ALL-COUNTY INFORMATION NOTICE I-33-94

TO: ALL-COUNTY WELFARE DIRECTORS

REASON FOR THIS TRANSMITTAL

- State Law Change
- Federal Law or Regulation Change
- Court Order or Settlement Agreement
- Clarification Requested by One or More Counties
- Initiated by CDSS

SUBJECT: Statewide Industrial Medical Clinics

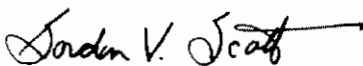

This ACIN provides the County Welfare Departments with a list of industrial medical clinics to which injured In-Home Supportive Services (IHSS), Individual Providers (IP's), who, do not have a treating doctor, could be referred for medical treatment.

California Labor Code Section 4600, requires that the employer of the injured employee, provide reasonable medical treatment to cure or relieve the injury. Unless the injured IP has given prior written notice that he or she has a treating doctor, the employer has control of the medical treatment for a 30-day period. By referring injured IP's to these clinics for treatment, counties allow the State Compensation Insurance Fund (SCIF) to maintain control of the medical treatment, thereby reducing medical and program costs.

It is critical that SCIF maintain control of the medical treatment in that new legislation places greater importance on reports from the treating doctor. Labor Code 4061.5, requires that the treating doctor render opinions on all medical issues needed to determine eligibility for compensation. Additionally, Labor Code 4062.9, states that if additional comprehensive medical evaluations are obtained, the findings from the treating doctor are presumed correct.

The clinics on the list are not endorsed by SCIF, but they are recommended by SCIF because these clinics specialize in treating and evaluating work related injuries.

Please contact Phyllis Eversole, Chief, IHSS Policy Unit, at (916) 387-4591, if you have any questions regarding this ACIN.
