ALL-COUNTY INFORMATION NOTICE 1+13-88

TO: ALL COUNTY WELFARE DIRECTORS

SUBJECT: PAYMENT VERIFICATION SYSTEM CHANGES

REFERENCE:

The purpose of this letter is to notify users of the Payment Verification System (PVS) of three changes that have been made to the PVS. The changes to PVS were made to eliminate confusion and reduce the processing of unnecessry documents in conjunction with the requirements of the Income and Eligibility Verification System (IEVS). All of these changes should be effective in the printouts/tape(s) you will be receiving in March 1988.

In addition, this letter transmits the PVS schedule for the remainder of 1988 and asks counties if they would like to receive PVS information on Foster Care cases.

The following is a description of the changes. Attached are corresponding examples.

 Reduction in Retirement Survivors Disability Insurance (RSDI) Messages.

The number of communication and payment status messages that appear on RSDI printouts have been reduced. They have been edited to provide only RSDI printouts that are of value to eligibility, grant determination, share of cost, and/or amount of Food Stamp issuance. The messages that have been retained are on Attachment 1.

With this reduction in messages, counties should expect to receive only information on persons that are currently receiving an RSDI benefit or relevant information on why they are not.

2) Elimination of Unemployment Insurance (UI) "Check Cleared Date".

With the automation of EDD's UI system, the meaning of the section on the UI print-out that applies to "check cleared" has changed to something that is not useful and therefore, has been eliminated. An empty space on the print-out, that may be used at a future date for additional UI information, marks the former location of the "check cleared" block. An example of the new format is on Attachment 2.

3) Disability Insurance (DI) Issue Date Change.

Currently, when a DI check clears EDD's accounting system, it goes from a "not cleared" status to "cleared" status in the check status column. Correspondingly, the date in the "check issued" column changes. A change has been instituted that will show the date the DI check clears EDD's accounting process. This date will appear in the column to the right of the "check status" column.

The check issued date will disappear when the new date is added to the new "check cleared EDD" column. Unfortunately, the state is unable to retain the original check issue date once the check goes to "cleared" status. An example of the new format is on Attachment 3.

The following is the PVS processing schedule for 1988. PVS reports depend upon the monthly update of the Meds Monthly Extract File (MMEF). This usually occurs around the 24th of any given month. The dates below will be the dates the PVS will be sent if the county receives a data or print tape. Counties that receive paper print outs of PVS could expect to see them two days later. Most PVS mailings are now being sent via Purolator Courier overnight delivery.

As a final item, we would like to know if you are interested in receiving PVS information on Foster Care. When PVS became part of the Income and Eligibility Verification System (IEVS) Foster Care was dropped because the program is not mandated under federal law. Since that time, some counties have requested that Foster Care PVS be reinstituted because the information it contained, especially regarding the receipt of RSDI by children placed in Foster Care, was often of great value. If SDSS were to include Foster Care cases on PVS, it would have to be transmitted to all counties. Financial constraints prohibit the selective transmittal of this information only to counties that request Foster Care data. This is the reason for the survey.

It is important to note that Foster Care PVS would not be subject to IEVS guidelines. It would not need to be processed within 30 days or have a transmittal of the results of the match sent to the state.

If your county would or would not like to receive PVS Foster Care information, please contact Bill Schmidt of the SDSS Fraud Program Management Bureau by phone or in writing by April 1, 1988 at:

State Department of Social Services 744 P Street, M.S. 19-26 Sacramento, CA 95814 (916) 445-2757

Questions regarding any of the items covered in this letter should be directed to Bill Schmidt of the Fraud Program Management Bureau at (916) 445-2757.
