INSTRUCTIONS: Use to deny the application (CW 52 request) when the parent/caretaker relative requests a child(ren) be removed from the AU's MAP under SB 380 rules (Child Support) but the child(ren) do not qualify. Specify the name of the child(ren) and the reason the child(ren) does not qualify to be removed from the MAP. Add space(s) as needed to allow for the number of children's names being denied and/or the proof that was not received. Use NA 200 if the AU has no income or NA 1239 SAR if the AU has income for the correct budget. Calculate the AU's MAP with the child(ren) being denied under SB 380 included in the MAP, if otherwise eligible.
