

## Chapter Seven: CalFresh Recertification for Older Adults

Most CalFresh households have to “recertify” every 12 months. During recertification, the county eligibility worker requests verification documents and conducts an interview with the client (by phone or in person). However, households in which all adult members are seniors may only have to recertify every 24 months, and counties must provide the option to waive the face-to-face interview if all household members are aged 60 or older, or have a disability.
