As stated in [All County Letter \(ACL\) No. 16-35](#), dated April 28, 2016, the Adoption and Legal Guardianship Incentive Program provides for payment of incentive funds to eligible States that increase the number of adoptions and guardianships in specific circumstances. With the reauthorization of the

Adoption and Legal Guardianship Incentive Program, California was qualified to receive a total of \$50,000 incentive funds for Fiscal Year 2016-17.

C. Refugee Social Services (RSS)

Refugee programs provide services to all refugees including Refugee Cash Assistance (RCA) recipients, unaided refugees and refugees participating in the California Work Opportunity and Responsibility to Kids (CalWORKs) program. (Different resources are available to serve refugees who are receiving

CalWORKs and/or RCA, including RSS, and/or Single Allocation funds). The RSS funds are helpful for those refugee clients who may have specific needs that may not be available under the mainstream program, such as cultural orientation, social adjustment, English as a Second Language/Vocational English as a Second Language, conflict resolution, and intensive case management specifically designed for refugees. Services that are suitable for refugees may include work activities that are designed to appropriately address the special language and cultural barriers that refugees face as newcomers to the United States. However, Single Allocation or Temporary Assistance for Needy Families (TANF) funds are an additional resource for refugee employment services and can be used in place of RSS, as appropriate, or after RSS funds have been depleted, if additional services are needed.

In accordance with 45 Code of Federal Regulations (CFR) part [400.146 \(1995\)](#), states must use RSS funds primarily for employability services designed to enable refugees to obtain jobs within one year of becoming enrolled in services in order to achieve economic self-sufficiency as soon as possible. Employability services are defined as services designed to enable an individual to obtain employment and to improve the employability or work skills of the individual.

Issues pertaining to a refugee participating in CalWORKs-funded services pursuant to [Manual of Policy and Procedures \(MPP\) section 42-711](#) (Welfare to Work Participation Requirements) should be addressed in accordance with CalWORKs Regulations.

This serves as a reminder that within these parameters, county refugee-specific programs have the flexibility in their use of federal funding toward social services to refugees, as specified in their county plans. For more information regarding refugee programs, please contact Bao Her at Bao.Her@dss.ca.gov.

A. Electronic Data Processing (EDP) Methodology Changes, CWS/CMS SACWIS and Non-CWS/CMS (Non-SACWIS)

This CFL reminds CWDs of the proper CWS/CMS SACWIS claiming policies and procedures necessary for claiming and allocating Automated Data Processing activities and expenditures appropriately to the CWS/CMS SACWIS and non-SACWIS categories in accordance with federal policy and guidelines. The following cost allocation methodology for CWS/CMS is effective retroactive to the September 2016 quarter. Please refer to the [CFL No. 06/07-36](#), dated May 21, 2007 for more information on the SACWIS methodology.

Effective July 1, 2011, AB 118 (Chapter 40, Statutes of 2011) and ABX 116 (Chapter 13, Statutes of 2011) realigned CWS. The PCs listed below are subject to the realignment provisions of AB 118 per [CFL No. 11/12-18](#), dated September 16, 2011.

The PC 165 (SB 163 Wraparound Services) will no longer be used to capture SACWIS costs. Counties will use PC 584 (SB 163 County Only) for capturing county-only SACWIS costs.

Please note: Changes to the code list are shown in bold (for new) or strikethrough (for deleted).

B. Indirect Cost Rates (ICRs)

The CDSS has developed ICRs for use by counties during FY 2016-17 in the enclosed Attachment entitled FY 2016-17 Indirect Cost Rate (ICR).

The ICRs are used to identify overhead costs associated with support staff that perform activities for non-welfare programs with no equivalent casework hours. The CDSS' Financial Analysis Unit develops ICRs based on actual indirect cost (i.e., Travel, Space, Space – County Cost Allocation Plan [CCAP], Other

