86568.4 REMOVAL AND DISCHARGE PROCEDURES

- (a) The licensee shall ensure that written policies and procedures governing a child's removal or discharge from the crisis nursery are developed, maintained, and implemented.
 - (1) The child's parent, legal guardian, or authorized representative(s) shall receive copies of such policies and procedures.
 - (2) Signed copies of such policies and procedures shall be maintained in the child's record, as specified in Section 86570.
- (b) If it is determined that the crisis nursery cannot meet the needs of the child, the licensee shall ensure that the child's parent, legal guardian, or authorized representative(s) are notified of the determination and request that the child be placed elsewhere.
- (c) Nothing in this section is intended to prevent the child's removal from the crisis nursery under emergency circumstances by an authorized person or agency.

HANDBOOK BEGINS HERE

- (1) Examples of emergency circumstances include, but are not limited to:
 - (A) When the health and safety of the child or of other children in the facility is endangered by the child's continued presence in the facility.
 - (B) Removal for emergency medical or psychiatric care.
 - (C) Relocation by the child's authorized representative(s).

HANDBOOK ENDS HERE

- (d) Crisis nursery staff shall develop and maintain a written removal or discharge record containing the information specified in Section 86570(g).

NOTE: Authority Cited: Section 1530, Health and Safety Code. Reference: Sections 1501, 1516 and 1531, Health and Safety Code.

86570 CHILDREN'S RECORDS

- (a) A separate, complete, and current record shall be maintained in the crisis nursery for each child.
- (b) Each record must contain information for the child including, but not limited to, the following:
 - (1) Name.
 - (2) A recent photograph and physical description.
 - (3) Birth date.

- (15) The child's initial assessment plan.
- (c) All information and records regarding the child shall be confidential except as authorized by law.
- (1) A child's records shall be open to inspection by the child's authorized representative.
- (d) All child records shall be available to the Department to inspect, audit, and copy upon demand during normal business hours. Records may be removed, if necessary, for copying. Removal of records shall be subject to the following requirements:
- (1) The Department shall not remove the following current records for children currently in care unless the same information is otherwise readily available in another document or format.
- (A) Contact information for the child's authorized representative, as specified in Section 86570(b)(5).
- (B) Contact information for the child's medical and mental health providers, as specified in Section 86570(b)(6).
- (C) Medication record, as specified in Section 86570(b)(7).
- (D) Initial assessment plan, as specified in Section 86570(b)(15).
- (E) Any other records containing current emergency or health-related information.
- (2) Prior to removing any records, the Department shall prepare a list of the records to be removed, sign and date the list upon removal of the records, and leave a copy of the list with the administrator or designee.
- (3) The Department shall return the records undamaged and in good order within three business days following the date the records were removed.
- (e) The information specified in Sections 86570(b)(1)-(14) must be updated as necessary to ensure the accuracy of the child's record.
- (f) All child records shall be retained for at least three years following termination of service to the child.

86570 CHILDREN'S RECORDS (Continued)

- (g) If it is determined that the child is to be removed or discharged from the crisis nursery, the following information shall be maintained in the child's record:
- (1) Date the child's authorized representative(s) was notified of the necessity for the child's removal or discharge.
 - (2) The name, address, and relationship to the child of the person to whom the child was released.
 - (3) Reason for the child's removal or discharge.

