EMERGENCY CHILD CARE BRIDGE PROGRAM FOR FOSTER

CHILDREN (BRIDGE PROGRAM)

The purpose of this letter is to inform County Welfare Departments participating in the Emergency Child Care Bridge Program for Foster Children (Bridge Program) in Fiscal Year 2018-19 of revisions to the Emergency Child Care Bridge Program for Foster Children (Bridge Program) Monthly Status Report CCB 18 (7/18). In addition to language and formatting changes, the revised CCB 18 (7/18) report has been modified to a monthly submission.

Background

Effective January 1, 2018, the Bridge Program became a new component of the California Work Opportunity and Responsibility to Kids (CalWORKs) program and is housed under the Family Engagement and Empowerment Division in the CalWORKs and Child Care Branch. The goals of the Bridge Program are to increase the number of children placed in foster family homes, increase placement stability, increase the capacity of child care programs to meet the needs of foster children in their care, and maximize funding to support the child care needs of eligible families.

ALL COUNTY WELFARE DIRECTORS LETTER Page Two

The CCB 18 report includes data on Bridge Program voucher eligibility and enrollment, type of voucher placements and child care settings, the length of time receiving voucher, and transition information. The data also includes the number of families referred and served by child care navigators and the number of trauma-informed care trainings held.

Summary of Changes

Below is an overview of the major changes that have been made to the CCB 18 (7/18) report and instructions.

- The CCB 18 report has been revised to be a monthly report rather than a quarterly report.
- The report due date changed to the 5th calendar day of the second month following the report month (i.e., January's report is due on March 5th).
- The age categories are referenced in the Part B narrative rather than being written out in every item's instructions.
- Part B has two columns for data collection: Parenting Youth and Children.
- Item 6 (Of the children in Item 5, those receiving child care with a Bridge Program voucher for the first time) has been changed to only be collected the first time a child receives a Bridge Program voucher. Data in this item will only be collected one time per child.
- Item 15 (Children that stopped receiving a Bridge Program voucher for other reasons) and the Item 15 Explanation box have been added to the CCB 18 report.

Completion and Submission

To complete the electronic form, counties are to download a copy of the accessible CCB 18 form from the <u>California Department of Social Services</u>, <u>Data Systems and Survey Design Bureau (DSSDB) website</u>. The electronic form contains the report form and links to the instructions and validations. All participating counties are required to submit the report via e-mail to the designated <u>CCB 18 report inbox</u> by the 5th calendar day of the second month following the report month. The CCB 18 form, instructions, and validations are attached in PDF format as reference material.

Due to the timing of this notification, the July 2018 report will be due October 5, 2018, which is the same date that the August 2018 report is due. Each report must be submitted as a separate submission.

EMERGENCY CHILD CARE BRIDGE PROGRAM FOR FOSTER CHILDREN (BRIDGE PROGRAM) CCB 18 (7/18)

INSTRUCTIONS

CONTENT

The monthly CCB 18 report contains statistical information on the Emergency Child Care Bridge Program for Foster Children (Bridge Program) during the report month. The report includes data on Bridge Program voucher eligibility and enrollment, type of voucher placements and child care settings, the length of time receiving a voucher, and transition information. The data also includes the number of families referred and served by child care navigators and the number of trauma-informed care trainings held.

Each county provides program oversight of the Bridge Program. Some counties may contract with the Alternative Payment Programs (APP) to administer the child care voucher payment. The training and navigator portions are subcontracted to the local child care Resource and Referral (R&R) Agency.

PURPOSE

The Bridge Program aims to increase the number of children placed in foster family homes, increase the capacity of child care programs to meet the needs of foster children in their care, and maximize funding to support the child care needs of eligible families. This report provides county and state entities with information needed for budgeting, staffing, program planning, and other purposes.

COMPLETION AND SUBMISSION

Each county is responsible for ensuring that this report is fully and accurately completed. If portions of the report are completed by more than one entity within the county and/or outside agencies, the contact person responsible for submitting the report to the state shall review the report for completeness and accuracy prior to submittal. Reports are to be received on or before the 5th calendar day of the second month following the report month (i.e., January's report would be due March 5th). If the report's due date is on a Saturday, Sunday, or state holiday, the report is due on the next business day.

If the county determines that a revision is needed to its previously submitted report, the county shall submit a revised report for the applicable month(s) and provide an explanation for the revision in the Revised Report Explanation box. The California Department of Social Services' (CDSS) policy requires counties to revise current State Fiscal Year (FY) reports, and two prior FYs, if needed. Revisions involving additional FYs will be evaluated by CDSS and the county to determine the corrections needed.

Download an Excel version of the report form from CDSS, Data Systems and Survey Design Bureau (DSSDB), complete the downloaded form, and e-mail to the designated CCB 18 report inbox. The electronic submission process contains automatic computations of some cells and provides for the e-mail transmission of completed forms to DSSDB. The website contains specific instructions and guidance. If you have questions regarding the completion or submission of this report, contact DSSDB at (916) 651-8269 or via the CCB 18 report inbox.

The report's statewide and county specific data is available on the <u>CDSS</u>, <u>Research and Data Reports (RADR) website</u>. Counties are encouraged to review their data on the website each month to confirm that the county's data coincides with the data on file at CDSS. For reference purposes, copies of the report form, instructions, and validations can be downloaded from the <u>RADR</u> website.

For the purposes of this report, use January 1, 2018 as the start date of the Bridge Program.