Operating Costs, Public Agencies CCAP and Public/Private Agencies Direct Billed) that were reported as generic by each county for the four quarters of FY 2014-15. The totals are divided by the total direct salary and benefit costs (caseworker, administrative/clerical support and EDP staff salaries and benefits). The resulting percentages are each county's individual ICR. The CWDs have the option of either using the predetermined ICR developed by CDSS or developing an ICR specific to allocable support staff. An ICR developed by a CWD must be developed in accordance with "A Guide for State, Local and Indian Tribal Government-Cost Principles and Procedures for Developing Cost Allocation Plans and Indirect Cost Rates for Agreements with the Federal Government" ([OMB CFR § 200.416](#)). The ICRs are applied to the salaries and benefits of support staff performing activities for non-welfare programs only. The salaries and benefits plus overhead are reported as Direct Costs on the CEC using PIN 805068 (Non-welfare Programs) or PIN 806068 (Non-welfare Programs-Non EDP). Counties are reminded that Non-welfare activities must be reported in the Non-welfare function, which will draw down associated overhead through the CEC based on the time study hours of caseworkers performing the Non-welfare activity.

C. County Cash Claiming--Reporting

As a reminder, costs must be claimed in accordance with cash claiming requirements set forth in [CFL No. 06/07-06](#), dated July 13, 2006. In accordance with federal regulations at [45 CFR § 95.13](#) the CEC is a cash claim and costs can only be claimed on the date the service is received/rendered and the payment is made. For example if a service/activity is performed March 30 and the payment for service is made April 6, the costs should be claimed in the June quarter. The requirement to claim costs on a cash basis through the CEC does not remove a county's responsibility to comply with Generally Accepted Accounting Principles for county financial statements that are used for purposes other than CEC claiming.

Adjustment claims must be submitted in a timely manner to ensure that the two year limit for claiming federal funds is met. Adjustment claims include corrections to the original quarter submission and cannot include corrections for any other quarters. Due dates for these claims are provided annually in advance in every March quarterly CFL. As outlined in [MPP section 25-965.38](#), counties are required to maintain supporting documentation for all claims and must retain this documentation for three years.

D. California Department of Social Services Policy Regarding Late County Expense Claim Submissions

Due to recent policy enforcement by the federal ACF, CDSS needs to report CEC data within 45 days after the quarter ends ([TANF-ACF-PI-2014-02](#)). The ACF requires this information for nationwide budgeting and distribution of federal funds. As a result, CDSS is unable to accept late CECs without jeopardizing federal funding for California. This information was previously shared at the County Welfare Directors Association Fiscal Committee meeting.

Any county requests for extensions must be received by CDSS at least two weeks before the due date and will need to be requested in writing from the County Welfare Director. Requests for an extension should be sent to:

California Department of Social Services
County Systems Section
Attn: Racquel Flanagan, Manager
744 P Street, MS 9-5-03
Sacramento, CA 95814

E. Debarment and Suspension

Pursuant to federal regulations, CWDs must be in good standing with the federal government to receive federal funds. To ensure that CWDs are not debarred or suspended from federal financial assistance programs by any federal department or agency, CDSS must verify that the CWD is not listed on the federal Excluded Parties Listing System prior to issuance of any federal funds.

To ensure accuracy of the verification, CDSS requires submissions of the CWD's exact legal name of the entity and Employer Identification Number (EIN) or Tax Identification Number (TIN) as submitted to the Internal Revenue Service when applying for an EIN or a TIN. If a CWD is operating under multiple names or identification numbers, each name and identification number must be submitted. The information requested must be submitted via email on or before July 1, 2017, to CDSS at Fiscal.Systems@dss.ca.gov with "EIN or TIN for the County of (*insert county name*)" in the subject line. Counties should review the federal fund monitoring responsibilities for counties outlined in [CFL No. 15/16-62](#), dated June 26, 2016.

F. Federal Fund Monitoring Responsibilities

As a reminder, counties have certain responsibilities for monitoring the expenditures of federal funds. Please refer to [CFL No. 15/16-62](#), dated June 26, 2016, for a description of federal requirements and a [link](#) to the

terms and conditions for each federal grant administered by CDSS. Additionally, new terms and conditions will be posted to this [link](#) on an ongoing basis.

G. Advanced Planning Document

As a reminder, Advanced Planning Documents must be submitted for all Automated Data Processing equipment as the threshold has been changed from \$10,000 to \$0 in accordance with the Administration for Children and Families Action Transmittal (AT) #: [OISM-ACF-AT-93-3](#), dated January 3, 1993. These instructions supersede requirements stated in Manual of Policies and Procedures, Division 28 Regulations section 105 (MPP 28-105).

If counties have any questions regarding this CFL, please direct them to fiscal.systems@dss.ca.gov.

Sincerely,