86572 PERSONAL RIGHTS (Continued)

- (15) To be free to attend religious services and activities of his or her choice and to have visits from the spiritual advisor of his or her choice.
- (16) To be accorded the independence appropriate to the child's age, maturity, and capability, and to attend and participate in extracurricular, cultural, and personal enrichment activities, consistent with the child's age and developmental level.
- (17) Not to be locked in any room, or building.
 - (A) The licensee shall not be prohibited from locking exterior doors and windows or from establishing house rules for the protection of the children so long as the children can exit from the crisis nursery.
- (18) Not to be placed in any restraining device. Postural supports may be used if they are approved in advance by the Department as follows:
 - (A) Postural supports shall be limited to appliances or devices including braces, spring release trays, or soft ties, used to achieve proper body position and balance, to improve a child's mobility and independent functioning, or to position rather than restrict movement including, but not limited to, preventing a child from falling out of bed, a chair, etc.
 - 1. Physician-prescribed orthopedic devices such as braces or casts used for support of a weakened body part or correction of body parts are considered postural supports.
 - (B) All requests to use postural supports shall be in writing and include a written order of a physician indicating the need for such supports. The Department shall be authorized to require other additional documentation in order to evaluate the request.
 - (C) Approved postural supports shall be fastened or tied in a manner that permits quick release by the resident.
 - (D) The Department shall approve the use of postural supports only after the appropriate fire clearance, as required by Section 86520(a) or (b), has been secured.
 - (E) The Department shall have the authority to grant conditional or limited approvals to use postural supports.
 - (F) Under no circumstances shall postural supports include tying of, or depriving or limiting the use of, a child's hands or feet.
 - 1. A bed rail that extends from the head half the length of the bed and used only for assistance with mobility shall be allowed with prior departmental approval. Bed rails that extend the entire length of the bed are prohibited.

86572 PERSONAL RIGHTS (Continued)

- (G) Protective devices including, but not limited to, helmets, elbow guards, and mittens which do not prohibit a child's mobility but rather protect the child from self-injurious behavior are not to be considered restraining devices. Protective devices may be used if they are approved in advance by the Department as follows:
1. All requests to use protective devices shall be in writing and include a written order of a physician indicating the need for such devices. The Department shall be authorized to require additional documentation including, but not limited to, the Individual Program Plan (IPP) as specified in Welfare and Institutions Code Section 4646, and the written consent of the authorized representative, in order to evaluate the request.
 2. The Department shall have the authority to grant conditional or limited approvals to use protective devices.
- (H) Under no circumstances shall postural supports or protective devices be used for disciplinary purposes.
- (19) To be free to attend court hearings and speak to the judge.
- (20) To be accorded dignity in his/her personal relationships with other persons in the crisis nursery.
- (A) To be free from unreasonable searches of person.
 - (B) To be free from unreasonable searches of personal belongings.
- (21) To have all the child's court records be confidential, consistent with existing law.
- (b) Each child's authorized representative, shall be personally advised, and given at admission, a copy of the rights specified in Section 86572(a).
- (c) In ensuring childrens' personal rights the licensee is not required to take any action that would impair the health and safety of children.

86572.1 DISCIPLINE POLICIES AND PROCEDURES

- (a) The licensee shall ensure that a written discipline policies and procedures plan is developed, maintained and implemented.
- (b) The licensee shall ensure that a copy of the discipline policies and procedures is provided to parents, staff, legal guardians, and authorized representatives.
- (c) Discipline for children shall be education-based, consistent among caregivers, and include the following:
 - (1) Redirecting the child's attention.
 - (2) Focusing on the rule to learn and the reason for the rule.
 - (3) Providing acceptable alternatives.
 - (4) Providing time away from the precipitating situation.
 - (5) Arranging the environment to allow safe testing of limits.
- (d) Discipline shall not include confinement to cribs, high chairs, playpens or other similar furniture or equipment.
- (e) The licensee shall prohibit any form of discipline that violates a child's personal rights as specified in Section 86572, Personal Rights.

NOTE: Authority Cited: Section 1530, Health and Safety Code. Reference: Sections 1501, 1516, and 1531, Health and Safety Code.

86572.2 COMPLAINT PROCEDURES

- (a) The licensee shall ensure that written complaint procedures by which children, parents, legal guardians, or authorized representatives are permitted to file complaints, without fear of retaliation, with the crisis nursery regarding crisis nursery staff or operations are developed, maintained, and implemented.
 - (1) Parents, staff, legal guardian, or authorized representatives shall receive copies of such procedures.
 - (2) Signed copies of such procedures shall be maintained in each child's record.

86572.2 COMPLAINT PROCEDURES (Continued)

- (3) Such procedures shall be posted in a location in the crisis nursery that is accessible to children, their parents, legal guardians or authorized representatives.

NOTE: Authority Cited: Section 1530, Health and Safety Code. Reference: Sections 1501, 1516, and 1531, Health and Safety Code.

