Mission: Reducing hunger and poverty in California for older adults and people with disabilities.
Vision: Excellent customer service and access for all to CalFresh food benefits.

SUMMARY
For the first time ever in California, hundreds of thousands of older adults and people with disabilities who receive SSI/SSP benefits will also be able to receive CalFresh food benefits beginning June 1, 2019. With this change, eligible older adults and people with disabilities will be able to receive a monthly CalFresh food benefit to help meet their basic needs. There is no change or reduction to SSI/SSP. Cash Assistance Program for Immigrants (CAPI) recipients will receive a $10 per person grant increase. Some who are part of households already receiving CalFresh food benefits may receive new state funded Supplemental Nutrition Benefits (SNB) or Transitional Nutrition Benefits (TNB) to help mitigate any loss of CalFresh from including SSI income. For more background information on the expansion of CalFresh to SSI recipients, visit www.cdss.ca.gov/CalFreshSSI.

Valerie’s Story

I am a long term survivor of an AIDS diagnosis. Living alone in rural Northern California, I had been going to the local church years prior for their food bank. It was hard because the food quickly expired and there were not many choices for fresh fruits and vegetables. I had to stop going because there was nothing I could eat for my diet. My appetite is very poor, and I hope I can get some food help; it is literally a lifesaver.
