SUBJECT: IMPLEMENTATION OF THE NEW INTER-COUNTY TRANSFER PROCESS FOR CALFRESH PROGRAM BENEFITS; WELFARE & INSTITUTIONS CODE § 11053.2 ADDED BY STATUTES OF 2010, CHAPTER 725, ASSEMBLY BILL 1612

The purpose of this All County Letter (ACL) is to inform counties of the new process for the Inter-County Transfer (ICT) of CalFresh (formerly the Food Stamp Program) cases. The new ICT process (at Welfare & Institutions Code § 11053.2) requires county welfare departments (CWDs) to implement the provisions of the law as described below.

**Background**

In circumstances in which a CalFresh recipient household moves from one program area (in California, each county is designated as a separate program area) to another, federal regulations allow states to exercise one of two options {7 Code of Federal Regulations § 273.3(b)}. The first option is to discontinue the case in the former county and require the recipient to file a new application in the new county of residence. The second option is to transfer the case from the former county to the new county without having the recipient reapply for benefits in the new county. Previously, California law required that the California Department of Social Services (CDSS) implement the first option, discontinuing the case and requiring the recipient to reapply in the new county, per Manual of Policies and Procedures (MPP) section 63-503.9(QR) and (QR) (b).

Currently, both the California Work Opportunity and Responsibility to Kids (CalWORKs) and Medi-Cal programs provide a process for ICT. However, as stated above, CalFresh cases are currently terminated by the former county at the end of the month in which the change of address is reported and an application must be filed in the new county. The

only exception is for those CalFresh cases subject to Quarterly Reporting/Prospective Budgeting that also have a CalWORKs component. In such cases, the former county continues to provide benefits until the end of the month in which the CalWORKs case is transferred to the new county.

The implementation of the ICT process for CalFresh recipients will ensure that eligible households do not experience an interruption in benefits and will reduce the administrative burden on CWDs. As further explained below, the ICT process for CalFresh households receiving CalWORKs or Medi-Cal is to be implemented no later than April 1, 2011 and the ICT process for CalFresh-only households is to be implemented no later than July 1, 2011.

**NOTE: CWDs implementing the ICT process for CalFresh-only cases prior to July 1, 2011 must ensure that the receiving county has also implemented before initiating the ICT.**

### **Definitions**

The following definitions pertain to ICT procedures:

- **Inter-County Transfer**  
A transfer of responsibility for determination of eligibility and provision of social services (including CalFresh) from one county to another.
- **Transfer Period**  
The period of time in which the sending county remains responsible for payment of benefits.
- **30-Day Transfer Period**  
The 30-day transfer period begins the date the sending county informs the receiving county of the transfer, either via the postmarked date if mailed or the date of the electronic transfer of the notification of the ICT. When the 30<sup>th</sup> day falls on a Saturday, Sunday, or legal holiday, the first business day following the weekend or holiday is considered to be the last day of the 30-day transfer period.
- **Expiration of the Transfer Period**  
The expiration of the transfer period occurs at the end of the month following the 30-day transfer period after the sending county either mails or electronically transfers the notification of the ICT to the receiving county or the end of the month in which benefits are discontinued for cause, whichever is earlier. By mutual agreement of the counties involved, the transfer of responsibility may occur at an earlier date.

- Sending County  
The county from which the household has moved.
- Receiving County  
The county to which the household has moved.

### **ICT Procedures**

It is critical that CWDs communicate with each other throughout the ICT process to ensure that no case is terminated until the receiving county has indicated that the transfer has been completed to ensure that the household is not subject to an interruption in benefits.

### **Transfer of CalFresh Cases Receiving CalWORKs and/or Medi-Cal**

The new law requires that no later than April 1, 2011, CWDs must begin using the existing CalWORKs ICT process for those CalFresh cases with a CalWORKs component and the existing Medi-Cal ICT process for those CalFresh cases with a Medi-Cal component. When at least one member of the CalFresh household also receives CalWORKs, the CalWORKs ICT process shall be followed. When at least one member of the CalFresh household receives Medi-Cal, but no household member receives CalWORKs, the Medi-Cal ICT process shall be followed.

- Refer to California Department of Health Services {now California Department of Health Care Services (DHCS)} All County Welfare Directors Letters 03-12, dated February 21, 2003, and 04-14, dated April 30, 2004 for the Medi-Cal ICT process.