86574 TRANSPORTATION

- (a) The licensee shall ensure that all transportation provided for children in their care is provided in vehicles that are in safe operating condition and that drivers comply with all applicable laws.
- (b) No child shall be left unattended in a vehicle.
- (c) The licensee shall ensure that children are secured in the vehicle in an appropriate restraint device according to the California Vehicle Code and, if applicable, the manufacturers' instructions for the infant car seat(s).
- (1) The licensee shall ensure the use of other restraint or protective devices that are required due to the child's disabilities or physical and medical condition.
- (2) The licensee shall ensure that children are secured in the vehicle so that the child is not in danger of being injured by the vehicle's airbag.
- (d) The licensee and his/her staff are prohibited from smoking a tobacco product, or permitting any person from smoking a tobacco product in a motor vehicle that is regularly used to transport children, regardless of when the children are present. This prohibition applies when the motor vehicle is moving or at rest. Smoking has the same meaning as in subdivision (c) of Section 22950.5 of the Business and Professions Code, and tobacco product means a product or device as defined in subdivision (d) of Section 22950.5 of the Business and Professions Code.

86574 TRANSPORTATION (Continued)

HANDBOOK BEGINS HERE

Business and Professions Code sections 22950.5(c) and (d) provide:

(c) "Smoking" means inhaling, exhaling, burning, or carrying any lighted or heated cigar, cigarette, or pipe, or any other lighted or heated tobacco or plant product intended for inhalation, whether natural or synthetic, in any manner or in any form. "Smoking" includes the use of an electronic smoking device that creates an aerosol or vapor, in any manner or in any form, or the use of any oral smoking device for the purpose of circumventing the prohibition of smoking.

(d) (1) "Tobacco product" means any of the following:

(A) A product containing, made, or derived from tobacco or nicotine that is intended for human consumption, whether smoked, heated, chewed, absorbed, dissolved, inhaled, snorted, sniffed, or ingested by any other means, including, but not limited to, cigarettes, cigars, little cigars, chewing tobacco, pipe tobacco, or snuff.

(B) An electronic device that delivers nicotine or other vaporized liquids to the person inhaling from the device, including, but not limited to, an electronic cigarette, cigar, pipe, or hookah.

(C) Any component, part, or accessory of a tobacco product, whether or not sold separately.

86575 HEALTH RELATED SERVICES

- (a) The licensee shall ensure that each child receives necessary first aid and other needed medical or dental services, including arrangement for or provision of transportation to the nearest available services.
- (b) When a child has a health condition that requires medication, the licensee shall ensure that the caregiver shall:
- (1) Assist children with the taking of medication as needed.
 - (2) Ensure that instructions are followed as outlined by the appropriate medical professional.
 - (3) Store medication as instructed in the original container with the original unaltered label in a locked and safe area that is not accessible to children.
 - (4) The administration of PRN medication shall also require documentation by the caregiver of the date, time and dose of medication administered.
 - (5) Determine need in accordance with medical instructions if the child can not determine his or her own need for medications.
- (c) When a child has a health condition that requires prescription medication, the licensee shall ensure that, in addition to following the requirements in Section 86575(b), the caregiver shall:
- (1) Administer prescription medication as directed on the label and as prescribed by the physician in writing.
 - (A) The licensee shall obtain, in writing, approval and instructions from the child's authorized representative for administration of the prescription medication for the child. This documentation shall be kept in the child's record.
 - (B) The licensee shall not administer prescription medication to a child in accordance with instructions from the child's authorized representative if the authorized representative's instructions conflict with the physician's written instructions or the label directions as prescribed by the child's physician.
- (d) Non-prescription medication may be administered without approval or instructions from the child's physician if all of the following conditions are met:
- (1) Non-prescription medications shall be administered in accordance with the product label directions on the nonprescription medication container or containers.
 - (A) For each nonprescription medication, the licensee shall obtain, in writing, approval and instructions from the child's authorized representative for administration of the nonprescription medication to the child. This documentation shall be kept in the child's record.

This page is intentionally left blank.

