SUBJECT: Emergency Assistance Program Statistical Reporting

REFERENCE: County Fiscal Letter (CFL) No. 93/94-04 Dated July 23, 1993

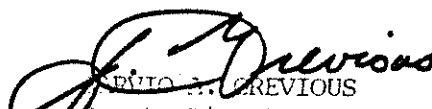

This notice is to inform counties of the California Department of Social Services' need to collect data on the Title IV-A Emergency Assistance Program. The probation portion of the program was implemented in counties on July 1, 1993; the Child Welfare Services (CWS) Emergency Shelter Care and CWS non-federally funded Foster Care portions are scheduled to be implemented on September 1, 1993. Data collection systems designed to meet the minimum federal reporting requirements for these portions of the program are being developed for implementation in counties as soon as administratively possible. As additional program information needs are identified, changes will be made to the reporting requirements.

Counties are advised that these systems initially will collect the following information:

- Number of cases
- Number of persons
- Expenditures
- And possibly, incidents of program usage

In anticipation of such requirements, counties should begin keeping appropriate records for each portion of this program.

If you have any questions regarding this All County Information Notice, please contact Levy St. Mary of the Statistical Services Bureau at (916) 653-5170.