<http://www.e-parc.ca.gov/Letters/Pages/04-14.aspx>

- Refer to CDSS MPP § 40-187 through 40-197 for the CalWORKs ICT process.

### **Notifications of Transfer**

- The sending county is responsible for informing the recipient of the transfer using the CalFresh Informing Notice of Sending Inter-County Transfer (NA 1268 2/11).

- The receiving county is responsible for informing the recipient of the transfer using the CalFresh Informing Notice of Receiving Inter-County Transfer (NA 1267 2/11).
- The NA 1267 and NA 1268 are new forms. A link to each is provided under Forms and Translations on page eight of this letter.

### **Transfer of Non-Assistance CalFresh Cases (without Medi-Cal)**

The new law requires that no later than July 1, 2011, CWDs will begin using, an ICT process for CalFresh recipients who are not receiving CalWORKs or Medi-Cal {Welfare & Institutions Code § 11053.2(c)}. The specifics of that process follow below:

When no member of the CalFresh household receives CalWORKs or Medi-Cal, **the sending county shall:**

- notify the receiving county of the initiation of a case transfer via either a written or electronic data transfer process;
- inform the recipient of the transfer using the CalFresh Informing Notice of Sending Inter-County Transfer (NA 1268 2/11);
- within seven working days from the date that the sending county notifies the receiving county of a case transfer, provide the receiving county with copies of the most recent:
  - ✓ CA 1/SAWS 1/DFA 285-A1/Electronic Application (Application for Cash Aid, Food Stamps and/or Medical Assistance)
  - ✓ SAWS 2/DFA 285-A2 (Statement of Facts)
  - ✓ QR 7 (Eligibility/Status Report – Quarterly For Cash Aid and Food Stamps)
  - ✓ DFA 377.5 (Food Stamp Household Change Report)
  - ✓ Over-issuance claims and repayment records (adjustment/repayment records, Notices of Action, etc.) for any over-issuance that will not be repaid before the end of the transfer period and will continue to be recouped by the receiving county
  - ✓ Copies of any other documents supporting the eligibility determination made by the sending county
- for quarterly reporting households, determine continuing eligibility and amount of CalFresh benefits from the most recent Quarterly Eligibility/ Status Report due during the transfer period. Once eligibility is determined, CalFresh benefits shall

continue to be issued by the sending county until the expiration of the transfer period; or

- for change reporting households, determine continuing eligibility and amount of CalFresh benefits from the most recent DFA 377.5 (or other reported information) submitted. Once eligibility is determined, CalFresh benefits shall continue to be issued by the sending county until the expiration of the transfer period; and
- discontinue responsibility for the provision of CalFresh benefits at the expiration of the transfer period.

**The receiving county shall:**

- contact the former county of residence to initiate an ICT if a recipient requests benefits while still active in the former county and the recipient has not yet notified the former county of the move to the current county of residence;
- provide the sending county with notification of the disposition of the initiated ICT;
- provide the sending county with any information which might affect eligibility or the amount of CalFresh benefits during the transfer period;
- determine eligibility and benefit amount based on current circumstances using continuing recipient criteria (including the current QR cycle);
- utilize existing CalFresh requirements for requesting residency verification when the head of household (HH) moves; and
- provide the recipient with CalFresh Informing Notice of Receiving Inter-County Transfer (NA 1267 2/11) acknowledging receipt of the transfer from the sending county, the amount of benefits, the effective date, and for the number of persons.

**Able-Bodied Adults Without Dependents (ABAWD)**

When the household consists of an ABAWD person who moves to another county, the county of residence is responsible to check if the participant is meeting the ABAWD work rule. California is currently under a statewide waiver for the ABAWD work rule for FFY 2011.

**Statewide Finger Imaging System (SFIS)**

The ICT process assumes no interruption in benefits; therefore, a new SFIS screening

is not required during the transfer period. Per MPP Section 63-300.451, a household that has not met SFIS requirements during the initial certification period must satisfy those requirements by the end of the initial certification period or prior to being recertified. Therefore, if the household member(s) have not complied with SFIS requirements in the sending county, those requirements must be satisfied in the receiving county by the end of the certification period or prior to being recertified. As a reminder, the CWD shall not require the household member to make a special trip into the office solely for the purpose of the SFIS compliance.