86575 HEALTH RELATED SERVICES (Continued)

- (B) The licensee shall not administer nonprescription medication to a child in accordance with instructions from the child's authorized representative if the authorized representative's instructions conflict with the product label directions on the nonprescription medication container or containers.
- (e) The licensee shall develop and implement a written plan to record the administration of the prescription and nonprescription medications and to inform the child's authorized representative daily, for crisis day services, and upon discharge for overnight care, when the medications have been given.
- (f) All medications that are no longer needed by the child, or when the child is removed or discharged from the crisis nursery, shall be returned to the child's authorized representative or disposed of after an attempt to reach the authorized representative.
- (g) Prescription medications that are not taken with the child upon termination of services, or which are not to be retained shall be destroyed by the crisis nursery administrator, or designee, and one other adult.
 - (1) Both shall sign a record, to be retained for at least one year, which lists the following:
 - (A) Name of the child.
 - (B) The prescription number and the name of the pharmacy.
 - (C) The medication name, strength and quantity destroyed.
 - (D) The date of destruction.

 - (7) Cover open wounds, cuts, or sores with bandages.
 - (8) Wipe noses with disposable, one-use tissues.
 - (9) Clean up blood spills promptly with a freshly prepared solution of 1/4 cup household bleach to one gallon of water or equally effective commercial disinfecting solution.
 - (10) Dispose of all blood and secretion contaminated items in containers that cannot be opened by the children.
 - (11) Keep all items used by animals beyond the reach of infants.
- (b) Staff shall clean those areas used by staff that care for infants or which infants have access as follows:
- (1) Vacuum or sweep, and mop with a disinfectant the uncarpeted floors at least daily or more often if soiled.

86578.1 SANITATION REQUIREMENTS (Continued)

- (2) Vacuum carpeted floors and large unwashable throw rugs at least daily and clean them at least every six months or more often if soiled.
- (3) Shake or vacuum small washable rugs at least daily and wash them at least weekly or more often if soiled.

HANDBOOK BEGINS HERE

- (A) To clean carpets and large rugs, licensees may rent commercial cleaning machines or hire a professional cleaning service.

HANDBOOK ENDS HERE

- (4) Wash walls and portable partitions with a disinfectant at least weekly or more often if soiled.
- (5) Wash and disinfect high chairs, feeding tables, food preparation areas, bathtubs, changing areas, toilets, and potty chairs at least daily.
- (6) Wash and disinfect at least daily, or more often if soiled, objects mouthed by infants, including, but not limited to, toys and blankets.
- (7) Use washing/disinfecting solutions as follows:
 - (A) Freshly prepare the solution each day, using 1/4 cup of bleach per gallon of water, or
 - (B) Use commercial disinfecting solutions according to label directions.
- (c) Infant bedding shall meet the following standards:
 - (1) Each infant shall have bedding replaced when wet or soiled.
 - (2) Staff shall wipe crib mattresses with a detergent/disinfectant daily and when soiled or wet.
 - (3) Staff shall place soiled bedding in a suitable container that is inaccessible to children.
- (d) Staff shall handle soiled disposable diapers as follows:
 - (1) Discard them as recommended on the packaging, or
 - (2) Place them in an airtight container for daily disposal outside the crisis nursery and
 - (3) Sanitize any soiled diaper containers daily.

86578.1 SANITATION REQUIREMENTS (Continued)

- (e) Staff shall handle soiled cloth diapers as follows:
 - (1) Place them in an airtight container.
 - (2) Rinse, wash, and sanitize them daily.
 - (3) If the crisis nursery uses a diaper service, staff shall place the diapers in the diaper service company's container for pickup, as instructed by the diaper service.
- (f) After each diaper change, staff shall wash and disinfect soiled items and surfaces around the diaper changing area, including, but not limited to, the following:
 - (1) Walls and floors surrounding the immediate diaper changing area.
 - (2) Dispensers for talc, lotion, soap, and paper towels.
 - (3) Countertops, sinks, drawers, and cabinets.

86579 PLANNED ACTIVITIES

- (a) The licensee shall ensure that a variety of developmental activities designed to meet the physical, cognitive, social, and emotional needs of the children including, but not limited to, the following are provided:
 - (1) Parent, legal guardian, or family member involvement in the care giving, if appropriate.
 - (2) Predictable and consistent daily scheduling that balances the following:
 - (A) Group and individual activities.
 - (B) Active and quiet play.
 - (C) Structured and flexible play.
 - (D) Rest.
 - (E) Eating.

