ALL-COUNTY LETTER NO. 74-94

TO: ALL COUNTY WELFARE DIRECTORS

SUBJECT: ALVAREZ v. CARLESON

REFERENCE:

A public hearing was held on March 7, 1974 to consider regulatory changes which would clarify the treatment of OASDI income, or income from similarly restricted sources, in determining AFDC eligibility and grant computation. Amended regulations have been adopted and will be transmitted to you shortly.

A Judgment entered in the case of Alvarez v. Carleson requires that a notice be mailed to all AFDC families, in English and Spanish, advising of the opportunity to have their AFDC grant recomputed if a child in the family receives restricted income. You are therefore directed to send such a notice on or before July 1, 1974 to each AFDC family in your county. The forms of the English and Spanish notices which must be used are attached. The English notice can be printed on one side of a card and the Spanish version on the other, and included as a stuffer with any AFDC check mailed on or before July 1.

Sincerely,

DAVID B. SWOAP
Director
