education standards under HSC sections 1562 and 1569.625; CCR, Title 22, Division 6, sections 80065, 81065, 85065, 87411, 87413, and 87865.

Tuberculosis (TB) Testing

TB testing and clearance requirements are waived for new staff to enable them to work immediately. Although this requirement is waived, a licensee shall conduct a TB screening using the TB Risk Assessment Questionnaire prior to beginning employment. The licensee shall ensure the TB testing and clearance requirements for new staff are met as soon as possible but no later than five (5) days after beginning employment. This waiver applies to obligations regarding TB clearance under CCR, Title 22, Division 6, sections 80065, 81065, 85065, 87411, and 87865. Please see PIN 19-22-ASC as an additional resource.
Staff Age Requirements

The age requirement for caregivers, not including a certified administrator or facility manager, are waived to allow minors age 17 to begin caregiving as long as they provide proof of a current and valid work permit as soon as possible that meet standards required by the California Department of Industrial Relations, and have met all other personnel requirements and waiver requirements. The permit and proof of compliance with other standards shall be kept in their employee file as soon as the licensee receives the documents. Staff who are minors shall not be left unsupervised while persons in care are present in the facility and shall not be designated as a substitute for the administrator or facility manager. This waiver applies to standards under HSC section 1569.618; CCR, Title 22, Division 6, sections 80065, 81065, 85065, 87411, 87413, and 87865.

Medical Assessments Waiver

Note: SUPERSEDES Medical Assessment Waiver in PIN 20-12-ASC

Medical assessment requirements are waived as specified below to enable a person’s acceptance as a resident of an Adult Residential Facilities (ARF), Adult Day Program (ADP), EBSH, CCH, Social Rehabilitation Facilities (SRF), Residential Care Facilities for the Chronically Ill (RCFCI), Residential Care Facilities for the Elderly (RCFE), or ARFPSHNs immediately, if as a result of COVID-19 there is difficulty obtaining documentation of a medical assessment as required pursuant to the applicable section of CCR, Title 22, sections 80069, 81069, 82069, 87458, and 87894. Documentation of a medical assessment is required as soon as possible, but no later than 90 days after the declared state of emergency has ended. This waiver applies to standards under CCR, Title 22, sections 80069, 81069, 82069, 87458, and 87894.

Information Required from Physician

In lieu of a medical assessment, as required by the applicable section of CCR, Title 22, sections 80069, 81069, 82069, 87458, and 87894, a licensee shall obtain the documentation specified below, completed by a physician or physician’s designee who is a medical professional acting within their respective scope of practice for licensees of ARFs, ADPs, CCHs, EBSHs, ARFPSHNs, SRFs, RCFCIs, or RFCEs.

a) Documentation of prior medical services and history, current medical status including, but not limited to height, weight, and blood pressure, and list of diagnosis, allergies, and/or dietary restrictions, if any.

b) A record of current prescribed medications, over-the-counter medications, and supplements, and an indication of whether the medication should be centrally stored.

c) Determination whether the person is cognitively capable of self-managing their medications.
d) Results of contagious/infectious or contagious diseases or other medical conditions which would preclude care of the person by the facility.

e) A tuberculosis (TB) clearance, made within the last year, or licensee shall conduct a TB screening using the TB Risk Assessment Questionnaire prior to accepting a resident.

f) **Note:** If the licensee conducts a TB screening using the TB Risk Assessment Questionnaire, the licensee shall ensure that the TB testing and clearance requirements for new residents are met as soon as possible.

g) A COVID-19 clearance, if applicable.

**Note:** Pending status of COVID-19 test results does not need to be reported.

*Information Reported by Resident and/or the Resident’s Representative*

In addition to information completed by a physician or physician’s designee as specified above, the following documentation is required as part of the medical assessment pursuant to the applicable section of CCR, Title 22, sections 80069(a), 81069(a), 82069(a), 87458(a), and 87894(a) and may be completed by the resident or the RCFE resident’s representative, or adult facility resident’s authorized representative, if any, without signature from a physician/designee:

- a) Ambulatory status/Bedridden status, including:
  - Mobility aids (e.g. cane, walker, wheelchair)

- b) Information applicable to the pre-admission appraisal, including:
  - Functional capabilities
  - Mental condition
  - Social factors

- c) Cognitive status (i.e. mild cognitive impairment, dementia)

- d) For RCFEs, requests regarding resuscitative measures (e.g., POLST, DNR, Advanced Directives)

**TERMS AND CONDITIONS FOR WAIVERS**

Licensees may implement the waivers described in this PIN only on an as-needed basis, in a reasonable manner; protecting the confidentiality of a person’s medical diagnosis, treatment, and health care information; and in accordance with any guidance or instructions from CDSS, health care providers, CDC, CDPH, and local health departments.

Licensees shall continue to comply with standards that have not been waived in this PIN’s statewide waivers or pursuant to a different individual waiver or exception granted by CDSS. Any approved and pending waiver requests for any of the waiver provisions above shall continue to be in force but shall be replaced by this PIN. Licensees may continue to request individual waivers for standards not included in the statewide waiver in accordance with **PIN 20-04-CCLD**.

**Requirements for Ongoing Compliance with Waiver; Rescission or Modification**
Continued use of a statewide waiver will be based on each facility’s compliance with the following terms and conditions:

1) The licensee shall notify CDSS as soon as possible in writing to their local Adult and Senior Care Regional Office when a waiver is implemented pursuant to the statewide waivers set forth in this PIN, and facilities shall post this waiver in a public location.

2) A licensee’s revised policies that are impacted by the waiver shall be developed in compliance with the most recent CDC, CDSS, CDPH, and/or local health department COVID-19 guidance; be readily available for the public’s review; and a copy shall be provided to the CDSS Regional Office. The policy must include a justification for the need of a waiver.

3) A licensee must inform the person in care and their responsible party of any revised policy impacted by the waiver.

4) The licensee shall comply with directives of a local health department.

5) The licensee shall not restrict CDSS, the Department of Developmental Services, CDPH, local health department officials, and healthcare providers, Regional Center staff, Ombudsman, and essential government authorities from entering or conducting investigations at the facility. Facilities should accommodate the use of video conferencing, teleconferencing, or other technology to support oversight that is conducted remotely.

CDSS may rescind or modify a facility’s authorization for use of a waiver based upon new federal, state or local directives or guidance, or if it determines a facility does not meet the terms and conditions of this statewide waiver, or an individual waiver, as applicable.

**Effective Dates of Statewide Waivers**

The statewide waivers in this PIN shall expire on September 30, 2020, unless otherwise specified by CDSS. Once the waivers expire, all licensing requirements shall be reinstated.