86579 PLANNED ACTIVITIES (Continued)

- (F) Toileting.
- (G) Individual attention to the child by crisis nursery staff.
- (H) Holding, if in the initial assessment plan.
- (3) Opportunity for increasing self-care.
- (4) Preparation for transitions in daily activities and changes in the daily schedule.

HANDBOOK BEGINS HERE

- (A) Following is an example of a goodbye ritual that prepares a child for the transition from a visiting mother to the crisis nursery.

The parent and child settle into a quiet place and the parent reads the child a story. The parent then calls the lead caregiver and the three of them walk to the door together. On the way, they discuss the fact that the parent is leaving and talk about when the parent will return. The lead caregiver remains with the child after the parent leaves and is available to respond to sadness, anger or other emotions expressed by the child. This ritual provides consistency for the child.

HANDBOOK ENDS HERE

- (5) The opportunity to nap or rest without distraction or disturbance from other activities.

86580 CRISIS DAY SERVICES

- (a) Notwithstanding Health and Safety Code Section 1596.80, a crisis nursery may provide crisis day services, as defined in Section 86501(c), for children under six years of age at the same site that it is providing crisis residential overnight services.
 - (1) A child shall not receive crisis day services at a crisis nursery for more than 30 calendar days, maximum of 12 hours per day, or a total of 360 hours, in a six-month period unless the Department issues an exception to allow a child to receive additional crisis day services in a six-month period as specified in Section 86524(e).
 - (2) A child who has been voluntarily placed in a crisis residential overnight program shall be included in the licensed capacity for crisis day services.

86580 CRISIS DAY SERVICES (Continued)

- (b) A crisis nursery offering crisis day services shall be governed by all the provisions in this chapter, including the following:
- (1) The licensee shall maintain, and implement a written procedure to sign the child in and out of the crisis nursery and shall, at a minimum, include the following:
 - (A) The person who brings the child to, and removes the child from, the crisis nursery shall sign the child in and out.
 - (2) The authorized person as specified in Section 86570(b)(5) who signs the child in/out shall use his/her full legal signature and shall record the time of day.
 - (3) The licensee may use LIC 9219A as a sign in and out form.
 - (4) The sign-in and sign-out sheets with the signatures required by this section shall be maintained by the crisis nursery for one month and available to the Department pursuant to Section 86544(d).
 - (5) The licensee shall ensure that children with obvious symptoms of illness including, but not limited to, fever or vomiting, are not accepted.
 - (6) The licensee shall ensure that a written acceptance procedure is developed and implemented and includes the following:
 - (A) No child shall be accepted without contact between crisis nursery staff and the person bringing the child to the crisis nursery.
 - (B) The person bringing the child to the crisis nursery shall remain until the child is accepted.
 1. After the child has been determined to be without obvious signs of illness and has been accepted, the crisis nursery shall require that the person sign the child in.
 - (7) A crisis nursery shall be equipped to isolate and care for any child who becomes ill during the day. The isolation area shall:
 - (A) Be located to afford easy supervision of children by staff.
 - (B) Be equipped with a mat, cot, couch, crib or bed for each ill child.
 - (C) Not be located in the kitchen area or the general-use toilet area.

86580 CRISIS DAY SERVICES (Continued)

- (8) When the child becomes ill enough to require isolation, the licensee shall ensure that every effort is made to immediately notify the child's parent, legal guardian or authorized representative, and shall ask to have the child removed from the crisis nursery as soon as possible.
- (9) Any unusual behavior, any injury or signs of illness requiring assessment or administration of first aid by staff shall be reported to the child's parent, legal guardian or authorized representative and documented and the document placed in the child's file.
- (10) Crisis nursery napping equipment shall meet the following requirements:
- (A) Cots used for napping shall be maintained in a safe condition.
 - (B) Floor mats used for napping shall be:
 - 1. Constructed of foam at least 3/4 inch thick.
 - 2. Covered with vinyl or similar material that can be wiped.
 - 3. Marked or colored so that the sleeping side can be distinguished from the floor side.
 - 4. Wiped with a detergent/disinfectant weekly or when soiled or wet.
 - 5. Maintained in a safe condition with no exposed foam.
 - (C) Each cot or mat shall be equipped with a sheet to cover the cot or mat and, depending on the weather, a sheet and blanket to cover the child.
 - 1. Bedding shall not be shared by different children without first laundering the bedding.
 - 2. Bedding shall be individually stored so that each child's bedding is identifiable and no child's used bedding comes into contact with other bedding.
 - 3. Sheets shall be washed weekly or when soiled or wet.
 - 4. Blankets shall be cleaned or changed when soiled.
 - (D) Napping equipment shall be arranged so that each child has access to a walkway without having to walk on or over the cots or mats of other children.

