- For the period prior to March 3, 2003, counties are to report only the incremental difference between the original CalWORKs payment and the higher federal foster care rate. Effective 3/3/03 through 12/31/03, counties must reverse the entire CalWORKs payment and fully fund the federal foster care payment; report the foster care payment in the designated cells, the offsetting CalWORKs payments for all cases must be totaled and entered on the CalWORKs Offset Line.
- Only include Rosales costs for AAP from March 3, 2003 forward.
INSTRUCTIONS FOR
TEMP CA 800 ROSALES ASSISTANCE CLAIM FORM
ROSALES V. THOMPSON RETROACTIVE PAYMENTS

General Information
1. On the tab labeled “Rosales Retro CL’ in the TEMP CA 800 Rosales (2/05) Excel Workbook, enter the county name, the county staff person’s name to be contacted, and their telephone number, should there be any questions regarding the claim.
2. This form is programmed to round all amounts to the nearest dollar; however, the exact value (dollar and cents) of the active cell will be displayed on the formula bar.
3. All of the gray shaded cells on this page of the workbook either have formulas or are not for data entry. **These cells are protected and no data may be entered.**
4. Assistance costs will be reported by Federal Fiscal Year (FFY) using the appropriate Federal Medical Assistance Percentage (FMAP) Rate (Noted on line #1 for each federal fiscal year) and by the time-periods identified: Column A (12/23/97 – 11/30/01), Column B (12/1/01 – 12/31/02), and Column C (1/1/03 – 12/31/03).

ASSISTANCE COSTS

**A. Claiming Period: 12/23/97 – 3/2/03**
**Line 1: FFY YY** – Provides the FMAP rate to be used for calculating the appropriate higher federal Foster Care rate. **No entries are to be made on this line.**

**Line 2: Relative Placements** – For cases initially designated as CalWORKs for this time-period, do not re-designate CalWORKs aid codes or reverse previous CalWORKs assistance payments. Instead, calculate the differential payment amount between the CalWORKs payment and the higher Foster Care payment, and pay the difference to the relative provider. Enter the difference for the Federal, State, and County shares under the Fed IV-E, State, and County columns respectively. The calculated difference in the federal share amount will be funded with Title IV-E funds.

**Line 3: Out-of-Home Placements** – For cases initially designated as Non-Federal Out-of-Home Foster Care Placement during this time-period, using a separate worksheet (to be maintained by the county), calculate the difference in the Federal, State, and County shares that would be paid as a Federal Foster Care, Adoption, or EA case, as opposed to the original payment as a Non-Federal Foster Care case. There will be no additional payment to providers since the rates for both federal and non-federal cases are the same. Only the Federal, State, and County shares of costs are adjusted. Enter the difference for the Federal, State, and County shares in the Fed IV-E, State, and County columns respectively. The calculated difference in the federal share amount will be funded with Title IV-E funds.

**Line 4: Total FFY YY** – This line will automatically calculate. **No entries are to be made on this line.**
Line 5: **Persons Count** – Enter the person count for all cases eligible for Relative Placements, Adoption Assistance, and Out-of-Home Placements covered by this time-period.

**B. Claiming Period:** 3/3/03 – 12/31/03

Line 1: **FFY YY** – Provides the FMAP rate to be used for calculating the appropriate higher federal Foster Care rate. **No entries are to be made on this line.**

Line 2: **Relative Placements** – For cases initially designated as CalWORKs for this time-period, re-designate the cases from Aid Code 33 to Aid Code 42. Calculate the total amount of all the original CalWORKs grant payments and refer to Section C, Line 8 of these instructions. Calculate the full federal Foster Care payment amount and enter the full amount on Line 2. Calculate the difference between the full Foster Care and CalWORKs payments and pay the difference to the relative provider.

Line 3: **Out-of-Home Placements** - For cases initially designated as Non-Federal Out-of-Home Foster Care Placement, Non-Federal Foster Care, Adoption Assistance, and/or Emergency Assistance (EA), there will be **no additional payment** to the provider since the rates for both the federal and non-federal cases are the same. Only the Federal, State, and County shares of costs are adjusted.

For these cases, re-designate: Non-Federal Children in Foster Care cases from Aid Code 40 to Aid Code 42, Federal Children in Foster Care; EA Foster Care cases from Aid Code 4K to Aid Code 42 Federal Children in Foster Care; and Non-Federal Adoption Assistance cases from Aid Code 04 to Aid Code 03 Federal Adoption Assistance. Calculate the difference in Federal, State, County shares that would be paid as a federal Foster Care, Adoption, or EA case as opposed to the original payment as a non-federal Foster Care case using a separate worksheet (to be maintained by the county). Enter the difference for the Federal, State, and County shares under the Fed IV-E, State, and County columns respectively. The calculated difference in the federal share amount will be funded with Title IV-E funds.

Line 3A: **Funding Adjustment (Shift from Non-Federal to Federal Adoptions)** – For these cases, re-designate aid code 04 Non-Federal Adoption cases to Aid Code 03 Federal Adoption cases. Calculate the difference in Federal, State, and County shares that would be paid as a Federal Adoption case as opposed to the original payment as a Non-Federal Adoption case using a separate worksheet (to be maintained by the county). Enter the difference for the Federal, State, and County shares under the Fed IV-E, State, and County columns respectively. The calculated difference in the federal share amount will be funded with Title IV-E funds.

**C. Totals**

**Line 7:** Total Persons Count, All FFYs: This line will automatically calculate. **No entries are to be made on this line.**

**Line 8:** **<CalWORKs Offset>:** For cases initially designated as CalWORKs and re-designated to Aid Code 42, calculate the total amount of all the original CalWORKs grant payments and enter the full amount by fund source on the **<CalWORKs Offset>** line. (See Section B, Line 2 above).
