CHAPTER 16-000 GENERAL

16-001 GENERAL SYSTEM INFORMATION **16-001**

HANDBOOK BEGINS HERE

- .1 An on-line Electronic Benefit Transfer (EBT) System is an issuance system in which benefits are stored in a central computer database and electronically accessed by cardholders at a POS terminal, ATM, and other electronic fund transfer device utilizing a reusable plastic card.
 - .11 When determined eligible, the recipient's benefit information is electronically loaded each month into a central computer account during the certification period.
 - .12 A magnetic-stripe plastic card is used to access the recipient's account in lieu of issuing food stamp coupons to purchase food items at authorized food retailers or in lieu of issuing cash warrants to purchase goods or services. Cardholders shall use the same EBT card to access food stamp and cash benefit accounts (if the CWD elects to issue cash benefits through the EBT system).
 - .13 The cardholder will access the benefit account by swiping the EBT card through a POS terminal at a retailer for a purchase transaction. The following is a brief general description of the steps of a transaction:
 - .131 Connect on-line to the central processor database;
 - .132 Verify the validity of the Personal Identification Number (PIN), card number and the amount of available benefits in an EBT account;
 - .133 Obtain authorization for each purchase;
 - .134 Initiate the debiting of the recipient's account and the crediting of the retailer's account;

.21 Food Stamp Program

.22 California Food Assistance Program

.3 The EBT system may be used to issue the following:

.31 Upon election of the county, benefits under Chapter 2 (commencing with Section 11200) of Part 3, e.g., CalWORKs benefits

.32 With the approval of the Department, the EBT system may also be used for the distribution of other benefits.

.4 Counties shall implement the Division 16 EBT regulations and other EBT regulations contained in the Manual of Policies and Procedures (MPP), including, but not limited to, MPP Division 20 and Division 44, when the statewide EBT system is implemented in the county.

NOTE: Authority cited: Sections 10077, 10553, 10554, 18904, and 18904.1, Welfare and Institutions Code. Reference: Sections 10065, 10069, 10072(c), 10075.5, and 10077, Welfare and Institutions Code; and 7 CFR 274.12(a) [finalized April 1, 1992], (a), and (g)(3).

16-003 GENERAL INFORMATION

16-003

In administering the regulations in Division 16, the county must comply with all civil rights laws, and the rules, and regulations of Division 21. This provision also applies to contractors and subcontractors performing any and all county functions.

NOTE: Authority cited: Sections 10077, 10553, 10554, 18904, and 18904.1, Welfare and Institutions Code. Reference: Sections 11135 through 11139.5, Government Code.

Each record will direct the EBT system to perform certain functions, such as set up an EBT account, and will provide the necessary data to perform the function. Batch files for each county's batch processing will constitute independent files. These files will be transmitted as available.
- (3) Business Day – Any day that the Federal Reserve Bank of New York is open for business.
- (c) (1) Calculated Net Benefit Issuance – The total issuance by availability date minus any returns.

- (3) EBT Contractor – The entity with which a government entity contracts for the implementation, maintenance and operation of an EBT program.
- (4) EBT Host – The EBT host computer is the central account management component of the EBT system. It is the computer system that is used for processing cardholder transactions, maintaining transaction histories, performing account reconciliation, and conducting settlement, and is the source for all EBT reporting.

---------------	--------------------------------	---------------

- (5) Food Stamp Purchase – A transaction initiated with a card at an FNS retailer that is authorized from a food stamp account, the entire transaction amount of which is for the purchase of products or services permitted under the Food Stamp Program.

- (g) Reserved

- (h) (1) Host-to-host Interface – An interface that provides real-time, on-line access between local office staff and the EBT system. A real-time transaction based link is created between the EBT system and a county or consortia host system. The county or consortia host system reformats and forwards all transaction requests received from the local office to the EBT system, and receives acknowledgements from the EBT system and returns them to the requesting local office terminal. Host-to-host eligibility interface leverages existing networks and equipment and avoids the need for duplicate data entry.

- (i) (1) Interoperable Transaction – A transaction initiated with a card issued by one issuer at a terminal of an acquirer that has an acquirer agreement with an issuer other than that of the issuer that issued the card. Interoperable transactions in the statewide EBT system enable cardholders to use their state EBT card in other EBT project areas such as San Bernardino or San Diego counties or other states.

- (2) Issuer – A depository institution that has entered an agreement with a government entity or prime contractor to undertake the responsibilities of an issuer. The EBT Contractor is the California EBT card issuer and is responsible for approving and settling California EBT benefit transactions.

- (o) (1) Off-line – An EBT system or transaction in which individual purchases are authorized without telecommunication between the POS device or ATM and EBT host. In an "off-line" EBT system, data on recipient account balance is maintained on the access card, and purchase authorization only requires contact between the card and local device.

16-005 DEFINITIONS (Continued)

 - .36 If the return file has error code edits from the EBT Contractor, the county must correct the error.

.541 The county shall be responsible for resolving reconciliation disputes and problems that arise in connection to the EBT system and shall document the reason for the discrepancy. The county shall continue without delay to carry out all of its respective responsibilities while attempting to resolve the dispute.

.55 The county shall validate all issuances and return data in the Statewide Automated Reporting System (SARS) on a daily basis and research any variances that occur.

16-410 **FOOD STAMP AND CASH RECONCILIATION PROCESS (Continued)** **16-410**