CHAPTER 7.3 CRISIS NURSERIES
ARTICLE 7. PHYSICAL ENVIRONMENT**

86586 ALTERATIONS TO EXISTING BUILDINGS OR NEW FACILITIES

- (a) Prior to construction or alterations, the licensee shall ensure that the Department is notified of the proposed change.
- (b) The Department shall have the authority to require that the licensee have a building inspection by a local building inspector if the Department suspects that a hazard to the children's health and safety exists.
- (c) Prior to construction or alterations, the licensee shall obtain building permits as required by state or local law.

NOTE: Authority Cited: Section 1530, Health and Safety Code. Reference: Sections 1501, 1516, and 1531, Health and Safety Code.

86587 BUILDING AND GROUNDS

- (a) The crisis nursery shall be clean, safe, sanitary and in good repair at all times for the safety and well-being of the children, staff, and visitors.
 - (1) The licensee shall take measures to keep the crisis nursery free of flies and other insects.
 - (2) The licensee shall ensure the safe disposal of water and other chemicals used for cleaning purposes.
- (b) All children shall be protected against hazards within the crisis nursery through provision of protective devices including, but not limited to, non-slip material on rugs.
- (c) All outdoor and indoor passageways, stairways, inclines, ramps, and open porches shall be kept free of obstruction.
- (d) General permanent or portable storage space shall be available for the storage of crisis nursery equipment and supplies.
 - (1) Crisis nursery equipment and supplies shall be stored in this space and shall not be stored in space used to meet other requirements specified in this chapter.
- (e) Crisis nurseries shall ensure the inaccessibility of pools, including swimming pools (in-ground and above-ground), fixed-in-place wading pools, hot tubs, spas, fish ponds or similar bodies of water through a pool cover, or by surrounding the pool with a fence.
 - (1) Fences shall be constructed so that the fence does not obscure the pool from view and shall meet the requirements of Health and Safety Code Section 115923.

86587 BUILDING AND GROUNDS (Continued)**HANDBOOK BEGINS HERE**

(A) Health and Safety Code Section 115923 provides:

"An enclosure shall have all of the following characteristics:

- (a) Any access gates through the enclosure open away from the swimming pool, and are self-closing with a self-latching device placed no lower than 60 inches above the ground.
- (b) A minimum height of 60 inches.
- (c) A maximum vertical clearance from the ground to the bottom of the enclosure of two inches.
- (d) Gaps or voids, if any, do not allow passage of a sphere equal to or greater than four inches in diameter.
- (e) An outside surface free of protrusions, cavities, or other physical characteristics that would serve as handholds or footholds that could enable a child below the age of five years to climb over."

HANDBOOK ENDS HERE

- (2) Gates shall swing away from the pool, self-close, and have a self-latching device located no more than six inches from the top of the gate.
 - (3) Pool covers shall be strong enough to completely support the weight of an adult, shall be placed on the pool, and locked while the pool is not in use.
 - (4) Where an above-ground pool structure is used as the fence or where the fence is mounted on top of the pool structure, the pool shall be made inaccessible when not in use by removing or making the ladder inaccessible or erecting a barricade to prevent access to decking. If a barricade is used, the barricade shall meet the requirements of Section 86587(e)(1).
 - (5) Fencing for inflatable or other portable plastic wading pools shall have sides low enough for children using the pool(s) to step out unassisted. These pools shall be emptied after each use.
- (f) All in-ground pools, and above-ground pools that cannot be emptied after each use shall have an operative pump and filtering system.
- (g) Disinfectants, cleaning solutions, poisons, and other items that could pose a danger to children as specified on the product label shall be made inaccessible.

