California Department of Social Services
Children and Family Services Division
Foster Care Audits and Rates Branch

Colusa County Department of Health and Human Services will be terminating its specialized care rate (SCR) program upon implementation of the Level of Care Protocol. In evaluating our current caseload receiving the specialized care rate, once implementing the LOC rate payments received by these cases be equal to or above the rate received under our SCR program. Once implemented, families and youth will receive a notice of action indicating the change in rate.

During the implementation of the LOC Protocol, each case will be evaluated to determine if the youth is eligible to a SCR program provided by their placing county.
