CDSS MANUAL LETTER NO. CCL-10-01

TO: HOLDERS OF THE COMMUNITY CARE LICENSING MANUAL, TITLE 22, DIVISION 6, CHAPTER 4, SMALL FAMILY HOMES

Regulation Package #0409-04 Effective 3/6/10

Sections 83074 and 83087

This manual letter has been posted on the Office of Regulations Development website at [http://www.dss.cahwnet.gov/ord/PG647.htm](http://www.dss.cahwnet.gov/ord/PG647.htm)

Currently, only two licensed children's residential facility categories, Group Homes that care for children under the age of six years and Crisis Nurseries prohibit smoking within the facility and on the facility grounds.

A Report of the United States (U.S.) Surgeon General entitled, "The Health Consequences of Involuntary Exposure to Tobacco Smoke" (2006), concluded that "there is no risk-free level of exposure to secondhand smoke." Also, the U.S. Environmental Protection Agency found that each year in the U.S., secondhand smoke exposure is responsible for 150,000 to 300,000 new cases of bronchitis and pneumonia in children aged less than 18 months resulting in 7,500 to 15,000 hospitalizations annually.

Senate Bill 7 (Oropeza) Statutes of 2007 added Health and Safety Code Section 118948 which made it unlawful to smoke a pipe, cigar or cigarette containing tobacco or any other plant material in a motor vehicle whether in motion or at rest in which there is a minor. These regulations implement this statute and make the nonsmoking requirement mandatory for all children's residential facilities' buildings and grounds.

These regulations, promulgated by the Department of Social Services ensure children in small family homes have the right to be accorded safe, healthful and comfortable home accommodations and be free of the risks and toxic exposure of secondhand smoke.

These regulations were considered at the Department's public hearing held on August 12, 2009.
