As required by regulation, a minimum of the basic rate and the child increment are to be passed on to the FFA certified home for each child each month. The FY 2014-15 FFA rates are reflected in Tables D and E below:

Intensive Treatment Foster Care/Multi-dimensional Treatment Foster Care (ITFC/MTFC)

SB 1013 authorized an interim increase in the ITFC/MTFC rates, changed the service hours and rate levels, and increased the minimum amount paid to the certified foster parent. The interim rate increase will be in effect for three fiscal years beginning on July 1, 2012 through June 30, 2015 by an amount equal to the CNI computed pursuant to W&IC section 11453. Effective July 1, 2014, the 2.17 CNI is calculated based only on the caregiver portion of the ITFC/MTFC rate and is reflected in Table F below:

Table F

Service and Rate Level	In-Home Support Counselor Hours per Month	Standard Rate	Minimum Reimbursement to Certified Home
Level I	81-114 Hours	\$5,685	\$2,203
Level II	47-80 Hours	\$4,902	\$2,203
Level III	Less than 47 Hours	\$4,138	\$2,203

Additionally, children placed at Service and Rate Level III must receive behavior de-escalation and other support services on a flexible as-needed basis from an in-home support counselor. The FFA must provide one full-time support counselor for every 20 children placed at Level III. Children may not be placed at a Rate Level I or II for more than six months unless it is determined to be in the best interest of the child by the child's county interagency review team or the county placing agency, FFA and the child's certified foster parents. Extensions may be granted in six month increments.

Out-of-State Group Homes

The rate paid for California (GH) placements made out-of-state is the rate established by the rate-setting authority of the other state. The county cannot claim federal financial participation for any rate amount exceeding the current FY's RCL 14 or exceeding the rate determined by the rate-setting authority of the state in which the facility is located.

The county is responsible for determining if any non -allowable costs are included in the rate and ensuring that only allowable costs are claimed for federal Title IV -E AFDC-FC reimbursement. Allowable costs are defined as food, clothing, shelter, daily supervision, school supplies, a child's personal incidentals, and liability insurance with respect to a child, reasonable travel to the child's home for visitation and reasonable travel to the child's school of origin. GH placements and allowable costs also include reasonable administration.

Specialized Care Increment

In accordance with W&IC section 11461(e)(4)(C)(i), the SCI will not receive a cost-of-living adjustment (COLA) in FY 2014-15. However, a county may choose to apply a COLA such as the CNI to its SCI. Consistent with the realignment of funding, there will be no state share of cost for any adjustment.

Infant Supplement

The Infant Supplement rates are to remain at the levels approved effective January 1, 2008. If applicable, youth who are in guardianships receiving AFDC-FC benefits are also entitled to receive the Infant Supplement. The Infant Supplement rate is reflected in Table I below:
