The Housing Support Program (HSP) is available for eligible CalWORKs recipients living in Sacramento County. HSP may provide eligible CalWORKs families with:

- Housing assistance with rent, deposits, and utilities to help move into and keep permanent housing
- Case management services to help families stay in their housing
- Help in finding housing

HSP is a voluntary program and receiving HSP will not change your CalWORKs grant. You do not have to use or be eligible for Homeless Assistance in order to receive HSP.

HSP housing assistance will not be issued if:

- You find housing outside or move out of Sacramento County.
- You move out of housing after a housing payment has been made.
- Your family becomes ineligible for the CalWORKs program.
- You do not find approvable housing.
- You do not cooperate with the rules of the HSP program.
- Funding for HSP services is no longer available.
