**SUBJECT:** STATISTICAL REPORTS ON AID TO FAMILIES WITH DEPENDENT CHILDREN FAMILY GROUP/UNEMPLOYED PARENT (AFDC- FG/U) AND FOSTER CARE (FC) CHILDREN NEEDED TO IMPLEMENT THE EDUCATION CONSOLIDATION AND IMPROVEMENT ACT OF 1981 (CA 802 AND CA 803) OCTOBER 1997

This letter transmits instructions for the collection and reporting of 1997 data for federal fund allocations under the Education Consolidation and Improvement Act (ECIA) of 1981. The enclosed statistical forms, CA 802 and 803, will be used for compiling data required by Chapter I of the ECIA.

Grants under Chapter I of the ECIA, in excess of \$1.2 billion, are to provide services for educationally disadvantaged children. Distribution of these funds is made by the California Department of Education (CDE) to the county school districts.

To assist in the allocation of ECIA Chapter I funds, the county welfare department is to release to county superintendents of school and/or superintendents of school districts and their representatives, upon request, the address of each child, ages 5 through 17, in AFDC families receiving an AFDC-FG/U cash grant. This information may be a computer or manual listing and should display, separately, families receiving a grant of \$1,337.51 or more and \$1,337.50 or less. The determining factors in appropriating funds to the individual schools are based on the child's residence and the grant level for the report year. For purposes of preparing the ECIA annual report to the school district, it is not a requirement that the name of the school attended by the child be given.

The review month for the ECIA report on AFDC-FG/U and FC children will be October 1997. Only federally eligible AFDC-FG/U children and all FC children placed in family homes (non-group home placements) who receive public funds will be counted for purposes of this

report. Also, both AFDC-FG/U and FC children must be age 5 through 17 and born in the period November 1, 1979 through October 31, 1992. All grants/payments issued for the month of October 1997 are to be reported even though the warrant may have been issued in another month. Each county must use the integrated payroll. No sampling or estimating may be used in preparing these reports.

The form and instructions for reporting on AFDC children are enclosed and reflect those changes appropriate to process the October 1997 ECIA reports. A supporting list of only those federally eligible children, age 5 through 17, in AFDC families receiving grants of \$1,337.51 or more is required, as stated in the instructions outlined in Report Item 3 on the reverse side of Form CA 802. Do not submit to the California Department of Social Services a list of federally eligible children in families receiving grants less than this amount

For reporting purposes, FC children include all children placed in 24-hour out-of-home care who receive federal, state or county funds. The exception to this is children placed in group homes. The reporting of FC children is to be compiled separately for in-county and out-of-county placements.

In-county placements are those children who are aided by your county and reside in your county. Out-of-county placements are those children who are aided by your county but reside in another state or county. Again, reportable children are those age 5 through 17. Do not report children aided by another state or county. No supportive list is required for FC children. The due date for these reports is November 26, 1997.

Division 19, Confidentiality of Information Manual of Policies and Procedures, Section 19-004.61 and 19-004.62, states:

"Confidential case information may be released to county superintendents of school and superintendents of school districts, and their representatives, as necessary for the administration of federally assisted programs which provide assistance in cash, in kind, or services directly to individuals on the basis of need. If such confidential information is released, the superintendent shall be informed of the criminal prohibition against the use or disclosure of such information for any purpose other than that for which it was obtained."

"Information concerning the number of AFDC families living within a particular school district requested to support entitlement to funds under the Elementary and Secondary Education Act (ESEA) may be released to authorized representatives of the school district. A signed agreement with the school district shall be obtained stating that the confidential information obtained will only be used for purposes of fund claiming under the ESEA and that the district understands that there is a criminal penalty for release or use by the school district for any other purpose. This prohibition includes the use of the confidential records to identify applicants or recipients to school teachers and administrators."

Welfare offices are to disclose only the information required to meet the CDE surveyor's needs. Addresses may not be retained after the survey is completed, and no one but the surveyors themselves may have access to the information.