### **Restoration of Aid Waiver**

The restoration of aid waiver (ACL 10-32, dated September 1, 2010) provides that any household whose benefits have been terminated for any reason other than failure to complete a recertification or have been disqualified from the program is eligible to request a restoration of CalFresh benefits by curing the reason for the termination within the month following the discontinuance. If, in the month following the discontinuance, the household either appears in the CWD in a new county of residence, it is incumbent on that CWD (in communication with the previous county of residence) to determine if the household would benefit from having the case restored or by completing a new application (in the event the household is eligible for expedited service). If it is determined that it is more advantageous to the household to have the case restored, the receiving county must provide any information needed by the first county to complete the restoration and the first county is responsible for restoring the case per ACL 10-32. If it is determined that the household is better served by completing a new application, the second county will notify the household and assist in the completion of the application.

### **Households Excluded from ICT**

- Households receiving Transitional CalFresh (TC) benefits that move from one county to another will continue to receive TC benefits from the original issuing county and no transfer will be made. However, if the household applies for and is approved for regular CalFresh benefits in a different county than the county maintaining the TC case, it is critical that the county maintaining the TC case be notified.
- Households that move during the last month of their certification period. Households who are due for recertification shall be required to file a new CalFresh application in their new county of residence.
- A CalFresh ICT should only be initiated when the entire household moves out of county. When only individuals in the household move, those individuals should

be added to existing households, if applicable, under existing Quarterly Reporting or Change Reporting rules. If the individuals do not join an existing CalFresh household, they are to be removed from the existing household according to existing rules and appropriate notices of action must be issued. These individuals would need to apply on their own in their new county of residence.

### **Homeless Households**

CalFresh households that are homeless or become homeless shall continue to receive benefits from the county of application as defined by MPP 63-401. If a household reports residency in another county, the CWD may transfer the household to the new county, if appropriate, using the ICT procedures outlined in this ACL.

### **Domestic Violence (DV Issues)**

Please refer to the CDSS All County Information Notice I-60-09 for domestic abuse issues with regard to ICTs.

[http://www.dss.cahwnet.gov/lettersnotices/entres/getinfo/acin/2009/I-60\\_09.pdf](http://www.dss.cahwnet.gov/lettersnotices/entres/getinfo/acin/2009/I-60_09.pdf)

### **Claims Against Households**

Refer to MPP 63-801.782 regarding the process for transferring information regarding overissuances and claims against household:

<http://www.dss.cahwnet.gov/foodstamps/entres/getinfo/pdf/fsman10.pdf>

### **Medi-Cal Eligibility Data System (MEDS) Transaction Codes**

The order in which MEDS transactions are sent is critical to automatically change the responsible county for a CalFresh ICT in MEDS. When the transactions are not sent in order, county MEDS operators will need to manually update the record in MEDS to ensure that the receiving county has gained control of the MEDS record. When the sending county initiates a CalFresh ICT and subsequently terminates the CalFresh benefits, an FX40 MEDS transaction will need to be sent to terminate responsibility as the CalFresh responsible county. The receiving county can send either an FX20 or FX05 MEDS transaction when assuming responsibility for the CalFresh case.

DHCS has clarified that the CalFresh ICT MEDS transaction FX05 was added to MEDS as part of a change in 1999. Use of the FX05 is not required for an ICT. Once the two

counties have agreed on the effective date of the transfer, the sending county will terminate eligibility with a termination date the day prior to the agreed-upon effective date of the transfer (which will generate an FX40 to MEDS) and the receiving county would report eligibility with the effective date of the transfer (using either an FX20 or FX05 transaction). Use of an FX05 merely simplifies the ICT process for the receiving county since the FX05 transaction will work whether or not MEDS has received the termination update from the sending county prior to receipt of the receiving county update. With FX20 transactions, in order to prevent rejected updates, the receiving county would need to confirm that MEDS eligibility has been terminated by the sending county prior to sending an update.

### **Electronic Inter-County Transfer (eICT) Network**

Counties are encouraged to use the automated file transfer process, eICT, which will greatly ease the administrative burden of transferring cases from one county to another and from one consortium to another.

### **Reporting**

For reporting purposes, the DFA 296 (Food Stamp Program Monthly Caseload Movement Statistical Report) will be revised to reflect the ICT process for CalFresh cases. This revision will be transmitted via ACIN in the near future.