86587 BUILDING AND GROUNDS (Continued)

- (1) Storage areas for these items, shall be locked.
 - (2) Medicines shall be stored separately from these items, and as specified in Section 86575(b)(3).
 - (3) These items shall not be stored in food storage areas or in storage areas used by or for children.
 - (4) Firearms and other weapons shall not be allowed onto or stored on the crisis nursery premises.
- (h) Bedrooms shall meet, at a minimum, the following requirements:
- (1) No more than three children shall sleep in a bedroom when only cribs and toddler beds are used.
 - (2) No more than two children shall sleep in a bedroom when a twin bed is used in combination with a crib, toddler bed, or another twin bed.
 - (3) Bedrooms shall be large enough to allow for easy passage and comfortable use of any required assistive devices, including, but not limited to, wheelchairs, between beds and other furniture.
 - (4) Children of the opposite sex shall not share a bedroom unless each child is under five years of age.
 - (5) No room commonly used for other purposes shall be used as a bedroom.
 - (A) Such rooms shall include, but not be limited to, halls, stairways, unfinished attics or basements, garages, storage areas, and sheds or similar detached buildings.
 - (6) No bedroom shall be used as a public or general passageway to another room, bath, or toilet.
 - (7) No child's bedroom shall be used as a napping area by the Crisis Nursery for children receiving crisis day services.
- (i) Stairways, inclines, ramps, and open porches shall have hand railings and gates to prevent unsupervised climbing and shall be well lighted.
- (j) Surfaces accessible to children shall be free of lead paint.
- (k) The licensee shall prohibit smoking in or on the grounds of the crisis nursery.
- (l) Every Crisis Nursery shall have one or more carbon monoxide detectors in the facility that meets the standards established in Health and Safety Code Chapter 8 (commencing with Section 13260) of Part 2 of Division 12

HANDBOOK BEGINS HERE

Health and Safety Code Section 13260 provides:

"This chapter shall be known and may be cited as the Carbon Monoxide Poisoning Prevention Act of 2010."

Health and Safety Code Section 13261 provides:

"The Legislature finds and declares all of the following:

(a) According to the American Medical Association, carbon monoxide is the leading cause of accidental poisoning deaths in the United States. The federal Centers for Disease Control and Prevention estimate that carbon monoxide kills approximately 500 people each year and injures another 20,000 people nationwide.

(b) According to the United States Environmental Protection Agency, a person cannot see or smell carbon monoxide. At high levels carbon monoxide can kill a person in minutes. Carbon monoxide is produced whenever any fuel, such as gas, oil, kerosene, wood, or charcoal, is burned.

(c) The State Air Resources Board estimates that every year carbon monoxide accounts for between 30 and 40 avoidable deaths, possibly thousands of avoidable illnesses, and between 175 and 700 avoidable emergency room and hospital visits.

(d) There are well-documented chronic health effects of acute carbon monoxide poisoning or prolonged exposure to carbon monoxide, including, but not limited to, lethargy, headaches, concentration problems, amnesia, psychosis, Parkinson's disease, memory impairment, and personality alterations.

(e) Experts estimate that equipping every home with a carbon monoxide device would cut accident-related costs by 93 percent. Eighteen states and a number of large cities have laws mandating the use of carbon monoxide devices.

(f) Carbon monoxide devices provide a vital, highly effective, and low-cost protection against carbon monoxide poisoning and these devices should be made available to every home in California.

(g) The Homeowners' Guide to Environmental Hazards prepared pursuant to Section 10084 of the Business and Professions Code is an important educational tool and should include information regarding carbon monoxide. It is the intent of the Legislature that when the booklet is next updated as existing resources permit, or as private resources are made available, it be updated to include a section on carbon monoxide."

Health and Safety Code section 13262 provides:

"For purposes of this chapter, the following definitions shall apply:

(a) 'Carbon monoxide device' means a device that meets all of the following requirements:

(1) A device designed to detect carbon monoxide and produce a distinct, audible alarm.

(2) A device that is battery powered, a plug-in device with battery backup, or a device installed as recommended by Standard 720 of the National Fire Protection Association that is either wired into the alternating current power line of the dwelling unit with a secondary battery backup or connected to a system via a panel.

(3) If the device is combined with a smoke detector, the combined device shall comply with all of the following:

(A) The standards that apply to carbon monoxide alarms as described in this chapter.

(B) The standards that apply to smoke detectors, as described in Section 13113.7.

(C) The combined device emits an alarm or voice warning in a manner that clearly differentiates between a carbon monoxide alarm warning and a smoke detector warning.

(4) The device has been tested and certified, pursuant to the requirements of the American National Standards Institute (ANSI) and Underwriters Laboratories Inc. (UL) as set forth in either ANSI/UL 2034 or ANSI/UL 2075, or successor standards, by a nationally recognized testing laboratory listed in the directory of approved testing laboratories established by the Building Materials Listing Program of the Fire Engineering Division of the Office of the State Fire Marshal of the Department of Forestry and Fire Protection.

(b) 'Dwelling unit intended for human occupancy' means a single-family dwelling, factory-built home as defined in Section 19971, duplex, lodging house, dormitory, hotel, motel, condominium, stock cooperative, time-share project, or dwelling unit in a multiple-unit dwelling unit building or buildings. 'Dwelling unit intended for human occupancy' does not mean a property owned or leased by the state, the Regents of the University of California, or a local governmental agency.

(c) 'Fossil fuel' means coal, kerosene, oil, wood, fuel gases, and other petroleum or hydrocarbon products, which emit carbon monoxide as a byproduct of combustion."

Health and Safety Code Section 13263 provides:

"(a) (1) The State Fire Marshal shall develop a certification and decertification process to approve and list carbon monoxide devices and to disapprove and delist previously approved devices, if necessary. The certification and decertification process shall include consideration of effectiveness and reliability of the devices, including, but not limited to, their propensity to record false alarms. The certification and decertification process shall include a review of the manufacturer's instructions and shall ensure their consistency with building standards applicable to new construction for the relevant type of occupancy with respect to number and placement.

(2) The State Fire Marshal shall charge an appropriate fee to the manufacturer of a carbon monoxide device to cover his or her costs associated with the approval and listing of carbon monoxide devices.

(b) A person shall not market, distribute, offer for sale, or sell any carbon monoxide device in this state unless the device and the instructions have been approved and listed by the State Fire Marshal."

86587.1 OUTDOOR ACTIVITY SPACE

- (a) There shall be at least 75 square feet per child of outdoor activity space based on the total licensed capacity as specified in Section 86528(a)(4).
 - (1) Swimming pools, adjacent pool decking, and natural or man-made hazards shall not be included in the calculation of outdoor activity space.
- (b) Children shall have access to safe outdoor activity space that is free from hazards to life and health.
 - (1) The licensee shall ensure that any construction or equipment that causes a hazardous situation including, but not limited to, incinerators, air-conditioning equipment, water heaters, or fuse boxes, is inaccessible to children.
 - (2) Hazards include, but are not limited to, holes, broken glass, and other debris, and dry grasses that pose a fire hazard.
 - (3) Sandboxes shall be inspected daily and kept free of hazardous foreign materials.
- (c) The areas around and under high climbing equipment, swings, slides and other similar equipment shall be cushioned with material which absorbs falls.
 - (1) Sand, woodchips, pea gravel or rubber mats commercially produced for this purpose, shall be permitted.
 - (2) The use of cushioning material other than that specified in (1) above shall be approved by the Department in advance of installation.
- (d) The licensee ensure that the outdoor activity space with a variety of developmentally appropriate toys and equipment.
 - (1) The equipment shall be age appropriate and used in accordance with the manufacturers' instructions.
- (e) The licensee shall ensure that the outdoor activity area is enclosed with a fence to provide protection for children and to keep them in the outdoor activity area.
 - (1) The fence shall be at least four feet in height.

HANDBOOK BEGINS HERE

- (2) The intent of this requirement is to keep children from leaving unnoticed without creating a hazard to the children. For example, a split rail fence is inefficient at keeping children in and a barbed wire fence presents a hazard. Therefore, both types of fencing are inappropriate.
